

Information Bulletin - Supplementary Pesticide Disposal & Empty Container Guidelines

THE INFORMATION PRESENTED BELOW IS TO PROVIDE INFORMATION ON THE PROPER DISPOSAL OF PESTICIDES AND PESTICIDE CONTAINERS IN THE PROVINCE OF MANITOBA.

DOMESTIC PESTICIDE WASTE & CONTAINER MANAGEMENT - CITY OF WINNIPEG

Containers with unused pesticides, and/or empty containers in Manitoba can be recycled through the Household Hazardous Waste Disposal program in the City of Winnipeg.

Location: Miller Environmental Corporation
1803 Hekla Avenue
Phone: (204) 925-9615

Open from 9 a.m. - 4 p.m. on the first and last Saturday of each month from April to September.
Open from 9 a.m. - 4 p.m. on the first Saturday of each month from October to March.

In addition, Green Manitoba offers an appointment system to book a drop-off time for Wednesdays and Thursdays. For telephone bookings, call Miller Environmental at 925-9600.

or Call 311 in The City of Winnipeg

DOMESTIC PESTICIDE WASTE & CONTAINER MANAGEMENT - OUTSIDE OF WINNIPEG

Annually campaigns for the collection of domestic household hazardous wastes (including pesticides) are planned. The 2009 campaigns are planned as follows:

City of Brandon
Saturday October 10, 2009
10:00 am to 2 p.m.
Location: City Works Garage
Contact the City of Brandon for more information.

Town of The Pas
Wednesday September 23
4:00 pm to 8:00 pm
Location: Municipal Office
Contact the Town of The Pas for more information.

COMMERCIAL/RESTRICTED PESTICIDES

Empty triple rinsed containers in Manitoba can be taken to municipal pesticide container collection sites or returned to certified Agrichemical Warehousing Standards Association (AWSA) sites.

Unused, obsolete or unregistered pesticides should be disposed of by a licensed hazardous waste handling facility.

CropLife Canada in partnership with the Government of Manitoba has jointly sponsored the CleanFarms program in Manitoba (2008 being most recent). The CleanFarms program allows producers to dispose of any unwanted or obsolete pesticide products free of charge.

For more information:
CropLife Canada
www.croplife.ca

OVERSIZED PESTICIDE CONTAINERS

Pesticide containers which are oversized (over 23 litres) that are not accepted at the local municipal collection sites can be returned to where the product was purchased that has Agrichemical Warehousing Standards Association certification (AWSA).

****REMEMBER WHEN RETURNING EMPTY CONTAINERS...**

Empty, triple rinse, remove lids and label booklets!
