

Notice of Proposed Amendments to *The Incinerators Regulation* and *The Classes of Development Regulation* under *The Environment Act*

Manitoba Conservation is proposing amendments to *The Incinerators Regulation* that include, but are not limited to, establishing a permit process for standard thermal treatment systems and providing additional air quality protection.

Manitoba Conservation is proposing amendments to *The Classes of Development Regulation* that include, but are not limited to, adding commercial composting and landfill gas collection facilities as Class One Developments.

For a complete list of the proposed amendments, please visit:

<http://www.gov.mb.ca/conservation/eal/news.html>

Anyone who wishes to make a representation either for or against the proposed amendments should contact the Department, in writing or by E-mail (ryan.coulter@gov.mb.ca), not later than September 30, 2010. Further information is available by contacting Ryan Coulter, Environmental Engineer at 945-7023.
