**RE: NEW AEFI REPORT FORM AND USER GUIDE**

Dear Health Care Provider:

Manitoba Health, Seniors and Active Living (MHSAL) has revised the Adverse Events Following Immunization (AEFI) report form. **Henceforth, please use this new, revised form when reporting AEFIs.**

The form and user guide can be downloaded from <http://www.gov.mb.ca/health/publichealth/cdc/div/aeфи.html> (look under **Manitoba Health Resources**).

As with the old report form, the new form is a fillable pdf and may be saved along with information typed in. *Rather than printing a blank form then completing by hand, it is recommended that the form be completed electronically.*

The format of the report form is drastically different from that of the old form in order to conform to the lay-out of the new provincial immunization registry, where AEFI reports will be recorded in association with immunization records. *Thus, it is imperative that this new form be used instead of the old one going forward.*

If you have any further questions regarding reporting AEFIs, please do not hesitate to contact MHSAL at 204-788-6737.

Sincerely,

*"Original Signed By"*
