Dear Mr. Halowski:

**Re: Winpak Ltd. – Notice of Alteration**

Thank you for the Notice of Alteration (NoA) submitted on October 4, 2017 that proposes the following alterations at the Winpak facility located at 100 Saulteaux Crescent in Winnipeg:

1. Equipment layout rearrangement without any change to the building footprint.
2. Addition of one new slitter that does not result in VOC emission.
3. Addition of one new Multiwin 5 Machine that does not result in VOC emission.
4. Addition of an exhaust system for extruder heat removal

I have concluded that the environmental effects from the NoA are insignificant; therefore, in accordance with Section 14(2) of The Environment Act you are hereby authorized to carry out the proposed alteration as described in the October 4, 2017 NoA.
