

MANITOBA WINTER TEACHER WORKSHOP

**Friday, January 15, 2016
10 a.m. – 2:30 p.m.
Location: Pine Point Trail**

Discover how you can get your students outside this winter in Manitoba's provincial parks!

At our Teacher Workshop, you'll learn and discover with our skilled Park Interpreters on outdoor winter recreational and educational opportunities in provincial parks.

The workshop is offered completely FREE for teachers from all grades and curriculums!

We'll provide snowshoes for a 5 km guided trek with Park Interpreters around the Pine Point Trail. Along the way we'll stop at different stations to study the snow and unique winter adaptations of the Whiteshell flora and fauna.

We'll break to warm up in the trail shelter at the scenic Pine Point Rapids and roast hotdogs for lunch. Inside the shelter we'll discuss winter recreation and educational opportunities in provincial parks as well as tips for planning a successful winter field trip.

Spaces are limited, so register early for this unique opportunity!

MANITOBA WINTER TEACHER WORKSHOP

Friday, January 15, 2016
