

PROVINCE OF MANITOBA
(Canada)
U.S.\$2,500,000,000
Euro Medium Term Note Programme

The Province of Manitoba (the “**Issuer**” or the “**Province**”) has established a Euro Medium Term Note Programme, (the “**Programme**”). The Programme is described in this Offering Memorandum. This Offering Memorandum supersedes any previous prospectus or offering document in relation to the Programme. Any Notes, as defined below, issued under the Programme on or after the date of this Offering Memorandum are issued subject to the provisions herein. This Offering Memorandum does not affect any Notes already issued.

Under this Programme, subject to compliance with all applicable laws, regulations and directives, the Issuer may from time to time issue Notes (the “**Notes**”) denominated in any currency agreed by the Issuer and the relevant Dealer (as defined below). The Notes will have maturities as determined from time to time. The maximum aggregate nominal amount of all Notes from time to time outstanding shall not exceed U.S.\$2,500,000,000 (or its equivalent in other currencies), calculated as described herein.

The Notes will be issued on a continuing basis to one or more of the dealers named herein (each a “**Dealer**” and together the “**Dealers**”, which expression shall include any additional person appointed by the Province as a dealer under the Programme from time to time either for a specific issue or on an ongoing basis).

Application has been made to the Luxembourg Stock Exchange for Notes issued under the Programme during the period of twelve months following the date of this document to be admitted to the official list of the Luxembourg Stock Exchange and admitted to trading on the Euro MTF market of the Luxembourg Stock Exchange (the “**Euro MTF Market**”). The Euro MTF Market is not a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2004/39/EC) (“**MiFID**”). The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such further or other stock exchanges or markets as the Issuer and the relevant Dealer(s) (as defined herein) may agree as specified in the applicable Pricing Supplement (as defined herein), subject to compliance with all applicable laws and the rules of such stock exchange. The applicable Pricing Supplement will specify whether the Notes are to be listed or will be unlisted Notes.

This Offering Memorandum is a “prospectus” for the purposes of admission to listing on the Official List of the Luxembourg Stock Exchange and admission to trading of the Notes on the Euro MTF Market in accordance with the rules and regulations of the Luxembourg Stock Exchange and Part IV of Luxembourg law dated July 10th, 2005 on prospectuses for securities, as amended. **THIS DOCUMENT DOES NOT CONSTITUTE A PROSPECTUS FOR THE PURPOSES OF ARTICLE 5.4 OF DIRECTIVE 2003/71/EC (AS AMENDED, INCLUDING BY DIRECTIVE 2010/73/EU) AND INCLUDING ANY RELEVANT IMPLEMENTING MEASURE IN A RELEVANT MEMBER STATE OF THE EUROPEAN ECONOMIC AREA (THE “PROSPECTUS DIRECTIVE”).**

See the section entitled “*Risk Factors*” at page 9 hereof for a discussion of risks that should be considered in connection with an investment in certain types of Notes which may be offered under the Programme.

IMPORTANT NOTICES

RESPONSIBILITY

The Issuer accepts responsibility for the information contained in this Offering Memorandum. To the best of the knowledge and belief of the Issuer, having taken all reasonable care to ensure that such is the case, the information contained in this Offering Memorandum is in accordance with the facts and contains no omission likely to affect the import of such information.

OTHER RELEVANT INFORMATION

This Offering Memorandum is to be read in conjunction with any supplements issued from time to time and all documents deemed incorporated herein, and in any such supplement, by reference (see *“Documents Incorporated by Reference”*) and shall be read and construed on the basis that such documents are so incorporated and form part of this Offering Memorandum. Any reference herein to Offering Memorandum means this document together with the documents incorporated by reference herein. This document will, in relation to each Tranche of Notes issued under the Programme, be supplemented, modified or replaced by a pricing supplement (the **“Pricing Supplement”**). In relation to any Tranche of Notes, this Offering Memorandum should also be read and construed together with the applicable Pricing Supplement.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (**“MiFID II”**); (ii) a customer within the meaning of Directive 2002/92/EC (**“IMD”**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (the **“PRIIPs Regulation”**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

NOTICES REGARDING OFFERS IN THE EUROPEAN ECONOMIC AREA

This Offering Memorandum has been prepared on the basis that all offers of Notes in any member state (the **“Member States”** and each, a **“Member State”**) of the European Economic Area which has implemented the Prospectus Directive (each, a **“Relevant Member State”**) will be made pursuant to an exemption under the Prospectus Directive (to the extent implemented in that Member State and including any relevant implementing measure in that Member State), from the requirement to produce or publish a prospectus for offers of Notes. Accordingly, any person making or intending to make any offer within a Relevant Member State of the Notes which are the subject of an offering contemplated in this Offering Memorandum as completed, supplemented or modified by the applicable Pricing Supplement in relation to those Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to produce or publish a prospectus pursuant to Article 3 or supplement a prospectus pursuant to Article 16 of the Prospectus Directive in relation to such offer and none of the Issuer nor any

Dealer has authorised, nor do they authorise, the making of an offer of Notes in any other circumstances.

In relation to Notes which are to be offered to the public in a Relevant Member State in circumstances which would otherwise require publication of a prospectus in accordance with the Prospectus Directive, such Notes shall have a minimum denomination of not less than EUR100,000 (or its equivalent in other currencies).

Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of the Notes through any financial intermediary, other than offers made by the relevant Dealers which constitute the final placement of the Notes contemplated in the applicable Pricing Supplement.

If and to the extent that this Offering Memorandum is communicated in, or an offer of Notes under the Programme is made in, any Relevant Member State this Offering Memorandum and the offer are only addressed to and directed at persons in that Member State who are qualified investors within the meaning of the Prospectus Directive (or who are other persons to whom the offer may lawfully be addressed) and must not be acted upon by other persons in that Relevant Member State. The Issuer does not consent to the use of this Offering Memorandum in any other circumstances.

UNAUTHORISED INFORMATION

No person has been authorised to give any information in connection with the offering, distribution or sale of the Notes or regarding the Issuer other than as contained in this Offering Memorandum or to make any representation not contained in or not consistent with this Offering Memorandum or any other information supplied by the Issuer in connection with this Offering Memorandum or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Arranger or any Dealer.

CURRENCY OF INFORMATION

None of the Arranger, the Dealers or any of their affiliates has authorised the whole or any part of this Offering Memorandum. Neither the delivery of this Offering Memorandum or any Pricing Supplement nor the offering, sale or delivery of any Notes shall, in any circumstances, create any implication that the information contained in this Offering Memorandum is true subsequent to the date hereof, or the date upon which this Offering Memorandum has been most recently amended or supplemented, or that there has been no adverse change in the prospects or financial situation of the Issuer since the date hereof, or, as the case may be, the date upon which this Offering Memorandum has been most recently amended or supplemented or that any other information supplied in connection with the Programme or the Notes is correct as at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

INDEPENDENT EVALUATION

Neither the Arranger nor any Dealer has separately verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Arranger or any Dealer or any of their respective affiliates with respect to the accuracy or completeness of the information contained in this Offering Memorandum or any other information provided by the Issuer in connection with the Programme or the Notes. Neither the Arranger nor any Dealer accepts any liability in relation to the information contained in this Offering Memorandum or any other information provided by the Issuer in connection with this Offering Memorandum or

the Notes. Each potential investor in Notes should determine for itself the relevance of the information contained in this Offering Memorandum and its purchase of Notes should be based upon such investigation as it deems necessary.

The Arranger and the Dealers expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated in this Offering Memorandum or to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Arranger or the Dealers.

None of this Offering Memorandum, any of the information incorporated by reference or any other information supplied in connection with the Programme or the Notes are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer, the Arranger or any Dealer that any recipient of this Offering Memorandum, any information incorporated by reference or any other information supplied in connection with this Offering Memorandum or the Notes, should purchase any of the Notes. Each investor contemplating purchasing any of the Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. None of this Offering Memorandum, any information incorporated by reference or any other information supplied in connection with this Offering Memorandum or the Notes constitutes an offer or invitation by or on behalf of the Issuer, the Arranger or any Dealer to any person to purchase any of the Notes.

RESTRICTIONS ON USE AND DISTRIBUTION

This Offering Memorandum does not constitute, and may not be used for the purposes of, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation. The distribution of this Offering Memorandum and any Pricing Supplement and the offer or sale of the Notes may be restricted by law in certain jurisdictions. Persons into whose possession this Offering Memorandum, any Notes or any other offering material come must inform themselves about, and observe, any such restrictions (see "*Subscription and Sale*"). In particular, no action has been taken by the Issuer or any Dealer that would permit a public offering of the Notes or the distribution of this Offering Memorandum in any jurisdiction where any such action is required. The Notes may not be offered or sold, directly or indirectly, and neither this Offering Memorandum nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with all applicable laws and regulations.

The Notes have not been and will not be registered under the United States Securities Act of 1933 as amended (the "**Securities Act**") or with any securities regulatory authority of any state or other jurisdiction of the United States and include Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to or for the account of U.S. persons (as defined in Regulation S under the Securities Act). For a description of these and certain further restrictions on offers, sales and deliveries of the Notes and distributions of this Offering Memorandum and other offering material relating to the Notes and any related Pricing Supplement (see "*Subscription and Sale*").

ISSUANCE AND FORMS OF NOTES

Notes will be issued in a series (each a "**Series**") having one or more issue dates. All Notes of the same Series will have identical terms, or terms identical other than in respect of the issue price and the first payment of interest. Each Series may be issued in tranches (a "**Tranche**") on different issue dates and at different prices.

Notes will be issued in bearer form. The Notes of each Tranche will either initially be represented by one or more temporary global Notes or, if the Notes have a maturity of one year or less or if otherwise agreed between the Issuer and the relevant Dealer, by a permanent global Note, which, in either case (i) if the global note is intended to be issued in new global note (“NGN”) form as specified in the applicable Pricing Supplement, will be deposited with a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank S.A./N.V. (“**Euroclear**”) and/or Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”) and (ii) if the global Note is not intended to be issued NGN form as specified in the applicable Pricing Supplement (such note being issued in classic global note form, and herein a “CGN”), will be deposited with a common depository on behalf of Euroclear and/or Clearstream, Luxembourg and such other clearing system as otherwise agreed, as further described under “*Issue Procedures*” herein. Beneficial interests in a temporary global Note will be exchangeable for beneficial interests in a permanent global Note or, if so specified in the applicable Pricing Supplement, for definitive Notes only in the manner and upon compliance with the procedures described under “*Issue Procedures*”. Beneficial interests in a permanent global Note will, if so specified in the applicable Pricing Supplement, be exchanged for definitive Notes upon compliance with certain procedures.

The Issuer may agree with any Dealer that Notes may be issued in a form or with terms not contemplated by or not fully set out in the Terms and Conditions or the form of Pricing Supplement set out herein.

