Prior to Introduction of bills, Mr. MALOWAY rose on a Matter of Urgent Public Importance and moved:

THAT, in accordance with rule 38(1), the regularly scheduled business of the House be set aside to discuss a matter of urgent public importance, namely, that the United States of America has imposed new tariffs of up to 24% on Canadian softwood lumber exports.

Manitoba's forestry industry is facing an uncertain future and these punitive duties will negatively impact an industry that directly and indirectly employs hundreds of Manitobans and generates millions of dollars of export business with the United States each year.

We urge the Provincial Government to work with the Federal Government to protect Manitoba's forestry sector by preventing job losses, investing in natural resource development and strengthening Manitoba's economy.

And Mr. MALOWAY, Hon. Messrs. GOERTZEN and GERRARD (by leave) having spoken to the urgency of the motion,

WHEREUPON Madam Speaker ruled as follows:

I thank Honourable Members for their advice to the Chair on whether the motion proposed by the Honourable Member for Elmwood should be debated today.

I would note that notice of this matter required by Rule 38(1) was provided, however I must note that there were problems with the form of that notice. First, the document was not addressed to the Speaker. Second, it was not in the form of a letter explaining the Member's intention, but rather was in the form of a motion. Third, the form of the motion itself was incorrect, as motions should not contain extra information beyond the specific purpose of the motion.

For future reference I would encourage Members to consult our Table Officers in advance on the proper form of a notice letter.

Under our rules and practices, the subject matter requiring urgent consideration must be so pressing that the public interest will suffer if the matter is not given immediate attention.

There must also be no other reasonable opportunities to raise the matter.

I do not doubt that this matter is one that is of serious concern to all members of the House, as trade matters with United States of America are a key concern of Manitobans and of this Legislature.

However I have listened very carefully to the arguments put forward, and I was not persuaded that the ordinary business of the House should be set aside to deal with this issue today.

I would note that there are other avenues for Members to raise this issue, including questions in Question Period, raising the item under Members' Statements and Grievances, as well as during the consideration of Departmental Estimates in the Committee of Supply.

Therefore, with the greatest of respect, I rule the motion out of order as a matter of urgent public importance.

The House resolved into Committee of Supply.

The House then adjourned at 5:01 p.m. until 1:30 p.m. Wednesday, April 26, 2017.

Hon. Myrna DRIEDGER, Speaker.
