

Poker Walk

During the week/s of _____ and _____, employees are encouraged to take part in a Poker Walk.

What is Involved?

The Poker Walk takes place over five days, Monday to Friday. Each time you take a 10-minute walk break throughout the week, you will be entitled to request one playing card. Once you have collected a full hand of five cards, you can choose to either *hold* the hand you have, or, begin to trade one card each time you participate in a 10-minute walk.

Rules of the Game

1. You can receive a maximum of three playing cards per day.
2. You must *always* take the top card from the deck.
3. The maximum number of cards you can hold at any time is five.
4. This is an independent card game – no trading with co-workers.
5. Remember, the organizer just distributes the cards. It is up to you to keep the game honest.

Prizes will be awarded each Friday at noon to the player holding the best poker hand. Put your five cards in an envelope with your name on it and give it to _____ before the deadline.

Good Luck!

Poker Walk

Card Dealer Duties

During the week/s of _____ employees are being encouraged to participate in a Poker Walk.

Each time staff members take a 10-minute walk break throughout the week of _____ they will be entitled to request one playing card from you.

A maximum of three playing cards per day can be requested.

We need your help!

Please distribute playing cards to staff members when they request them from you during this week.

When a playing card is requested, **always** take the top card from the deck and give it to the staff member.

Use all of the cards in one deck before opening a new deck.

When staff members have a total of five playing cards they may choose to begin trading cards.

At this time, you will be required to accept the discarded playing cards and issue new ones.

A box for discarded cards will be provided.

This is an independent card game. You are being asked *only* to distribute cards on request and accept discarded playing cards. It is up to each staff member to keep the game honest!

THANK YOU for helping to make this a fun, active week! Be sure to take your walk breaks...and try *your* hand at poker!

Poker Hand Ranking

Royal Flush

The best poker hand you can have

Ex: Ten, Jack, Queen, King, and Ace of the same suit.

Straight Flush

Five cards, all of the same suit that are in sequence