DEFINITIONS

In this Offering Memorandum, references to “**Cdn.\$**” are to Canadian dollars, references to “**U.S. dollars**” and “**U.S.\$**” are to United States dollars, references to “**euro**” and “**€**” are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended, references to “**sterling**” and “**£**” are to United Kingdom pounds sterling and references to “**yen**” are to Japanese yen. References herein to the “**European Economic Area**” or “**EEA**” are to the Member States of the European Union together with Iceland, Norway and Liechtenstein.

STABILISATION

In connection with the issue of any Tranche of Notes under the Programme, a Dealer or Dealers named in the applicable Pricing Supplement (the “**Stabilising Manager(s)**”) (or persons acting on behalf of the Stabilising Managers(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or persons acting on behalf of the relevant Stabilising Manager(s)) in accordance with all applicable laws and rules.

The Programme has been rated AA- by S&P Global Ratings, acting through Standard & Poor’s Ratings Services (Canada), a business unit of S&P Global Canada Corp. (“**Standard & Poor’s**”) and Aa2 by Moody’s Canada Inc. (“**Moody’s**”). In addition, the Issuer has received

a rating of AA- by Standard & Poor's, A(high) by DBRS Limited ("**DBRS**") and Aa2 by Moody's.

Tranches of Notes to be issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, such rating may be specified in the applicable Pricing Supplement. Such ratings will not necessarily be the same as the ratings assigned to the Programme, the Issuer or any Notes already issued.

Zero Coupon Notes: Zero Coupon Notes will be sold at a discount to their nominal amount and will not bear interest other than in relation to interest

due after the Maturity Date.

Other Notes:

Terms applicable to Partly Paid Notes, Instalment Notes and any other type of Note to be issued by the Issuer will be agreed between the Issuer and the relevant Dealer and specified in the applicable Pricing Supplement.

Redemption and Purchase:

Except as provided in the immediately following paragraphs, Notes will not be redeemable prior to their stated maturity except for taxation reasons or following an Event of Default.

The applicable Pricing Supplement relating to each Tranche of Notes will indicate whether the Notes can be redeemed prior to their stated maturity or that such Notes will be redeemable at the option of the Issuer ("**Issuer Call Option**") and/or the Noteholders ("**Noteholder Put Option**") upon giving not more than 60 days' nor less than 30 days' irrevocable notice (or such other notice period (if any) as is indicated in the applicable Pricing Supplement) to the Noteholders or the Issuer as the case may be on a date or dates specified prior to such stated maturity and at a price or prices and on such terms as are indicated in the applicable Pricing Supplement.

Notes which are Instalment Notes may be repayable in two or more instalments of such amounts and on such dates as indicated in the applicable Pricing Supplement.

Notes denominated in certain currencies may not be redeemed or purchased prior to any minimum time as may be required from time to time by the relevant monetary authority. Notes with a maturity of less than one year may be subject to restrictions on their denomination and distribution. See "*Regulatory Matters*" above.

Denomination of Notes:

Notes will be issued in such denominations as agreed by the Issuer and the Relevant Dealer and as indicated in the applicable Pricing Supplement subject to such minimum denomination as may be allowed or required from time to time by the relevant central bank (or equivalent body, however called) or any laws or regulations applicable to the Issuer or to the relevant currency. See "*Regulatory Matters*" above.

For so long as the relevant Notes are represented by a Global Note and the relevant clearing system(s) so permit, the Notes, if specified in the applicable Pricing Supplement, may be tradeable only in the Specified Denomination and integral multiples of nominal amounts less than an integral multiple of the Specified Denomination in addition thereto.

Taxation:

All payments in respect of the Notes will be made by the Issuer without withholding or deduction for, or on account of, any

present or future taxes, duties, assessments or charges of whatsoever nature imposed or levied by or on behalf of the government of Canada or any political subdivision thereof, or any authority or agency therein having power to tax, unless such taxes, duties, assessments or charges are required by law or by the administration or official interpretation thereof to be withheld or deducted. In that event, subject to customary exemptions, the Issuer will pay such additional amounts as will result in the holder of Notes or Coupons receiving such amounts as they would have received in respect of such Notes or Coupons had no such withholding or deduction been required, save as mentioned in “*Terms and Conditions of the Notes – Taxation*” herein.

Status of the Notes: The Notes will constitute legal, valid and binding, direct, unconditional and unsecured obligations of the Issuer. Payments of principal of and interest on the Notes shall be charged upon and payable out of the Consolidated Fund of Manitoba. The Consolidated Fund of Manitoba is the fund into which all public moneys of the Province of Manitoba, however arising or received, are paid. The Notes will rank *pari passu* amongst themselves and equally with all other unsecured debentures, bonds, notes or other similar securities constituting general obligations of the Issuer.

Cross Default: None.

Negative Pledge: If the Issuer shall at any time secure any other debenture, bond or note of the Issuer by any lien, pledge or other charge upon any of its present or future assets or revenues, the Notes shall share in and be secured by such lien, pledge or other charge equally and rateably with such other debenture, bond or note.

Rating: The Programme has been rated AA- by Standard & Poor’s and Aa2 by Moody’s. In addition, the Issuer has received a rating of AA- by Standard & Poor’s, A(high) by DBRS and Aa2 by Moody’s.

A Series of Notes issued under the Programme may be rated or unrated (as specified in the applicable Pricing Supplement). Where a Series of Notes is rated, its rating will not necessarily be the same as the rating applicable to the Programme.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency and each rating should be evaluated independently of any other.

Listing and Admission to Trading: Application has been made to the Luxembourg Stock Exchange for Notes issued under the Programme during the 12 month period after the date of this Offering Memorandum to be admitted to the Official List and admitted to trading on the Euro MTF Market. The Euro MTF Market is not a regulated market for the purposes of MiFID.

Notes may also be admitted to listing, trading and/or quotation by other stock exchanges, listing authorities and/or quotation systems as may be agreed between the Issuer and the relevant Dealer in relation to each issue. Unlisted Notes may also be issued.

The applicable Pricing Supplement will state whether or not such Notes have been admitted to trading on the Euro MTF Market or admitted to listing, trading and/or quotation by any other stock exchange, listing authority and/or quotation system.

In certain circumstances, the Issuer may terminate the listing or admission to trading of Notes. The Issuer is not under any obligation to holders of Notes to maintain any listing of the Notes. See "*Risk Factors*".

Governing Law: The Notes and all related contractual documentation will be governed by, and construed in accordance with, the laws of the Province of Manitoba and the federal laws of Canada applicable therein.

Non-U.S. Selling Restrictions: There are specific restrictions on the offer and sale of the Notes and the distribution of offering materials in the European Economic Area (including the United Kingdom, France, Italy and The Netherlands) and Japan and there will be such other restrictions as may be required in connection with a particular issue of Notes. See "*Subscription and Sale*".

U.S. Selling Restrictions: Regulation S, Category 1, TEFRA D, unless otherwise specified in the applicable Pricing Supplement. The Notes are not eligible under Rule 144A of the Securities Act of 1933, as amended. See "*Subscription and Sale*".

Clearing Systems: Euroclear and Clearstream, Luxembourg and any other additional clearing system as agreed between the Issuer and the Relevant Dealer.

Risk Factors: There are certain risks related to any issue of Notes under the Programme which investors should ensure they fully understand. A non-exhaustive summary of such risks is set out under "*Risk Factors*" from page 9 of this Offering Memorandum.

RISK FACTORS

The Issuer believes that at the date of this Offering Memorandum the following factors may be material for the purpose of assessing the market risks associated with Notes issued under the Programme as well as the principal risks inherent in investing in Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring or the likelihood or extent to which any such contingencies may affect the price of the Notes in the secondary market, an investor's ability to sell its Notes in the secondary market or the ability of the Issuer to pay interest, principal or other amounts on, or in connection with, any Notes.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive and there may be other factors unknown or considered to be immaterial to the Issuer at this time. Additional risks and uncertainties including those not presently known to the Issuer or that it currently believes to be immaterial, could also adversely affect the ability of the Issuer to pay interest, principal or other amounts in connection with the Notes. Prospective investors should also read the detailed information set out elsewhere in this Offering Memorandum (including information incorporated by reference) and any applicable Pricing Supplement to reach their own views prior to making any investment decision.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

THE PURCHASE OF NOTES MAY INVOLVE RISKS AND MAY BE SUITABLE ONLY FOR INVESTORS WHO HAVE THE KNOWLEDGE AND EXPERIENCE IN FINANCIAL AND BUSINESS MATTERS NECESSARY TO ENABLE THEM TO EVALUATE THE RISKS AND THE MERITS OF AN INVESTMENT IN THE NOTES. PRIOR TO MAKING AN INVESTMENT DECISION, PROSPECTIVE INVESTORS SHOULD CONSIDER CAREFULLY, IN LIGHT OF THEIR OWN FINANCIAL CIRCUMSTANCES AND INVESTMENT OBJECTIVES, (I) ALL THE INFORMATION SET FORTH IN THIS OFFERING MEMORANDUM AND, IN PARTICULAR, THE CONSIDERATIONS SET FORTH BELOW AND (II) ALL THE INFORMATION SET FORTH IN THE APPLICABLE PRICING SUPPLEMENT. PROSPECTIVE INVESTORS SHOULD MAKE SUCH ENQUIRIES AS THEY DEEM NECESSARY, INCLUDING (WITHOUT LIMITATION) WITH THEIR OWN FINANCIAL, TAX AND LEGAL ADVISORS, WITHOUT RELYING ON THE ISSUER OR ANY DEALER.

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Offering Memorandum or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one

or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;

- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Risks related to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors in that in some cases they may lose the value of their entire investment or part of it.

If an investor chooses to sell its Notes issued under the Programme in the open market at any time prior to the maturity of the Notes, the price the investor will receive from a purchaser may be less than its original investment, and may be less than the amount due to be repaid at the maturity of the Notes if an investor were to hold onto the Notes until that time. Factors that will influence the price received by investors who choose to sell their Notes in the open market may include, but are not limited to, market appetite, inflation, the period of time remaining to maturity of the Notes, prevailing interest rates and the financial position of the Issuer.

The Notes may be redeemed prior to maturity in the event additional amounts become payable due to changes in tax legislation after the Issue Date

In the event that the Issuer would be obliged to pay additional amounts in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Canada, or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Conditions.

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

The Pricing Supplement of a particular issue of Notes may provide for early redemption at the option of the Issuer. An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes with an optional redemption feature when its cost of borrowing and prevailing interest rates are lower than the interest rate on the notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time prior to purchasing any Notes with an optional redemption feature.

Fixed Rate Notes bear interest at a fixed rate, which may affect the secondary market value and/or the real value of the Notes over time due to fluctuations in market interest rates and the effects of inflation

Fixed Rate Notes bear interest at a fixed rate. Investors should note that (i) if market interest rates start to rise then the income to be paid on the Notes might become less attractive and the price the investors get if they sell such Notes could fall (however, the market price of the Notes has no effect on the interest amounts due on the Notes or what investors will be due to be repaid on the Maturity Date if the Notes are held by the investors until they expire); and (ii) inflation will reduce the real value of the Notes over time which may affect what investors can buy with their investments in the future and which may make the fixed interest rate on the Notes less attractive in the future.

