Winnipeg, MB R3B 0X3

Dear Glen,

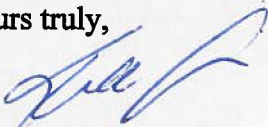

RE: Proposed Ewart Unit No. 8 & Daly Unit No. 8 – Approval

The Petroleum Branch is pleased to grant approval for Ewart Unit No. 8 (EU8) & Daly Unit No. 8 (DU8) covering section 20-7-28 (*for EU8*) and section 29-10-28 & S/2 32-10-28 (*for DU8*) in Daly Sinclair field. The effective date for both units will be October 01, 2014.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within these new units. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen at (204) 945-6570.

Yours truly,

Keith Lowdon
Director
