Documentation of Organization & Service Delivery Location Final

Provincial Population & Public Health SOP

Public Health Information Systems, Population and Public Health

Date approved: March 7, 2024

Deadline for next review: March, 2027

1. Abbreviations

PHIMS Public Health Information Management System

Org Organization

SDL Service Delivery Location

2. Purpose

The purpose of this document is to support consistent and accurate documentation of Org & SDL by PHIMS users.

3. Scope

These guidelines are intended for use by all PHIMS users working in immunization and inventory.

4. Background

Funding allocated for immunizations, accurate surveillance of vaccine uptake, and inventory management; including vaccine recalls, are dependent on proper documentation of Organization (Org) and Service Delivery Location (SDL) in the Public

Health Information Management System (PHIMS). Data quality analysis of immunizations documented has shown that Org/SDL information is frequently left blank or is documented incorrectly.

5. Definitions

Term	Definition
Historical Immunizations	Immunizations that were already administered out of province/out of country, or by non-PHIMS providers.
PHIMS Provider	Health professional who provides immunization services and documents directly in PHIMS (e.g., Public health nurses, pharmacists).
Non-PHIMS Provider	Health professional who provides immunization services and does not document directly in PHIMS.
Provider Recorded Immunizations	Health Professional who provides the immunization and documents directly in PHIMS.
Non-Provider Recorded Immunizations	Person who records out of province/out of country immunizations in PHIMS or on behalf of a PHIMS or non-PHIMS provider.
Organization (Org)	The organization responsible for the service delivery location. The immunization is attributed to this organization.
Service Delivery Location (SDL)	The service delivery location where the immunization was administered.
Auto-decrementing	Automatically subtracts vaccine doses from the inventory holding point for each documented immunization.

6. Procedures

6.1. Setting Immunization User Defaults [1]

- 6.1.1. Log in to PHIMS.
- 6.1.2. Select appropriate Organization.
- 6.1.3. Select appropriate User Role.
- 6.1.4. Navigate to My Account > Immunization User Defaults
- 6.1.5. Document:
 - Organization
 - Service Delivery
 Location
 - Holding Point Name
 - Holding Point Location

Set as needed for auto-decrementing from inventory holding point. Not applicable for Non-Public Health users as they don't have access to

See 8.2. for illustrated step-by-step instructions.

- 6.2. Determining Appropriate Org & SDL
 - 6.2.1. Log in to PHIMS.
 - 6.2.2. Select appropriate Org.
 - 6.2.3. Select appropriate User Role.
 - 6.2.4. Navigate to Reports > List > MB9702-SDL-List.
 - 6.2.5. Leave parameters blank > Generate Report Now.
 - 6.2.6. Open Excel Report File.
 - 6.2.7. Highlight entire worksheet (click on arrow in top left corner between Column A and Row 1).
 - 6.2.8. Use Ctrl + F for a keyword search (e.g., Arborg) to find the correct org and SDL of a facility.
 - 6.2.9. Enter the org and SDL information into the correct fields.
 - **Org = Column J (Parent Organization Name)**
 - SDL = Column B (SDL Display Name)

See 8.3. for illustrated step-by-step instructions

7. Validation and References

[1] Immunization Defaults, Public Health Information Management System, Nov 2023 (cited 29-01-2024). Available from: <u>Immunization-Defaults-QRC (phimsmb.ca)</u>

8. Appendices

8.1. Sample Documentation of Org/SDL for Various Settings

Disclaimer: The following are examples based on various setting types and were chosen at random. Holding Point Locations have been fabricated for the purpose of this document. Please refer to the SDL List report for a complete and accurate list of available Org/SDL and Holding Points.

Entering Provider Recorded or Non-Provider Recorded Immunizations
