Parents/guardian/legal or appointed decision makers should discuss the information provided for the vaccines listed above with the child, and involve the child in the decision to provide consent to the immunization(s). Although a child may be immunized with the consent of a parent/guardian/legal or appointed decision maker, a child is entitled to be informed about immunization(s). A child may provide consent to immunization(s) if the person administering the vaccine determines that the child understands the consequences of making a decision with respect to the immunization(s), including risks and benefits of the vaccine(s), possible reactions to the vaccine, and the risks associated with not being immunized. Please refer to the Informed Consent Guidelines located at: **www.manitoba.ca/health/publichealth/cdc/protocol/consentguidelines.pdf**

Notice: The Department of Health is authorized to collect the personal information and personal health information on this form by s. 13(1) of *The Personal Health Information Act* and s. 36(1)(b) of *The Freedom of Information and Protection of Privacy Act* because it is collected for the purpose of administering immunizations. Information about the immunizations you or your child(ren) receive will be recorded in the provincial immunization registry. Information collected in the provincial immunization registry can be used to produce immunization records, or notify you or your doctor if a particular immunization has been missed. The Personal Health Information Act protects your information. You can have your personal health information hidden from view from health care providers. For more information, please contact your local public health office to speak with a public health nurse **www.manitoba.ca/health/publichealth/offices.html**