Change in value of Fixed Rate Notes

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

When prevailing market interest rates rise, the principal value of Fixed Rate Notes may fall as the yield on the Fixed Rate Note moves up to a similar level to the interest rate which an investor may achieve through investment in another form of debt instrument bearing interest at the then prevailing market rate.

If the Issuer has the right to convert the interest rate on any Notes from a fixed rate to a floating rate, or vice versa, this will affect the secondary market and the market value of the Notes concerned

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on the other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Investors will not be able to calculate in advance their rate of return on Floating Rate Notes

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the

Notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to issue Fixed Rate Notes may affect the market value and secondary market (if any) of the Floating Rate Notes (and vice versa).

Zero Coupon Notes are subject to higher price fluctuation than non-discounted Notes

Changes in market interest rates generally have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating.

Notes issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The issue price of Notes specified in the applicable Pricing Supplement may be more than the market value of such Notes as of the issue date, and the price, if any, at which a Dealer or any other person willing to purchase the Notes in secondary market transactions may be lower than the issue price.

The market values of Notes issued at a substantial discount (such as Zero Coupon Notes) or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing Notes. Generally, the longer the remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing Notes with comparable maturities.

Dual Currency Notes and Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated are exposed to risks associated with currency exchange rate fluctuations

The Issuer may issue Notes with principal or interest determined by movements in currency exchange rates. In addition, the Issuer may issue Notes with principal or interest payable in a currency which may be different from the currency in which the Notes are denominated. Payment of principal or interest may also occur in a different currency than expected. As the value of currencies may at times fluctuate significantly against other currencies there is a risk that between the Issue Date and any Interest Payment Date or the Maturity Date the currency in which the Notes are denominated may fall in value relative to the currency in which amounts of principal and interest are paid or payable. Investors will bear the currency risk.

If rates of exchange between the currency in which the Notes are denominated and the currency in which such Notes are paid or payable significantly change:

- (i) the market price of such Notes may be volatile;
- (ii) investors may receive no interest or they may receive interest at a rate that is less than that payable on a conventional fixed rate or floating rate debt security issued at the same time; and
- (iii) investors may lose all or a substantial portion of their principal.

The historical experience of the relevant currencies may not be indicative of future performance of such currencies during the term of any Note.

Certain currencies are not freely convertible; are subject to restrictions on transfer; and/or may be subject to other limitations

Notes may be issued in one or more currencies that are not freely convertible into other currencies, or are subject to restrictions on remittance and transfer. Notes may also be issued in one or more currencies that are limited in their availability, which in turn may affect the liquidity of Notes denominated in such currencies and the Issuer's ability to source such currencies to service the Notes. In addition, unanticipated changes in government regulation may further impact the availability and convertibility of certain currencies, which would impact the suitability of such Notes as well as the Issuer's ability to source such currencies to service the Notes.

Risks related to the Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Provisions for the payment of interest or a redemption amount in excess of an effective annual rate of interest of 60% may not be enforceable

The Notes will be governed by the laws of the Province of Manitoba and the federal laws of Canada applicable therein. Canada has a Criminal Code which prohibits the receipt of "interest" at a "criminal rate" (namely, an effective annual rate of interest that exceeds 60%). Accordingly, the provisions for the payment of interest or a Maturity Redemption Amount in excess of the aggregate nominal amount of the Notes may not be enforceable if the provision provides for the payment of "interest" in excess of an effective annual rate of interest of 60%.

Notes denominated in currencies other than euro

Unless otherwise specified in the applicable Pricing Supplement, if the Notes are payable in a currency other than euro and the Specified Currency is unavailable on the foreign exchange markets due to circumstances beyond its controls, the Issuer will be entitled to satisfy its obligations in respect of such payment by making payment in euro on the basis of the spot exchange rate (the "**Euro FX Rate**") or, in its absence, a substitute rate determined by the Issuer or its Calculation Agent in its discretion. The Euro FX Rate or any such substitute rate may be such that the resulting euro amount is zero and in such event no amount in euro will be payable.

The Notes may be subject to withholding taxes in circumstances where the Issuer is not obliged to make gross up payments and this would result in holders receiving less interest than expected and could adversely affect their return on the Notes

The Conditions of the Notes contain exemptions from the requirement that the Issuer make gross up payments in the event an amount of, or in respect of, tax were to be withheld from a payment. Where such exemptions apply, neither the Issuer, nor any Paying Agent, nor any other person would be obliged to pay additional amounts with respect to any Notes as a result of the imposition of such withholding tax.

Investors who purchase Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if definitive Notes are subsequently required to be issued

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller

amount, it is possible that such Notes may be traded in amounts in excess of the Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case, a Noteholder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination. A Noteholder who does not have at least the minimum Specified Denomination in its account with the relevant clearing system on or before the relevant Exchange Date will not be able to exercise any direct rights against the Issuer under the relevant Global Note.

If Definitive Notes are issued, Noteholders should be aware that Definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg and/or other clearing systems, investors will have to rely on the procedures of such clearing system for transfer, payment and communication with the Issuer

Notes issued under the Programme will be represented in issue by one or more Global Notes that may be deposited with a common depositary for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in each Global Note, investors will not be entitled to receive Notes in definitive form. Each of Euroclear and Clearstream, Luxembourg and their respective direct and indirect participants will maintain records of the beneficial interests in each Global Note held through it. While the Notes are represented by a Global Note, investors will be able to trade their beneficial interests only through the relevant clearing systems and their respective participants.

While the Notes are represented by Global Notes, the Issuer will discharge its payment obligation under the Notes by making payments to the common depositary or common safekeeper for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of the relevant clearing system and its participants to receive payments under the Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in any Global Note.

Holders of beneficial interests in a Global Note will not have a direct right to vote in respect of the Notes so represented. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant clearing system and its participants to appoint appropriate proxies.

The value of the Notes could be adversely affected by a change of law or administrative practice

The Terms and Conditions of the Notes are based on the laws of the Province of Manitoba and the federal laws of Canada applicable therein in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to the laws of the Province of Manitoba or the federal laws of Canada applicable therein or administrative practice after the date of issue of the relevant Notes and any such change could materially impact the value of the Notes affected by it.

The Issuer has no obligation to maintain a listing of the Notes

The Issuer may, in certain circumstances, seek to delist Notes which are listed on the Euro MTF Market or other stock exchange or market, provided that in such cases the Issuer will be required to use its reasonable endeavours to obtain and maintain a listing of such Notes on an alternative stock exchange or exchanges or market (which may be outside the European Economic Area).

These circumstances include any future law, rule of the Luxembourg Stock Exchange or any other stock exchange or market or any EU directive imposing other requirements (including new corporate governance requirements) on the Issuer or any of its affiliates that the Issuer in good faith determines are impractical or unduly burdensome in order to maintain the continued listing of any Notes issued under the Programme.

The Issuer may, in its sole discretion, determine that it is impractical or unduly burdensome to maintain such listing and seek to terminate the listing of such Notes provided it uses all reasonable endeavours to seek an alternative admission to listing, trading and/or quotation of such Notes by another listing authority, securities exchange and/or quotation system that it deems appropriate. However, if such alternative listing is not available or, in the opinion of the Issuer is impractical or unduly burdensome, an alternative listing may not be obtained.

Although there is no assurance as to the liquidity of any Notes as a result of the listing on the Euro MTF Market or other stock exchange or market, delisting such Notes may have a material effect on the ability of investors to (a) continue to hold such Notes or (b) resell the Notes in the secondary market.

Bearer Notes in NGN form may not satisfy Eurosystem eligibility criteria

The NGN form has been introduced to allow for the possibility of Notes being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the euro (the “**Eurosystem**”) and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However, in any particular case, such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time. Investors should make their own assessment as to whether the Notes meet such Eurosystem eligibility criteria.

The Conditions of the Notes contain provisions which may permit their modification without the consent of all Holders

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind (and to modify or waive certain Terms and Conditions of the Notes or covenants and agreements made by the Issuer) all Noteholders including Noteholders who do not attend and vote at the relevant meeting and Noteholders who vote in a manner contrary to the majority.

The Terms and Conditions of the Notes also provide that the parties to the Agency Agreement will be able to amend the Agency Agreement, Terms and Conditions and the Notes without notice to or consent of the holders of Notes for the purpose of curing ambiguity or curing, correcting or supplementing any defective provisions therein, or affecting the issue of further Notes or in any other manner the parties to the Agency Agreement may deem necessary or desirable and which will not, in the Issuer’s

reasonable opinion, adversely affect the interests of the holders of Notes, Coupons or Talons.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell its Notes

Notes may not be widely distributed and may not have an established trading market when issued. There can be no assurance of a secondary market for the Notes or the continued liquidity of such market if one develops. If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer and/or Canada. Such factors also will affect the market value of the Notes. In addition, certain Notes may be designed for specific investment objectives or strategies and therefore may have a more limited secondary market and experience more price volatility than conventional debt securities.

Investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors or are not admitted to trading on the Euro MTF Market or another established securities exchange. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

If an investor holds Notes which are not denominated in the investor's home currency, the investor will be exposed to movements in exchange rates adversely affecting the value of its holding and, in addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal or

receive payments in a significantly devalued Specified Currency or such other currency that the Notes may be payable in.

Credit ratings might not reflect all risks and are subject to change

The Issuer's credit ratings do not always reflect the risks related to each Series of Notes under the Programme. Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated, the applicable rating(s) will be specified in the relevant Pricing Supplement. Such rating(s) will not necessarily be the same as the rating assigned to the Programme or to Notes already issued. There are no guarantees that such ratings will be assigned or maintained. Any credit rating agency may lower its ratings or withdraw the rating if, in the sole judgement of the credit rating agency, the credit quality of the Notes has declined or is in question. In addition, at any time a credit rating agency may revise its relevant rating methodology with the result that, among other things, any rating assigned to the Notes may be lowered. If any of the ratings assigned to the Notes is lowered or withdrawn, the market value of the Notes may be reduced. Furthermore, the ratings may not reflect the potential impact of all risks discussed above, and other factors that may affect the value of the Notes. Accordingly, a credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted from using a rating for regulatory purposes unless such rating is issued by a credit rating agency established in the EEA and registered under Regulation (EU) No 1060/2009, as amended (the "**CRA Regulation**") (and such registration has not been withdrawn or suspended) or, either the rating is provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the CRA Regulation, or the rating is provided by a credit rating agency not established in the EEA, but which is certified under the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

The list of registered and certified rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Interests of Dealers

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer in the ordinary course of business.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer and could adversely affect future trading prices of Notes issued under the Programme.

FINANCIAL STATEMENTS

The Summary Financial Statements incorporated by reference herein have been prepared in accordance with Canadian generally accepted accounting standards. Effective April 1, 2015, all Government Business Enterprises (GBEs) have adopted International Financial Reporting Standards (IFRS), as issued by the International Accounting Standards Board (IASB). GBEs are reported in these summary financial statements using the modified equity method of accounting. Under the modified equity method, the original investment of the Government, in GBEs, is initially recorded at cost and adjusted annually to include the net income or losses and other net equity changes of these enterprises, without adjusting their accounting policies to a basis consistent with that of the Government.

