

April 19, 2017

Mr. Serge Scrafield
Chair
Clean Environment Commission
305-155 Carlton Street
Winnipeg, MB R3C 3H8

Dear Mr. Scrafield:

RE: Manitoba-Minnesota Transmission Project (MMTP) – ATK Information

In agreement with the Manitoba Metis Federation (MMF), Manitoba Hydro committed to filing the ‘Metis Land Use and Occupancy Study – Assessment of Potential Effects Prior to Mitigation’ (the MMF Report) and to filing a supplemental report where Manitoba Hydro articulates how the MMF Report information has influenced MMTP.

Due to file size limitation, the ‘Metis Land Use Occupancy Study – Assessment of Potential Effects Prior to Mitigation’ (the MMF Report) has been provided to the Clean Environment Commission for posting onto their website. The supplemental report where Manitoba Hydro articulates how the MMF Report information has influenced MMTP is attached.

Regards,
