# let's make every drop count.

## **West Souris River Integrated Watershed Management Plan**

We are asking for your help to develop this management plan and design working solutions for your area.

Tell us your concerns on how to conserve and improve land management, water quality, water quantity and ecosystems in the watershed.

Take part in writing the future of your watershed or just come to learn more at one of our upcoming discussions.

### **Cromer**

March 24, 7:00 pm  
Cromer Community Centre

### **Pipestone**

March 25, 7:00 pm
