

Environment Act Licence

Manitoba
Environment

Licence No. 1349
Issue Date APRIL 23, 1990

In accordance with the Manitoba Environment Act (C.C.S.M. c. E125)

THIS LICENCE IS ISSUED TO:

STAGE 1 LICENCE

MANITOBA HYDRO; APPLICANT

The following terms and conditions shall be complied with in connection with the construction and operation of the Cross Lake Weir Remedial Control Structure at the Centre and Right Outlet Channels from Cross Lake:

1. The applicant shall ensure that the Cross Lake Weir Remedial Control Structure is constructed in accordance with The Environment Act Proposal dated December 4, 1989 (including transmitted documents as submitted on December 18, 1989).
2. The applicant shall advise the Director of the final design of mitigation works and measures prior to commencing construction.
3. The applicant shall ensure the monitoring, reporting and management of potential weir related impacts and adverse effects is carried out as a bi-lateral, community-based effort, and that results of these efforts are reported in a form and format acceptable to the Director.
4. This licence shall be subject to the terms and conditions of the Northern Flood Agreement.
