Mr. Jim Arkle
Director, Safety & Driver Services
Penner International Inc.
20 HWY 12 North
Steinbach MB R5G 1B7

Dear Mr. Arkle:

**Re: PENNER INTERNATIONAL INC. – DGHTA LICENCE PROPOSAL – WASTE
BATTERY STORAGE FACILITY - FILE: 5797.00**

The initial review of Penner International Inc. *Dangerous Goods Handling and Transportation Act* (DGH&T Act) proposal for a waste battery storage facility has been completed.

I am herewith enclosing the following comment received from the Technical Advisory Committee (TAC) members for your response:

- Environmental Compliance & Enforcement Branch, Manitoba Conservation & Water Stewardship

The DGH&T Act /EA review process will continue upon receipt of your response.

If you have any questions in this regard, please contact the undersigned at (204) 945-7086 or e mail at raj.rathamano@gov.mb.ca.

Yours sincerely,

“Original signed by Raj Rathamano”

Raj Rathamano

Hazardous Waste Program Specialist/
Environment Officer

PENNER INTERNATIONAL INC. – DGHTA LICENCE PROPOSAL – FILE: 5797.00

Comment received from the Technical Advisory Committee (TAC) for information

Environmental Compliance & Enforcement Branch, Manitoba Conservation & Water Stewardship – November 17, 2015

Memorandum

DATE: November 17, 2015

TO: Raj Rathamano, Hazardous Waste
Program Specialist
Environmental Approvals Branch
Conservation and Water Stewardship
160-123 Main Street
Winnipeg MB R3C 1A5

FROM: Eastern Region
Environmental Compliance and Enforcement
Conservation and Water Stewardship
Unit B – 284 Reimer Ave
Steinbach MB R5G 0R5

SUBJECT: Penner International DGHT Application – File 5797.00

Environmental Compliance and Enforcement (Eastern Region) has reviewed the above noted DGHT Application and would like to provide the following comments for consideration.

1. Are any additional safety measures being considered to ensure that the parked trailers are appropriately separated/protected from other potentially reactive substances stored in other trailers?
2. Will staff be provided with additional training in the handling of hazardous materials and incident response with respect to waste batteries?
