SUBJECT: Penner International DGHT Application – File 5797.00

Environmental Compliance and Enforcement (Eastern Region) has reviewed the above noted DGHT Application and would like to provide the following comments for consideration.

1. Are any additional safety measures being considered to ensure that the parked trailers are appropriately separated/protected from other potentially reactive substances stored in other trailers?
2. Will staff be provided with additional training in the handling of hazardous materials and incident response with respect to waste batteries?
