

MANITOBA HYDRO - ACCESS TO INFORMATION REQUESTS LIST**Week of: July 17 to July 23, 2025**

Date of Request	Records Requested
2025-07-17	<p>Bipoles I and II - Transmission Line Right of Way Payments</p> <p>I would like to request information from Manitoba Hydro in regards to the payments made by Manitoba Hydro to individual land owners for the rights of way required for Bipoles I and II (late 1960s and early 1970s). Specifically, I am looking for an approximate of the rates per acreage paid by Manitoba Hydro to individual land owners if the Bipole transmission lines ran through their property. We are not looking for information for every single right of way transaction but rather would like to see some examples of the prices paid to individual land owners between Grand Rapids and Portage La Prairie for the transmission line rights of way required for Bi-poles I and II. [sic]</p> <p>Date range Late 1960s and early 1970s</p>
2025-07-23	<p>Any incident reports or documentation about a member of the public (non-Hydro employee) suffering injuries and/or a fatality in connection to Manitoba Hydro equipment, be it while attempting to steal wires/transformer equipment or otherwise, over the last five years.</p> <p>Date range July 1, 2020 to July 1, 2025</p>
