Dear Mr. Scrafield:

**RE: Manitoba-Minnesota Transmission Project (MMTP) – I.R. Responses Package 1**

Please find attached responses to all Round 1 Information Requests submitted to Manitoba Hydro on February 8, 2017, February 13, 2017, February 16, 2017, and February 19-21, 2017 pursuant to the Manitoba-Minnesota Transmission Project. Please see the attached table for a complete listing of the responses provided.

Manitoba Hydro received the final Metis Land Use and Occupancy Study on March 8, 2017. However, many of the information requests in this regard were in various forms of finalization prior to receipt of this report and as such may indicate the report was pending.

As per correspondence from Cathy Johnson on March 8, 2017, participants are reminded, “Round #2 is intended to be clarifications of round #1 responses. In preparing your round #2 requests, please reference the IR# response from round #1.”

We trust the enclosed responds appropriately to your requests.

Regards,
