

# TABLE OF CONTENTS

## Introduction & My Farm Plan

### Section A – Natural Risks

- A1. Soil and Site Characteristics and Resource Package

### Section B – Management Risks

#### Farmstead Site

- B1. Water Source Protection and Management
- B2. Feed Storage
- B3. Nuisance Control
- B4. Fertilizer Storage and Handling
- B5. Pesticide Storage and Handling
- B6. Storage of Petroleum Products
- B7. Management of Farm Wastes, Mortalities and Hazardous Products
- B8. Livestock Facilities and Wintering Sites
- B9. Storage and Transport of Livestock Manure

#### Field Site

- B10. Soil Management
- B11. Commercial Fertilizer Management for Crop Production (Nutrient Management)
- B12. Pest Management (Crop and Livestock)
- B13. Field Crop Management
- B14. Horticultural Production
- B15. Pasture Management
- B16. Water Bodies, Natural Areas and Biodiversity
- B17. Drainage and Irrigation
- B18. Manure Application (Livestock and Off-Farm Sources)
- B19. Energy Efficiency

### Section C – My Environmental Farm Plan

### Glossary
