

Manitoba Business Gateway Dauphin

Access to business and employment programs
and services for Manitobans

The **Manitoba Business Gateway – Dauphin** is a resource centre providing information and referrals for a wide range of business and employment information and services.

The **Business Gateway** is another step toward the Manitoba government's goal of making the province's business and employment information and services easier to find, easier to understand and easier to use – whether accessed online, by phone or in person.

Skills development, streamlining business and employment services and removing barriers for business are just some of the areas that the Manitoba government has identified as important to ongoing business competitiveness.

The **Manitoba Business Gateway – Dauphin** provides information and referrals for a variety of business and employment needs, including:

- **Starting a business**
- **Regulations, registrations, licences and permits**
- **Taxation and tax incentives**
- **Financial programs**
- **Market research, marketing and planning**
- **Business planning and feasibility assessment**
- **Recruiting, retaining, training and managing employees**
- **Skills development**
- **Industry and market specialists**
- **Business expansion and growth**
- **Exporting**
- **Doing business with government**
- **Workers Compensation Board of Manitoba (WCB)**
- **Manitoba Companies Office**
- **Innovation and technology commercialization**

Specific services and initiatives that can be accessed through the Manitoba Business Gateway – Dauphin include:
