

Table 9: Impact Implications on Multiple Benefits to Society (Non-timber Values 2 of 2)

Forest Management Activities		Non-timber Values (Page 2 of 2)							
		Skiing	Canoeing & Designated Waterways	Tourism	Special Forest Products	Mining	Natural Lands & Special Places	Protected Areas	First Nations Traditional Forest Uses
Planning	Public Participation	*	*	*	*	*	*	*	*
	Road & Watercourse Crossing Planning	I	M	M / *		*	M	M	M/*
	Harvest & Renewal Planning	I	I	M	M		M	M	M/*
	Sustainability Modeling								
	Information Collection & Application	*	*	*	*		*		*
	Access Management	*	I / *	*	*	*	*		
Infrastructure Development	All-weather Road (Class I & II)		I						N/*
	Dry-weather Road (Class III)		I						M/*
	Winter Road (Class IV)								M/*
	Road & ROW Maintenance								
	Permanent Watercourse Crossings		M						N/*
	Temporary Watercourse Crossings		I						
	Camps, Timber & Fuel Storage Sites								
	Non-hazardous Construction Waste		I						
Harvesting	Decommissioning		*	*					I
	Logging (Felling/Forwarding)		M	M	M	I			M/*
	Slashing & Woody Debris Management								
	Timber Storage								
Forest Renewal	Timber Transportation to Mill								
	Site Preparation / Scarification		*	*					
	Tree Establishment (Natural & Planting)		*	*					
	Mechanical Stand Tending								
Forest Protection	Chemical Stand Tending				I				I
	Insect & Disease Control			*	I				
	Fire Control			*	*				
Equipment Use	In-block Operations		I	I					
	Fuel Storage & Handling								
	Non-hazardous & Hazardous Waste								

Note: Non-timber Values Components from Tables 8 and 9 also represents impact implications for these components as they apply to Table 7: Multiple Benefits to Society, Productive Capacity in terms of Non-timber Uses.
