

LEGISLATIVE ASSEMBLY OF MANITOBA
NOTICE OF THE LAUNCH OF THE HOUSE BROADCAST PAGE
FROM THE SPEAKER OF THE HOUSE, THE HON. MYRNA B. DRIEDGER

I am pleased to announce that after much preparation we have launched our House Broadcast Archive page on the Legislative Assembly website.

This page hosts archived video and audio of House proceedings, available for viewing at your convenience. Currently the Archive hosts the three weeks of session commencing with the most recent Throne Speech in November, 2017. There are separate links for the video broadcasts of Routine Proceedings, as well as the audio broadcasts of the morning and afternoon sittings.

We will be adding all future broadcasts of proceedings to this page, which will be posted on the morning following each sitting, on a schedule similar to our Hansard production.

You will find the archive here:

Coincident with this launch we have also updated our copyright provisions, which you can find here:

If you have any questions about the archive, or any other matter related to our site, please contact our Website Administrator at web@leg.gov.mb.ca.