CALCULATION OF THE AGGREGATE AMOUNT OF NOTES OUTSTANDING

Subject as set out herein, this Offering Memorandum and any supplement will only be valid for the issuance of Notes in an aggregate nominal amount which, when added to the aggregate nominal amount then outstanding of all Notes previously or simultaneously issued under this Programme, does not exceed U.S.\$2,500,000,000 or its equivalent in other currencies. For the purpose only of calculating the U.S. dollar equivalent of the aggregate nominal amount of Notes issued under the Programme from time to time:

- (a) the U.S. dollar equivalent of Notes denominated in a Specified Currency other than U.S. dollars shall be determined as of the date of the agreement to issue such Notes (the “**Agreement Date**”) or, if commercial banks or foreign exchange markets in London are not open on the Agreement Date, on the preceding day on which commercial banks and foreign exchange markets are open in London, in each case on the basis of the spot rate for sale of U.S. dollars against the purchase of such Specified Currency at 11.00 a.m. (London time) on the relevant day in the London foreign exchange market quoted by any leading bank active in the market selected by the Agent, by reference to the nominal amount of such Notes outstanding on the relevant day (determined in accordance with the provisions of (b) below, to the extent applicable);
- (b) the U.S. dollar equivalent of Dual Currency Notes and Index Linked Notes shall be calculated in the manner specified in paragraph (a) above by reference to the nominal amount of such Notes on the Issue Date thereof;
- (c) the U.S. dollar equivalent of Partly Paid Notes shall be calculated in the manner specified in paragraph (a) above by reference to the nominal amount thereof, regardless of the amount paid up on such Notes;
- (d) the U.S. dollar equivalent of Zero Coupon Notes and any other Notes issued at a discount or premium shall be calculated in the manner specified in (a) above by reference to the net proceeds received by the Issuer for such Notes; and
- (e) the U.S. dollar equivalent of any other Notes issued under the Programme shall be as specified in the Programme Agreement.

ISSUE PROCEDURES

Notes will be issued in bearer form. Each issue of Notes will either initially be represented by a temporary Global Note or, if so indicated in the applicable Pricing Supplement, a permanent Global Note, in each case without interest coupons or talons. Such temporary Global Note or permanent Global Note, as the case may be, (i) if intended to be issued in NGN form as specified in the applicable Pricing Supplement, will be delivered on or prior to the relevant Issue Date to a Common Safekeeper for Euroclear and/or Clearstream, Luxembourg or (ii) if not intended to be issued in the NGN form as specified in the applicable Pricing Supplement (and to be issued in CGN form), will be delivered on or prior to the relevant Issue Date to a common depository for Euroclear and/or Clearstream, Luxembourg. Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearance system approved by the Issuer and the Agent.

If an interest payment date for any Notes occurs while such Notes are represented by a temporary Global Note, the related interest payment will be made (against presentation of the temporary Global Note if the temporary Global Note is issued in CGN form) only to the extent that certification of non-U.S. beneficial ownership in such form as is customarily issued in such circumstances by the relevant clearance system has been received by Euroclear and/or Clearstream, Luxembourg. On or after the date (the “**Exchange Date**”) which is 40 days after the date on which the temporary Global Note is issued, interests in the temporary Global Note will be exchangeable for interests in a permanent Global Note upon certification of non-U.S. beneficial ownership. No payments will be made on a temporary Global Note after the Exchange Date unless exchange for a beneficial interest in a permanent Global Note is improperly refused by the Agent (as defined below in the Terms and Conditions of the Notes). Payments of principal or interest (if any) in respect of a permanent Global Note will be made through Euroclear and Clearstream, Luxembourg (against presentation or surrender, as the case may be, of the permanent Global Note if the permanent Global Note is in CGN form) without any requirement for certification. A permanent Global Note or Notes representing a Series of Notes will be exchanged (free of charge) in whole for security-printed Definitive Notes with, where applicable, interest coupons and talons attached, only in the limited circumstances described in “*Terms and Conditions of the Notes – Definitive Notes*”. Definitive Notes may only be issued in denominations equal to, or greater than, the Specified Denominations and integral multiples thereof. Temporary and permanent Global Notes and Definitive Notes will be issued by the Agent pursuant to the Agency Agreement. Until exchanged for Definitive Notes, the holder of a beneficial interest in any global Note shall in all respects be entitled to the same benefits as the holder of Definitive Notes and interest coupons, subject as set out in the Conditions.

The following legend will appear on all Global Notes, all Definitive Notes with an original maturity of more than 365 days and on all interest coupons and talons relating to such Notes:

“Any United States person (as defined in the Internal Revenue Code of the United States) who holds this obligation will be subject to limitations under the United States income tax laws including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code of the United States.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition or payment of principal in respect of Notes or interest coupons.

The Issuer has entered into an agreement with Euroclear and Clearstream, Luxembourg (the "ICSDs") in respect of any global Bearer Notes issued in NGN form that the Issuer may request be made eligible for settlement with the ICSDs (the "ICSD Agreement"). The ICSD Agreement sets out that the ICSDs will, in respect of any such Notes, *inter alia*, maintain records of their respective portion of the issue outstanding amount and will, upon the Issuer's request, produce a statement for the Issuer's use showing the total nominal amount of its customer holder of such Notes as of a specified date.

The applicable Pricing Supplement will indicate whether or not such Notes are intended to be held in a manner which would allow Eurosystem eligibility. The fact that Notes are intended to be held in a manner which would allow Eurosystem eligibility simply means that the Notes are intended upon issue to be deposited with one of the ICSDs as common safekeeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the European Central Bank (the "ECB") being satisfied that Eurosystem eligibility criteria have been met.

Direct Rights

Each Global Note provides that the holder may cause such Global Note, or a portion of it, to become due and repayable in the circumstances described under "*Terms and Conditions of the Notes – Events of Default*" by stating in the notice to the Agent the nominal amount of the Notes that are becoming due and repayable. If the principal in respect of any such Global Note is not paid before 8:00 p.m. (London time) on the relevant due date, the holder of a Global Note may elect for direct enforcement rights against the Issuer in favour of the persons who are shown on such relevant due date in the records of a clearing system as the holder of a Specified Denomination of Notes represented by such Global Note. Following any such acquisition of direct rights, the Global Note will become void as to the specified portion.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("MiFID II"); (ii) a customer within the meaning of Directive 2002/92/EC ("IMD"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the "Prospectus Directive"). Consequently no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

THE OFFERING MEMORANDUM DOES NOT CONSTITUTE A BASE PROSPECTUS FOR THE PURPOSES OF THE PROSPECTUS DIRECTIVE.

The Offering Memorandum referred to below (as completed by this Pricing Supplement) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Member State, from the requirement to publish a prospectus for offers of the Notes and in compliance with any other applicable laws and regulations.

PART A - CONTRACTUAL TERMS

Any person making or intending to make an offer of the Notes in a Member State may only do so in circumstances in which no obligation arises for the Issuer and any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to

such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.

Terms used herein shall be deemed to be defined as such for the purposes of the Terms and Conditions (the “**Conditions**”) set forth in the Offering Memorandum dated 24 February 2017 [and the supplements to it dated []] ([together,] the “**Offering Memorandum**”). This document constitutes the final terms of the Notes described herein and must be read in conjunction with the Offering Memorandum. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of this Pricing Supplement and the Offering Memorandum. Copies of the Offering Memorandum, together with all documents incorporated by reference therein, may be obtained from the office of the Assistant Deputy Minister, Treasury Division, 350-363 Broadway, Winnipeg, Manitoba, Canada R3C 3N9.

[The following alternative language applies if the first Tranche of an issue which is being increased was issued under an Offering Memorandum with an earlier date – note that issues of Notes issued under a Prospectus with an earlier date that were offered to the public in the EEA in circumstances requiring a prospectus to be published under the Prospectus Directive and/or Notes that are listed on the London Stock Exchange’s regulated market cannot be increased.]

[Terms used herein shall be deemed to be defined as such for the purposes of the terms and conditions (the “**Conditions**”) set forth in and extracted from the Offering Memorandum dated [original date][, which are attached hereto]. This document constitutes the final terms of the Notes described herein and must be read in conjunction with the Offering Memorandum dated 24 February 2017, [and the supplement[s] to it dated [date] [and [date]], including all documents incorporated by reference ([the Offering Memorandum as so supplemented], the “**Offering Memorandum**”) and the Conditions, which are set forth in and extracted from the Offering Memorandum dated [original date][, which are attached hereto]. Full information on the Issuer and the offer of the Notes described herein is only available on the basis of the combination of this Pricing Supplement [, the Conditions] and the Offering Memorandum. Copies of the Offering Memorandum, together with all documents incorporated by reference therein, [and the Conditions] may be obtained from the office of the Assistant Deputy Minister, Treasury Division, 350-363 Broadway, Winnipeg, Manitoba, Canada R3C 3N9.]

The Notes are issued in bearer form in the Specified Currency and Specified Denominations, each as specified in the applicable Pricing Supplement and, in the case of definitive Notes, serially numbered.

Bearer Notes of this Series are deposited on or prior to the relevant Issue Date (i) if the Notes are issued in new global note (“**NGN**”) form as specified in the applicable Pricing Supplement, with a common safekeeper (the “**Common Safekeeper**”) and (ii) if the Notes are issued in classic global note (“**CGN**”) form as specified in the applicable Pricing Supplement, with a common depository for Euroclear Bank S.A./N.V. (“**Euroclear**”) and Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”). Unless specified otherwise in the applicable Pricing Supplement, the Notes will be issued in CGN form.

So long as the Notes are represented by a temporary Global Note or permanent Global Note and the relevant clearing system(s) so permit, the Notes shall be tradeable only in principal amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination) specified in the applicable Pricing Supplement and (unless otherwise specified in the applicable Pricing Supplement) higher integral multiples of at least 1,000 in the relevant currency as specified in the relevant Pricing Supplement (the “**Integral Amount**”), notwithstanding that no definitive Notes will be issued with a denomination above the Definitive Amount in such currency. For purposes of these Terms and Conditions, the “**Definitive Amount**” shall be equal to two times the lowest Specified Denomination minus the Integral Amount.

This Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note or an Index Linked Interest Note or any appropriate combination thereof, depending upon the interest/payment basis specified in the applicable Pricing Supplement. It may also be an Index Linked Redemption Amount Note (collectively with Index Linked Interest Notes, “**Index Linked Notes**” or individually, “**Index Linked Note**”), an Instalment Note, a Partly Paid Note, a Dual Currency Note or a combination of the foregoing, depending on the Redemption/Payment basis shown in the applicable Pricing Supplement. Wherever Dual Currency Notes or Index Linked Interest Notes bear interest on a fixed or floating rate basis or do not bear interest, the provisions in these Terms and Conditions relating to Fixed Rate Notes, Floating Rate Notes or Zero Coupon Notes, respectively, shall, where the context so admits, apply to such Dual Currency Notes or Index Linked Interest Notes. Where the applicable Pricing Supplement indicates the Note is an Index Linked Note, the appropriate provisions of these Terms and Conditions will apply accordingly.

