Dear Ms. Schwitek:

**RE: Environment Act Licence Suspension
Discharge of Faulkner Wastewater Treatment Lagoon**

This letter acknowledges the request by the Rural Municipality of Grahamdale on September 5, 2017 to commence discharge of effluent from the secondary cell of the Faulkner Wastewater Treatment Lagoon without meeting the effluent limit for total coliforms as specified in Environment Act Licence 1923.

I am granting a suspension of Clause 10(c) of Environment Act Licence No. 1923 pursuant to Section 18(1) of The Environment Act which allows you to proceed with the discharge. The suspension is in effect from September 11, 2017 to September 24, 2017 inclusive for this event.

Please be advised that if weather conditions become unsuitable, discharge must cease and authorization may be revoked. All other clauses in Environment Act Licence No. 1923 remain in effect.

If you have any questions, please contact Kurt Dorward, Environment Officer in Selkirk at (204) 785-0296.

Yours sincerely,

Don Labossiere
