Winnipeg is changing and growing. These changes bring new opportunities, challenges and expectations that require a new 25-year citywide plan – proposed to be called OurWinnipeg. This new plan will impact the future of the city, as well as our day-to-day experiences of transportation, housing choices, and recreation, just to mention a few.

Come and help shape Winnipeg's future! You will get a chance to hear about the OurWinnipeg process, see how your input will become part of the plan, and how you can continue to be involved. There will be a small group session to discuss and share your vision for the future of Winnipeg, and time to 'report back' to the group.

1. Caregivers of people with disabilities and older adults

June 11, 2009 7 – 9 pm Millenium Library – Buchwald Room

2. First session for persons with disabilities including older adults

June 16, 2009 5 – 8 pm Millenium Library–Buchwald Room

3. An alternative date/time for persons with disabilities including older adults

June 24, 2009 7 – 9 pm Millenium Library – Buchwald Room

The Millennium Library is located at 251 Donald at the corner of Donald and Graham and the Buchwald Room is on the second floor. The attached letter provides additional information about these workshops.

The roundtable is a chance to discuss three questions: **Where are we now? Where do we want to go? How are we going to get there?** for the City overall, and in the specific areas of transportation, recreation, housing, neighbourhoods and business. What can we do right now, and over the next 25 years, to make this the city you want to see?