Notes in definitive form (“**Definitive Notes**”), if issued, will be serially numbered in the Specified Currency. Interest bearing Definitive Notes will (unless otherwise indicated in the applicable Pricing Supplement) have interest coupons (“**Coupons**”) and, if applicable, talons for further Coupons (“**Talons**”) attached. Definitive Notes repayable in instalments will have receipts (“**Receipts**”) attached for the payment of the instalments of principal (other than the final instalment). Any reference herein to Coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons.

Subject as set out below, title to the Notes, Receipts and Coupons will pass by delivery. The holder of each Receipt or Coupon, whether or not such Receipt or Coupon is attached

to a Note, in his capacity as such, shall be subject to and bound by all the provisions contained in the relevant Note. The Issuer and the Agent may deem and treat the bearer of any Note, Receipt or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out below regarding beneficial interests in such Global Note. Unmatured Receipts and Receipts presented without the Definitive Note to which they appertain do not constitute valid obligations of the Issuer.

For so long as any of the Notes are represented by a Global Note, each person who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg, as the case may be, as the holder of a particular nominal amount of such Global Note (in which regard any certificate or other document issued by any such clearance system as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Agent and any Paying Agent as the holder of such nominal amount of such Notes for all purposes other than, save as specifically otherwise provided in the relevant global Note, for the payment of principal and interest on such Notes, the right to which shall be vested, as against the Issuer, the Agent and any Paying Agent solely in the bearer of the Global Note, in accordance with and subject to its terms (and the expressions “**Noteholder**”, “**holder of Notes**” and related expressions shall be construed accordingly). Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and the Agent and specified in the applicable Pricing Supplement.

2. Status of Notes and Negative Pledge

The Notes will constitute legal, valid and binding, direct, unconditional and unsecured obligations of the Issuer. Payment of principal of and interest on the Notes will constitute a charge on and be payable out of the Consolidated Fund of Manitoba. The Notes will rank *pari passu* amongst themselves and equally with all other unsecured debentures, bonds, notes or other similar securities constituting general obligations of the Issuer.

If the Issuer shall at any time secure any other debenture, bond or note of the Issuer by any lien, pledge or other charge upon any of its present or future assets or revenues, the Notes shall share in and be secured by such lien, pledge or other charge equally and rateably with such other debenture, bond or note.

3. Definitive Notes

Beneficial interests in a permanent Global Note will only be exchangeable in whole but not in part by the owners of beneficial interests in such Global Note for security-printed Definitive Notes, if such exchange is permitted by applicable law and (i) in the case of a permanent Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg if Euroclear or Clearstream, Luxembourg, as the case may be, is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention to cease business permanently or does in fact do so and the Issuer and the Agent do not appoint a qualified successor within 90 days of the occurrence of any such event or (ii) upon the occurrence of an Event of Default (as defined in Condition 10) and the relevant clearing system acting on instructions of any owner of a beneficial

interest in the permanent Global Note having requested in writing Definitive Notes from the Agent; or (iii) if the Issuer would suffer a material disadvantage in respect of the Notes as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction referred to in Condition 9 which would not be suffered were Definitive Notes to be issued and a certificate to such effect (signed by two authorised signatories of the Issuer) is delivered to the Agent for display to the Noteholders together with a request that Definitive Notes be issued. In such circumstances, the Issuer will cause sufficient Definitive Notes to be executed and delivered as soon as practicable (and in any event within 45 days of the occurrence of any of the circumstances described in (i) above or the making of the written request described in (ii) or (iii) above) to the Agent and/or any Paying Agent, as the case may be (the “**Permanent Exchange Date**”) for completion, authentication and delivery, free of charge, to the relevant Noteholders.

4. Interest

(a) *Interest on Fixed Rate Notes*

(i) Interest Payment Dates

Each Fixed Rate Note bears interest on its outstanding nominal amount (or if it is a Partly Paid Note, the amount paid up) from and including the Interest Commencement Date specified in the applicable Pricing Supplement (or the Issue Date if no Interest Commencement Date is separately specified) to, but excluding, the Maturity Date specified in the applicable Pricing Supplement at the rate or rates per annum equal to the Rate(s) of Interest specified in the applicable Pricing Supplement. Such interest will be payable in arrear on the Interest Payment Dates in each year and on the Maturity Date if it does not fall on an Interest Payment Date.

Interest on Fixed Rate Notes represented by a Global Note shall be calculated by the Agent in respect of any Interest Period by applying the Rate of Interest to the aggregate outstanding nominal amount of the Notes represented by such Global Note and multiplying such sum by the Day Count Fraction specified in the applicable Pricing Supplement and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. If no Day Count Fraction is specified in the applicable Pricing Supplement, the applicable Day Count Fraction for Fixed Rate Notes shall be Actual/Actual, other than for U.S. dollar denominated Notes where the applicable Day Count Fraction shall be 30/360.

Interest on Fixed Rate Notes represented by a Definitive Note shall be as follows:

- (A) The amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on, but excluding such date will amount to the Fixed Coupon Amount specified in the applicable Pricing Supplement. Payments of interest on any Interest Payment Date will, if so specified in the applicable Pricing Supplement, amount to the Broken Amount(s) so specified.
- (B) Where the applicable Pricing Supplement does not specify a Fixed Coupon Amount or Broken Amount, interest shall be calculated by the Agent in respect of any Interest Period by applying the Rate of Interest to the Calculation Amount, multiplying such sum by the Day Count Fraction specified in the applicable Pricing Supplement and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any

such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. If no Day Count Fraction is specified in the applicable Pricing Supplement, the applicable Day Count Fraction for Fixed Rate Notes shall be Actual/Actual, other than for U.S. dollar denominated Notes where the applicable Day Count Fraction shall be 30/360.

- (C) Where the Specified Denomination is a multiple of the Calculation Amount, the amount of interest payable in respect of such Note shall be the product of the amount (determined in the manner provided in (A) or (B) above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(ii) Method of Calculation

If interest is required to be calculated for a period ending other than on an Interest Payment Date, such interest shall be the product of the Rate of Interest, the Calculation Amount and the applicable Day Count Fraction for such period, rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(b) *Interest on Floating Rate Notes and Index Linked Interest Notes*

(i) Interest Payment Dates

Each Floating Rate Note or Index Linked Interest Note bears interest on its outstanding nominal amount (or if it is a Partly Paid Note, the amount paid up) from and including the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) The Specified Interest Payment Date(s) in each year specified in the applicable Pricing Supplement; or
- (B) If no Specified Interest Payment Date(s) is/are specified in the applicable Pricing Supplement, each date (each such date, together with each Specified Interest Payment Date, an “**Interest Payment Date**”) which falls the number of months or other period specified as the Specified Period in the applicable Pricing Supplement after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Pricing Supplement and (x) if there is no numerically corresponding day on the calendar month in which an Interest Payment Date (or other date) should occur or (y) if any Interest Payment Date (or other date) would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (or other date)(i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed

to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date (or other date) shall be the last Business Day in the month which falls in the Specified Period after the preceding applicable Interest Payment Date (or other date); or

- (B) the Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other such date) shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes and Index Linked Interest Notes will be determined in the manner specified in the applicable Pricing Supplement.

(iii) ISDA Determination

Where ISDA Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate. For the purposes of this subparagraph (iii), **"ISDA Rate"** for any Interest Period means a rate equal to the Floating Rate that would be determined by the Agent or other person specified in the applicable Pricing Supplement under an interest rate swap transaction if the Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions (as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series) published by the International Swaps and Derivatives Association, Inc. (the **"ISDA Definitions"**) and under which:

- (A) the Floating Rate Option (which may refer to a Rate Option in the ISDA Definitions) is as specified in the applicable Pricing Supplement;
- (B) the Designated Maturity is the period specified in the applicable Pricing Supplement; and
- (C) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (**"LIBOR"**) or on the Euro inter-bank offered rate (**"EURIBOR"**) for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Pricing Supplement.

For the purpose of this subparagraph (iii), **"Floating Rate"**, **"Calculation Agent"**, **"Floating Rate Option"**, **"Rate Option"**, **"Designated Maturity"** and **"Reset Date"** have the meanings given to those terms in the ISDA Definitions.

When this subparagraph (iii) applies, in respect of each relevant Interest Period the Agent will be deemed to have discharged its obligations under subparagraph (vi) below in

respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this subparagraph (iii).

(iv) Screen Rate Determination

Where Screen Rate Determination is specified in the applicable Pricing Supplement, as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards or otherwise in accordance with market convention) of the offered quotations,

(expressed as a percentage rate per annum), for the Reference Rate in the Specified Currency for that Interest Period which appears or appear, as the case may be, on the Relevant Screen Page as at the Relevant Time on the Interest Determination Date in question, all as determined by the Agent. In the case of a rate determined in accordance with paragraph (B) above, if five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If on any Interest Determination Date the Relevant Screen Page is not available or if, in the case of (A) above, no such quotation appears or, in the case of (B) above, fewer than three of such offered quotations appears, in each case as at such time, the Agent shall request the office in the principal financial centre for the Specified Currency of each of the Reference Banks (or, in the case of Notes denominated in euro, in such financial centre or centres as the Calculation Agent may select) to provide the Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date for a period of the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time. If two or more of the Reference Banks provide the Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards or otherwise in accordance with market convention) of such offered quotations, all as determined by the Agent. If two or more of the Reference Banks provide the Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards or otherwise in accordance with market convention) of such offered quotations, all as determined by the Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Agent with such offered quotations as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards or otherwise in accordance with market convention) of the rates, as communicated to (and at the request of) the Agent by the Reference Banks or any two or more of them, at which such banks were offering, as at the Specified Time on the relevant Interest Determination Date, deposits in the Specified

Currency for the relevant Interest Period by leading banks in the applicable inter-bank market or, if fewer than two of the Reference Banks provide the Agent with such offered rates, the offered rate for deposits in the Specified Currency for the relevant Interest Period, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for the relevant Interest Period, at which, on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Agent and the Issuer suitable for such purpose) informs the Agent it is quoting to leading banks in the relevant inter-bank market (or, as the case may be, the quotations of such bank or banks to the Agent), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

The Rate of Interest for an Interest Period shall be determined on the Interest Determination Date(s) specified in the applicable Pricing Supplement. If no such date is set out, the Interest Determination Date shall be (i) the first day of such Interest Period if the Specified Currency is Pounds Sterling, (ii) the day falling two TARGET Business Days (as defined herein) prior to the first day of such Interest Period if the Specified Currency is euro, or (iii) the day falling on the second London Banking Day prior to the first day of the relevant Interest Period if the Specified Currency is not Pounds Sterling or euro (the “**Interest Determination Date**”).

