

# Physician Integrated Network (PIN)

November 17, 2006 Workshop:  
Articulating the Future State

Next Steps/Timeline

## *Our Vision*

*“Quality primary care is available to all Manitobans; through networked Primary Care Physicians in collaboration with other providers.”*

# Next Steps – From Today

- Create a single document reflecting the day's discussions.
- Share the document with all Workshop participants.
- Use the work from today to guide PIN development.

# Next Steps – Moving Forward

- **PIN Site Future State Planning Meetings (Late-November/Early December):** To review the activities established in the Nov. 17 workshop and begin to identify which of them could apply to the individual demonstration site clinics.  
Participants: Demonstration Site Clinics  
Providers/Administrators.
- **PIN Clinic Administrators Meeting (Dec. 6):** To begin discussions on the specific impacts/considerations on business processes that the identified PIN activities will have at each clinic.  
Participants: Demonstration Site Clinic administrators.

# Next Steps – Moving Forward

- **PIN Site Implementation Planning Meetings (January-February):** To begin discussions with Providers at each of the clinics as to how (Change management, training, resources, etc.) the established/identified PIN activities will be integrated into their practice.  
Participants: Demonstration Site Clinic Providers/Administrators.
- **PIN Implementation Work Shop (February 16)**  
To review work completed to date and discuss the implementation of the PIN activities.  
Participants: Demonstration Site Clinic Providers/Administrators, and Additional Health Stakeholders.

# Physician Integrated Network (PIN)

# Thank you
