Pratisara Bajracharya  
Pesticide Licensing  
Box 1149, 65-3rd Avenue NE  
Carman, MB R0G 0J0  
Pratisara.Bajracharya@gov.mb.ca

All commercial pesticide applicators in Manitoba are required to have a valid Manitoba Pesticide Applicator Licence. Applicators must provide Manitoba Agriculture with proof of certification (training) and general liability and pesticide drift insurance to be eligible for a licence. Licensed applicators are expected to apply pesticides in a safe, responsible and professional manner.

It is a finable offence under *The Pesticides and Fertilizers Control Act* to operate as a commercial pesticide applicator without a valid Manitoba Pesticide Applicator Licence.

Licensed pesticide applicators can be investigated under the Act if they have acted in negligent, unprofessional or unsafe manner. The investigation includes validation of the applicator's licence and licence requirements and review of pesticide application records. Applicators may have their licence suspended if they have been investigated before.

In the course of an investigation, a complaint may be referred to another regulatory agency, such as Manitoba Department of Sustainable Development, Health Canada or Transport Canada, if the investigator feels it falls under their jurisdiction.

Have you contacted the applicator (or company)?  Yes  No

Have you submitted samples to Crop Diagnostic Centre for visual analysis?  Yes  No

Name of the person submitting samples to Crop Diagnostic Centre

**Manitoba Agriculture recommends the complainant contact the applicator before proceeding with a regulatory complaint as the applicator may be unaware of the situation.**

Name of applicator

Name of company

Incident location

Date and time of incident

Pesticide applied

Equipment used\*

\*if an aerial applicator was involved, indicate the registration number located on the underside of the plane wing.

Wind speed during incident

Additional information (attach pages if necessary):

Provide a sketch of the area where the incident occurred:

**CERTIFICATION BY COMPLAINANT**

I certify that the above form accurately represents the information available to me at this time.