“**Euro-zone**” means the region comprised of Member States of the European economic and monetary union that adopt the euro as the single currency in accordance with the Treaty establishing the European Community, as amended.

“**Reference Banks**” shall be (a) as specified in the applicable Pricing Supplement, (b) in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market, or (c) in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Agent.

“**Relevant Screen Page**” means such page, section, caption, column or other part of a particular information service as may be specified in the applicable Pricing Supplement for the purposes of providing a Reference Rate, or such other page, section, caption, column or other part as may replace it on that information service or on such other information services, in each case as may be nominated by the person or organization providing or sponsoring the information appearing there for the purpose of displaying rates or prices comparable to that Reference Rate.

“**Designated Maturity**” means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(v) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Pricing Supplement, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Pricing Supplement) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Pricing

Supplement), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period, provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(vi) Margin, Minimum Rate of Interest and/or Maximum Rate of Interest

If any Margin is specified in the applicable Pricing Supplement (either (A) generally, or (B) in relation to one or more Interest Periods), an adjustment shall be made to all Rates of Interest, in the case of (A), or the Rates of Interest for the specified Interest Periods in the case of (B), calculated in accordance with Condition 4(b) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph.

If the applicable Pricing Supplement specifies a Minimum Rate of Interest for any Interest Period then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the following provisions is less than such Minimum Rate of Interest, the Rate of Interest for such period shall be such Minimum Rate of Interest. If the applicable Pricing Supplement specifies a Maximum Rate of Interest for any Interest Period then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the following provisions is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(vii) Determination of Rate of Interest and Calculation of Interest Amount

The Agent, in the case of Floating Rate Notes, or the Calculation Agent, in the case of Index Linked Interest Notes, will, on or as soon as practicable after each date on which the Rate of Interest is to be determined, determine the Rate of Interest (subject to any Minimum or Maximum Rate of Interest specified in the applicable Pricing Supplement). In the case of Index Linked Interest Notes, the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as possible after calculating same. The Agent will calculate the amount of interest (the “**Interest Amount**”) payable on the Floating Rate Notes or Index Linked Interest Notes in respect of each Calculation Amount specified in the applicable Pricing Supplement for the relevant Interest Period. Each Interest Amount shall be:

- (A) In respect of Floating Rate Notes represented by a Global Note, calculated by the Agent in respect of any Interest Period by applying the Rate of Interest to the aggregate outstanding nominal amount of the Notes represented by such Global Note and multiplying such sum by the Day Count Fraction specified in the applicable Pricing Supplement and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention; and
- (B) In respect of Floating Rate Notes represented by a Definitive Note calculated by the Agent in respect of any Interest Period by applying the Rate of Interest to the Calculation Amount and multiplying such sum by the Day Count

Fraction specified in the applicable Pricing Supplement, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Period, in which case the amount of interest payable per Calculation Amount in respect of such Notes for such Interest Period shall equal such Interest Amount (or be calculated in accordance with such formula). As applicable, the resultant figure shall be rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(viii) Notification of Rate of Interest and Interest Amount

The Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date or any other item determined or calculated by it to be notified to the Issuer and the Paying Agents from whose respective specified offices such information will be available) and published in accordance with Condition 13 and as soon as practicable after such determination or calculations but in any event not later than the fourth London Business Day thereafter and, in the case of Notes listed on the Euro MTF Market of the Luxembourg Stock Exchange or any other stock exchange, cause all such determinations or calculations to be notified to the Luxembourg Stock Exchange or such other stock exchange by the time required by such stock exchange provided always that the requirements of such stock exchange(s) are complied with. The Calculation Agent will be entitled to amend any Interest Amount, Interest Payment Date (or to make appropriate alternative arrangements by way of adjustment) without notice in the event of the extension or abbreviation of the relevant Interest Period and such amendment will be notified in accordance with the this subparagraph (vii).

For the purposes of this subparagraph (vii), the expression “**London Business Day**” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign exchange currency deposits) in London.

(ix) Certificates to be Final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b), by the Agent, or if applicable, the Calculation Agent shall (in the absence of negligence, wilful default, bad faith or manifest error) be binding on the Issuer and the Agent and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent or the Calculation Agent (if applicable) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Interest on Zero Coupon Notes*

Where a Zero Coupon Note becomes due and payable prior to the Maturity Date and is not paid when due, the amount due and repayable shall be the amount determined in accordance with Condition 5(e) as its Amortised Face Amount, as defined below in Condition 5(e)(iii). As from the Maturity Date, any overdue principal of such Note shall bear interest at a rate per annum equal to the Accrual Yield specified in the applicable Pricing Supplement.

(d) *Interest on Dual Currency Notes*

In the case of Dual Currency Notes, if the Rate of Interest is to be determined by reference to an exchange rate, the rate or amount of interest payable shall be determined in accordance with the provisions of Condition 4(b) as if the references therein to the Agent were to the Calculation Agent specified in the applicable Pricing Supplement.

(e) *Interest on Partly Paid Notes*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes) interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Pricing Supplement.

(f) *Accrual of Interest*

Each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the due date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue at the rate as provided herein.

(g) *Interest Act (Canada) Disclosure*

For the purpose of disclosure pursuant to the *Interest Act* (Canada), as amended where interest is required to be calculated, pursuant to any provisions of the Notes, on the basis of a period other than a calendar year, the annual rate of interest to which such rate of interest, as determined by such calculation, is equivalent, for purposes of the *Interest Act* (Canada), as amended, is such rate as so calculated multiplied by a fraction, the numerator of which is the actual number of days in the particular calendar year in respect of which the calculation is made and the denominator of which is the number of days used in the calculation.

(h) *Definitions*

In these Terms and Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“**Business Day**” means (unless otherwise stated in the applicable Pricing Supplement) a day which is both:

- (1) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre specified in the applicable Pricing Supplement; and
- (2) either (a) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign exchange currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre) and which if the Specified Currency is Australian dollars, shall be Sydney and, in the case of New Zealand dollars, shall be Auckland and Wellington or (b) in relation to any sum payable in euro, a day on which the TARGET System (as defined below) is open.

“Day Count Fraction” means in respect of the calculation of an amount of interest in accordance with Condition 4:

 - (b) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year;

- (C) if **“30/360”** is specified in the applicable Pricing Supplement, the number of days in the period from and including the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to, but excluding, the relevant payment date (such number of days being calculated on the basis of 12 30-day months) divided by 360;
- (D) if **“Actual/Actual”** or **“Actual/Actual (ISDA)”** is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls on a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in the non-leap year divided by 365);
- (E) if **“Actual/365 (Fixed)”** is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365;

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

5. Redemption and Purchase

(a) *At Maturity*

Unless previously repaid, each Note will be repaid by the Issuer at its Final Redemption Amount in the relevant Specified Currency on the Maturity Date specified in the applicable Pricing Supplement.

(b) *Early Redemption for Tax Reasons*

If, as a result of any change in the laws of Canada or any province, territory or political division thereof or the interpretation or administration of any such laws, which change becomes effective on or after the latest Issue Date of the Notes of this Series, the Issuer would, on the occasion of the next payment due in respect of the Notes of this Series, be required to pay additional amounts as provided in Condition 9, the Issuer may at its option, having given not more than 60 days' nor less than 30 days' notice (or such other notice period as may be specified in the applicable Pricing Supplement) to the Agent and to the holders of the Notes of this Series in accordance with Condition 13 (which notice shall be irrevocable), at any time or, if the Notes of this Series are Floating Rate Notes, on any Interest Payment Date, redeem all, but not some only, of the Notes of this Series each at its Early Redemption Amount referred to in Condition 5(e) below, together, if appropriate, with interest accrued to, but excluding, the date of redemption. Upon the expiry of such notice, the Issuer shall be bound to redeem the Notes of this Series accordingly.

(c) *Early Redemption at the Option of the Issuer ("Issuer Call Option")*

If Issuer Call Option is specified in the applicable Pricing Supplement as being applicable, the Issuer may, upon giving not more than 60 days' nor less than 30 days' notice (or such other notice period as may be specified in the applicable Pricing Supplement) to the Agent and to the holders of the Notes of this Series in accordance with Condition 13 (which notice shall be irrevocable), redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) indicated in the applicable Pricing Supplement together, if appropriate, with interest accrued to but excluding such Optional Redemption Date. In the event of a redemption of some only of such Notes, such redemption must be for an amount being not less than the Minimum Redemption Amount or not greater than the Maximum Redemption Amount, as indicated in the applicable Pricing Supplement. In the case of a partial redemption of Definitive Notes, the Notes to be redeemed will be selected individually by lot not more than 60 days prior to the date fixed for redemption in such place as the Agent may approve and in such manner as it deems appropriate and notice of the Notes called for redemption will be given in accordance with Condition 13 not less than 30 days prior to the date fixed for redemption, subject to applicable laws and stock exchange requirements. In the case of a partial redemption of Global Notes, the relevant Notes will be redeemed in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, such partial redemption to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion, subject to applicable laws and stock exchange requirements.

(d) *Early Redemption at the Option of the Noteholders ("Noteholder Put Option")*

If Noteholder Put Option is specified in the applicable Pricing Supplement as being applicable, upon the holder of any Note giving not more than 60 days' nor less than 30

days' notice (or such other period specified in the Pricing Supplement) to the Issuer in accordance with Condition 13 (which notice shall be irrevocable) the Issuer will, upon the expiry of such notice, redeem, subject to and in accordance with the terms specified in the applicable Pricing Supplement, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount indicated in the applicable Pricing Supplement together, if appropriate, with interest accrued to but excluding such Optional Redemption Date.

To exercise the right to require redemption of this Note, the Noteholder must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control. If this Note is represented by a global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note the Noteholder must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary, for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

Any Put Notice given by a Noteholder pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 10.

(e) *Early Redemption Amounts*

For the purposes of paragraph (b) above and Condition 10, Notes will be redeemed at an amount (the "**Early Redemption Amount**") calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price and payable in the Specified Currency in which the Notes are denominated, at the Final Redemption Amount thereof; or
- (ii) in the case of Notes (other than Zero Coupon Notes) with a Final Redemption Amount which is or may be lesser or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount set out in, or determined in the manner set out in, the applicable Pricing Supplement or, if no such amount or manner is set out in the applicable Pricing Supplement, at their nominal amount; or
- (iii) in the case of Zero Coupon Notes, at an amount (the "**Amortised Face Amount**") equal to:

- (A) the sum of (x) the Reference Price specified in the applicable Pricing Supplement and (y) the product of the Accrual Yield specified in the applicable Pricing Supplement (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable; or
- (B) if the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (b) above or upon its becoming due and repayable as provided in Condition 10 is not paid or available for payment when due, the amount due and repayable in respect of such Zero Coupon Note shall be the Amortised Face Amount of such Zero Coupon Note calculated as provided above as though the references in clause (A) to the date fixed for redemption or the date upon which the Zero Coupon Note becomes due and repayable were replaced by references to the date (the "Reference Date") which is the earlier of:
 - (1) the date on which all amounts due in respect of the Note have been paid; and
 - (2) the date on which the full amount of the moneys repayable has been received by the Agent and notice to that effect has been given in accordance with Condition 13.

The calculation of the Amortised Face Amount in accordance with this sub-paragraph (B) will continue to be made, after as well as before judgment, until the Reference Date unless the Reference Date falls on or after the Maturity Date, in which case the amount due and repayable shall be the nominal amount of such Note together with interest at a rate per annum equal to the Accrual Yield.

Where any such calculation is to be made for a period of less than a full year, it shall be made on the basis of a 360-day year consisting of 12 months of 30 days each or on such other calculation basis as may be specified in the applicable Pricing Supplement.

(f) *Instalments*

Any Note which is repayable in instalments will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Pricing Supplement. In the case of Definitive Notes, all instalments (other than the final instalment) will be paid against surrender of the relevant Receipt (which must be presented with the Note to which it appertains) and, in the case of the final instalment, against surrender of the relevant Note, all as more fully described in Condition 6.

(g) *Purchases*

Subject to any applicable legal or regulatory restrictions, the Issuer may at any time purchase Notes (provided that, in the case of Definitive Notes, all unmatured Receipts and Coupons appertaining thereto are surrendered therewith) in the open market or by private treaty at any price. If purchases are made by tender, tenders must be available to all holders of Notes of the relevant Series alike.

(h) *Cancellation*

All Notes redeemed by the Issuer as aforesaid will be cancelled forthwith and any Notes purchased by the Issuer as aforesaid may, at the option of the Issuer, be surrendered to

the Agent and cancelled. Any Notes to be cancelled shall be cancelled, together with all unmatured Receipts and Coupons attached thereto or surrendered or purchased therewith, and may not be resold or reissued.

(i) *Further Provisions applicable to Redemption Amount and Instalment Amounts*

- (i) The provisions of Conditions 4(b)(vi), (vii) and (viii) shall apply with necessary adaptations to any determination or calculation of the Redemption Amount or any Instalment Amount required by the applicable Pricing Supplement to be made by the Calculation Agent.
- (ii) References herein to “**Redemption Amount**” shall mean, as appropriate, the Final Redemption Amount, the final Instalment Amount and the Early Redemption Amount or such other amount in the nature of a redemption amount as may be specified in, or determined in accordance with the provisions of, the applicable Pricing Supplement.

6. **Payments**

(a) *Method of Payment*

Subject as provided below:

- (i) Payments in a Specified Currency other than euro or U.S. dollars will be made by credit or transfer to an account in the Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency.
- (ii) Payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.
- (iii) Payments in U.S. dollars will be made by credit or transfer to a U.S. dollar account maintained by the payee outside of the United States, at the option of the payee, or by a cheque drawn on a United States bank.

In no event will payment of amounts due in respect of Notes be made by a cheque mailed to an address, or by transfer or credit to an account at a bank located, in the United States (which expression, as used herein, means the United States of America, including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction).

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 9. References to “Specified Currency” include any successor currency under applicable law. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(b) *Payments in respect of Definitive Notes*

Payments of principal in respect of Definitive Notes will (subject as provided below) be made in the Specified Currency in the manner provided in paragraph (a) above against

surrender of Definitive Notes and payments of interest in respect of the Definitive Notes will (subject as provided below) be made in the Specified Currency in the manner provided in paragraph (a) above against surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States.

Notwithstanding the foregoing, if the Definitive Notes are denominated or payable in U.S. dollars, payments in respect of the Definitive Notes will only be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment at such specified offices outside the United States of the full amount owing in respect of the Notes in the manner provided above when due;
- (ii) payment of the full amount owing in respect of the Notes at such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

Payments of instalments of principal (if any), other than the final instalment in respect of Definitive Notes, will (subject as provided below) be made against presentation and surrender of the relevant Receipt. Each Receipt must be presented for payment of the relevant instalment together with the relevant Definitive Note to which it appertains. Upon any Definitive Note becoming due and payable prior to its stated Maturity Date, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof. Unmatured Receipts and Receipts presented without the Definitive Note to which they appertain do not constitute valid obligations of the Issuer.

Fixed Rate Notes in definitive form (other than Dual Currency Notes, Index Linked Notes or Long Maturity Notes (as defined below)) must be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons to be issued on exchange of matured Talons) failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the aggregate amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time after the Relevant Date (as defined in Condition 9) in respect of such principal and before the expiry of the prescription period under Condition 12. Upon any such Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note, Index Linked Note or Long Maturity Note in definitive form becomes due and repayable, all unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof. A **“Long Maturity Note”** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such

Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

(c) *Payments in respect of Global Notes*

Payments of principal and interest (if any) in respect of Global Notes will (subject as provided below) be made in the manner specified above and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent. A record of each payment made against presentation or surrender of such Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made.

Subject as provided below (i) the holder of the relevant Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid and (ii) each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for the holder's share of each payment so made by the Issuer to, or to the order of, the holder of the relevant Global Note. In certain limited circumstances described in the relevant Global Note in which payments in respect of a Global Note are not made when due, owners of beneficial interests in such Global Note may become entitled to proceed directly against the Issuer.

(d) *Payment of Accrued Interest on Redemption*

If the due date for redemption of any Note in definitive form is not an Interest Payment Date, interest (if any) accrued in respect of such Note from and including the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant Definitive Note.

(e) *Payment Business Day*

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Business Day (as defined below), the holder thereof shall not be entitled to payment until the next following Payment Business Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, unless specified in the applicable Pricing Supplement, "**Payment Business Day**" means any day which subject to Condition 12, is:

- (i) a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation (in the case of Notes in definitive form only); and
 - (B) any Additional Financial Centre specified in the applicable Pricing Supplement; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and

are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal centre of the country of the relevant Specified Currency (if other than the place of presentation, any Additional Financial Centre) and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland and Wellington, respectively or (2) in relation to any sum payable in euro, a day on which the TARGET System is open.

(f) *Conversion into euro*

Unless specified otherwise in the applicable Pricing Supplement, if the Issuer is due to make a payment in a currency (the “original currency”) other than euro in respect of any Note, Coupon or Receipt and the original currency is not available on the foreign exchange markets due to the imposition of exchange controls, the original currency’s replacement or disuse or other circumstances beyond the Issuer’s control, the Issuer will be entitled to satisfy its obligations in respect of such payment by making payment in euro on the basis of the spot exchange rate (the “Euro FX Rate”) at which the original currency is offered in exchange for euro in the London foreign exchange market (or, at the option of the Issuer or its designated Calculation Agent, in the foreign exchange market of any other financial centre which is then open for business) at noon, London time, two Business Days prior to the date on which payment is due or, if the Euro FX Rate is not available on that date, on the basis of a substitute exchange rate determined by the Issuer or by its designated Calculation Agent acting in its absolute discretion from such source(s) and at such time as it may select. For the avoidance of doubt, the Euro FX Rate or substitute exchange rate as aforesaid may be such that the resulting euro amount is zero and in such event no amount of euro or the original currency will be payable. Any payment made in euro or non-payment in accordance with this paragraph will not constitute an Event of Default under Condition 10 or trigger the Issuer’s indemnification obligation under Condition 15.

(g) *Interpretation of Principal and Interest*

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable under Condition 9 in respect of principal;
- (ii) the Optional Redemption Amount of the Notes;
- (iii) the Final Redemption Amount of the Notes;
- (iv) the Early Redemption Amount of the Notes;
- (v) in relation to Notes redeemable in instalments, the Instalment Amounts; and
- (vi) any premium and any other amounts which may be payable under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable under Condition 9 in respect of interest.

7. Agent and Paying Agent

The name of the initial Agent and Paying Agent and its initial specified office are set out on the Note and, if any additional or other Agents are appointed in connection with a Series of Notes, the names and addresses of such Agents will be specified in the applicable Pricing Supplement. In acting under the Agency Agreement, the Agent and any other Paying Agent will act solely as agent of the Issuer and do not assume any obligations or relationships of agency or trust to or with the Noteholders, Receiptholders or Couponholders, except that (without affecting the obligations of the Issuer to the Noteholders, Receiptholders and Couponholders to repay Notes and to pay interest thereon) funds received for the payment of the principal of or interest on the Notes shall be held by them in trust for the Noteholders, Receiptholders and/or Couponholders until the expiration of the relevant period of prescription under Condition 12.

The Issuer is entitled to vary or terminate the appointment of the Agent or any other Paying Agent and/or appoint additional or other paying agents and/or approve any change in the specified office through which the Agent or any other Paying Agent acts, provided that:

- (i) so long as any Notes are outstanding, there will at all times be an Agent; and
- (ii) so long as any Notes are listed and/or admitted to trading on any stock exchange or other relevant authority, there will at all times be a Paying Agent (which may be the Agent) with a specified office in each location as may be required by the rules and regulations of the relevant stock exchange or other relevant authority.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the second paragraph of Condition 6(b). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 days' nor more than 45 days' prior notice thereof shall have been given to the Agent and the Noteholders in accordance with Condition 13 provided that no such variation, termination, appointment or change shall take effect (except in the case of insolvency) within 15 days before or after any Interest Payment Date or Instalment Date. Notwithstanding the foregoing, the Issuer may, with immediate effect, appoint a Paying Agent with respect to a particular Series of Notes without the requirement to give notice to Noteholders other than Noteholders of such Series (if any).

8. Exchange of Talons

On and after the Interest Payment Date, on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including, if such further Coupon sheet does not include Coupons to, and including, the final date for the payment of interest due in respect of the Note to which it appertains, a further Talon, subject to the provisions of Condition 6(b) and Condition 12. Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

9. Taxation

All payments of principal and interest by the Issuer will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or charges of whatever nature imposed or levied by or on behalf of the Government of Canada or

any province, territory or political division thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or charges is required by law or by the interpretation or administration thereof. In that event, the Issuer will pay such additional amounts as may be necessary in order that the net amounts receivable by the Noteholders, the Receiptholders or the Couponholders, as the case may be, after such withholding or deduction, shall equal the respective amounts of principal or interest which would have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amount shall be payable with respect to any Note, Receipt or Coupon:

- (i) to, or to a third party on behalf of, a Noteholder, Receiptholder or Couponholder who is liable to such taxes or duties in respect of such Note, Receipt or Coupon by reason of the holder having some connection with Canada other than the mere holding of such Note, Receipt or Coupon; or
- (ii) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to such additional amount on presenting the same for payment on or before such thirtieth day.

As used herein, the “**Relevant Date**” means:

- (A) the date on which such payment first becomes due; or
- (B) if the full amount of the moneys payable has not been received by the Agent on or prior to such due date, the date on which, the full amount of such moneys, has been so received and notice to that effect shall have been given to the Noteholders in accordance with Condition 13.

10. Events of Default

In case one or more of the following events (hereinafter referred to as “**Events of Default**”) shall have occurred and be continuing, that is to say:

- (a) if the Issuer shall fail to pay principal due on any of the Notes for a period of 15 days after the date when due;
- (b) if the Issuer shall fail to pay any interest due under any of the Notes for a period of 30 days after the date when due; or
- (c) if the Issuer shall fail to perform or observe any term, covenant or agreement contained in any of the Notes for a period of 60 days after the date on which written notice of such failure, requiring the Issuer to remedy the same, shall first have been given to the Agent by the holder of any Note at the time outstanding,

then in each and every such case the nominal amount of any Note together with all accrued interest thereon shall, at the option of and upon written notice to the Issuer by the holder thereof, mature and become immediately due and payable on the date that such written notice is received by the Issuer, unless prior to the receipt of such notice all Events of Default in respect of all the Notes shall have been cured.

11. Replacement of Notes, Receipts, Coupons and Talons

Should any Note, Receipt, Coupon or Talon be mutilated, defaced, destroyed, lost or stolen, it may be replaced at the specified office of the Agent or any other Paying Agent

(or such other place as may be notified to the Noteholders), in accordance with all applicable laws and regulations, upon payment by the claimant of the expenses incurred by the Issuer, Agent or Paying Agent, as the case may be, in connection therewith and on such terms as to evidence, indemnity, security or otherwise as the Issuer, Agent or Paying Agent, as the case may be, may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12. Prescription

Subject to applicable law, the Notes, Receipts and Coupons will become void unless presented for payment within a period of six years from the Relevant Date (as defined in Condition 9) relating thereto. Any moneys paid by the Issuer to the Agent for the payment of principal or interest in respect of the Notes and remaining unclaimed when the Notes, Receipts or Coupons become void shall forthwith be repaid to the Issuer and all liability with respect thereto shall thereupon cease. There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 12 or Condition 6(b) or any Talon which would be void pursuant to Condition 6(b).

13. Notices

Notices in respect of the Notes, save where another effective means of communication has been specified in the applicable Pricing Supplement, shall be published (i) in one leading English language daily newspaper with circulation in the United Kingdom (which is expected to be the *Financial Times*) or, if this is not practicable, one other such English language daily newspaper having general circulation in Europe as the Issuer, in consultation with the Agent, shall decide; and (ii) if and for so long as the Notes are listed on the Luxembourg Stock Exchange, in a daily newspaper of general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or on the Luxembourg Stock Exchange's website (www.bourse.lu). Any notice so given will be deemed to have been validly given on the date of such publication (or, if published more than once, on the first date on which publication is made). Holders of Coupons will be deemed for all purposes to have notice of the contents of any notice given to Holders of Bearer Notes in accordance with this Condition. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any other stock exchange or other relevant authority on which the Notes are for the time being listed or admitted to trading.

There may, so long as the Global Notes for a Series are held in their entirety on behalf of Euroclear or Clearstream, Luxembourg, be substituted for such publication in such newspaper the delivery of the relevant notice to the relevant clearance system for communication by it to the holders of the Notes of such Series. Any such notice shall be deemed to have been given to the holders of the Notes of such Series on the seventh day after the day on which the said notice was given to Euroclear or Clearstream, Luxembourg, as the case may be. If and for so long as the Notes of such Series are listed on the Luxembourg Stock Exchange, any notice in respect of such Notes will also be published in accordance with the rules of the Luxembourg Stock Exchange.

Any notice to the Agent shall be given to it in writing at its specified office or to such other address as shall have been notified to the holders of Notes, Receipts and Coupons in accordance with this Condition 13. Notwithstanding the foregoing, so long as any of the Notes of this Series are represented by a Global Note, such notice may be given by any holder of a Note of this Series to the Agent via Euroclear or Clearstream, Luxembourg, as

the case may be, in such manner as the Agent and Euroclear or Clearstream, Luxembourg may approve for this purpose.

Notices to be given to the Issuer by any holder of the Notes shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Agent. 14. Modification

The Agency Agreement and the Terms and Conditions, Notes, Receipts, Coupons or Talons may be amended or supplemented by the parties to the Agency Agreement, without the consent of the Noteholders, Couponholders, Receiptholders or Talonholders, for the purpose of curing any ambiguity or curing, correcting or supplementing any defective provision contained therein or in a manner which the parties may mutually deem necessary or desirable and which shall not adversely affect the interests of the outstanding Noteholders, Couponholders, Receiptholders or Talonholders. For the purpose of this Condition 15, “**rate of exchange**” means the noon spot delivery quotations (London time) on the London foreign exchange market on the date of payment to purchase the Specified Currency with the other currency as determined by the Agent.

16. Further Issues

The Issuer may from time to time without notice to or the consent of the Noteholders create and issue further notes having the same rights, restrictions, terms and conditions as the Notes in all respects (or in all respects save for the Issue Date, the first payment of interest thereon and/or the Issue Price) so that the same shall be consolidated and form a single Series with the Notes.

MAP OF THE PROVINCE

DESCRIPTION OF THE PROVINCE

General Information

The Province of Manitoba is one of Canada's 10 provinces. The Province is located in the center of Canada, north of the States of Minnesota and North Dakota. It is the most easterly of the three Provinces of Manitoba, Saskatchewan and Alberta, which together constitute the Prairie Region of Canada. Manitoba is bounded on the east by the Province of Ontario, on the north by Hudson Bay and the Territory of Nunavut, and on the west by the Province of Saskatchewan. The Province has 400 miles of northern coastline bordering on Hudson Bay. The only seaport in the Prairie Region is located at Churchill on Hudson Bay.

Of Manitoba's total area of 251,000 square miles, 39,000 square miles are lakes and rivers and 163,000 square miles are lands owned by the Province. Cultivated land comprises 28,000 square miles in the southern part of the Province. The northern part of the Province, which is part of the Canadian Shield, is composed largely of timberlands and extensive areas of mineralized rock structure.

The estimated population of Manitoba on 1 July 2016 was 1,318,128 (an increase of 1.7% over the prior year). Winnipeg Census Metropolitan Area had an estimated population of 804,200 in 2016, an increase of 1.4% over the prior year. Winnipeg, the capital of the Province, has a diversified economic base with significant activity in a variety of manufacturing and service sectors. Winnipeg is also a major air, rail, and truck transportation hub by virtue of its geographical position in the center of the continent.

The second-largest city in the Province is Brandon, with an estimated population of 53,102 in 2016 an increase of 1.7% over the prior year. Brandon, in western Manitoba, is a major supply center for the agriculture industry, as well as an agriculture-related manufacturing center.

We refer you to the information contained in Exhibit 99.1 of the Issuer's Form 18-K and the Annual Report, incorporated by reference herein.

Each Dealer has agreed and each other Dealer appointed under the Programme will be required to agree that it will comply, to the best of its knowledge, in good faith and on reasonable grounds after making all reasonable investigation, with all applicable securities laws, regulations and directives in force in any jurisdiction in which it purchases, offers, sells or delivers Notes or possesses or distributes the Offering Memorandum, any Pricing Supplement or any other offering material and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer nor any other Dealer shall have any responsibility therefor. TAX CONSIDERATIONS

CANADIAN TAX CONSIDERATIONS

The following summarises the principal income tax considerations as of the date of this Offering Memorandum under the laws of Canada generally applicable to a holder of Notes who acquires Notes pursuant to this Offering Memorandum, and who, at all relevant times, for the purposes of the *Income Tax Act* (Canada) (the “**Act**”) and any applicable income tax convention, is not resident and is not deemed to be resident in Canada and who does not use or hold and is not deemed to use or hold Notes in or in the course of carrying on a business in Canada and is not an insurer carrying on an insurance business in Canada and elsewhere (a “**Non-resident Holder**”).

This summary is based upon the provisions of the Act in force on this date and the regulations thereunder (the “**Regulations**”), proposed amendments to the Act and the Regulations publicly announced prior to the date hereof and the current administrative practices and policies published by the Canada Revenue Agency. This summary does not take into account or anticipate any other changes in law, whether by legislative, governmental or judicial action or interpretation, nor does it take into account provincial, territorial or foreign income tax legislation or any income tax convention between Canada and another country. Subsequent developments could have a material effect on the following description.

The Canadian federal income tax considerations applicable to particular Notes, may be described in the Pricing Supplement relevant to such Notes, in which case the following summary will be superseded thereby to the extent indicated in such Pricing Supplement.

The Issuer is not required to withhold tax from interest or principal paid or credited by it in respect of Notes to a Non-resident Holder unless, generally, all or any part of the interest, or of any amount deemed by the Act to be interest, paid or payable on the Notes is contingent or dependent on the use of or production from property in Canada or is computed by reference to revenue, profit, cash flow, commodity price or any other similar criterion or by reference to dividends paid or payable to shareholders of any class or series of shares of a corporation. However, interest, or amounts deemed by the Act to be interest, paid or payable on Notes that is contingent or dependent upon any of the criteria described above will be exempt from withholding tax if the Notes are “prescribed obligations”. A “**prescribed obligation**” is a debt obligation the terms or conditions of which provide for an adjustment to the amount payable in respect of the obligation for a period during which the obligation was outstanding which adjustment is determined by reference to a change in the purchasing power of money and no amount payable in respect thereof, other than an amount determined by reference to a change in the purchasing power of money, is contingent or dependent upon, or computed by reference to, any of the criteria described above.

If applicable, the normal rate of Canadian non-resident withholding tax is 25 per cent. but such rate may be reduced under the terms of an applicable income tax treaty.

Subject to the foregoing, a Non-resident Holder is not taxable on income or capital gains under the Act in respect of the Notes, or interest thereon.

The summary of Canadian income tax considerations above is of a general nature only and is not, and should not be construed to be, advice to any particular holder of Notes.

Prospective holders should consult their tax advisers for advice regarding the income tax considerations applicable to them.

THE PROPOSED FINANCIAL TRANSACTIONS TAX (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

Legal and Arbitration Proceedings

There are no, and have not been any, governmental, legal, arbitration or administrative proceedings (and, so far as the Issuer is aware, no such proceedings are pending or threatened) which may have or have had during the 12 months prior to the date of this Offering Memorandum, a significant effect on the financial position of the Issuer.

The Issuer may be sued in the courts of the Province of Manitoba in accordance with *The Proceedings Against the Crown Act* (Manitoba) with regard to any claims arising out of or relating to the obligations of the Issuer under the Programme Agreement, the Agency Agreement or the Notes. No law of the Province of Manitoba requires any authorisation, consent or approval of any public official or authority for suit to be brought or judgment to be obtained against the Issuer arising out of or relating to the obligations of the Issuer under the Programme Agreement, the Agency Agreement or the Notes; nor is there any immunity from jurisdiction available to the Issuer in any such action. Although no execution or attachment or process in the nature thereof shall be issued out of any court of the Province of Manitoba for enforcing payment by the Issuer of money or costs, any

order of a court of the Province of Manitoba for the payment of money, by way of damages or otherwise, or of costs by the Issuer is required to be paid out of the Consolidated Fund of the Province of Manitoba upon presentation to the Minister of Finance of the Province of Manitoba of a certificate of such court as to such order.
