About This Guide

The Manitoba Seniors’ Guide is produced and distributed by the Seniors and Healthy Aging Secretariat and the Manitoba Council on Aging. The Seniors’ Guide is available online at [www.gov.mb.ca/shas](http://www.gov.mb.ca/shas). If you have questions or would like to obtain a hard copy of the Seniors’ Guide, contact the Seniors Information Line at 204-945-6565, 1-800-665-6565 or seniors@gov.mb.ca. This information is available in alternate formats upon request.

How the Guide is Organized

To help you find the information you are looking for, the Seniors’ Guide is organized in a variety of ways. Sections are color coded and marked for easy reference. In addition, the table of contents and alphabetical index allow you to quickly search the Guide by organization or program/service names.

A Message from Deanne Crothers, 
Minister of Healthy Living and Seniors

A warm hello to seniors, their families and caregivers throughout our great province. It is my privilege to present you with the 2015/2016 edition of our Seniors’ Guide.

The guide provides information on a wide range of government and community resources for senior citizens. You’ll find information on health and wellness, active living, lifelong learning, housing, transportation, financial security, legal matters, home safety, caregiving, emergency services and much more. We hope this guide will help connect you with these important programs and services. I encourage you to keep a copy of the guide handy for easy referral.

Our government is working hard to support seniors, addressing issues such as healthy aging, elder abuse, caregiving, and making our communities age-friendly. In the spring of 2015, our government significantly improved benefits to seniors. This included a 10 per cent increase in the primary caregiver tax credit. Primary caregivers can now claim up to three care recipients on their income tax return for a maximum tax credit of $4,200. Manitoba has doubled the seniors’ school tax rebate, which allows seniors to save up to $1,570 on their annual property taxes.

I would like to give special thanks to the Manitoba Council on Aging and the Caregiver Advisory Committee. The guidance, insight and support you provide to older adults in Manitoba, in your respective roles, is invaluable.

Last, but not least, thank you to Manitoba’s seniors, who contribute so much to our province. Your wisdom, experience and tremendous energy help us all to be better people.

I hope you will find this guide to be a helpful resource that leads you to learn about the many excellent services and programs provided by government and community agencies.

If you’d like more information on any issue concerning seniors, please call the Seniors Information Line at 204-945-6565 in Winnipeg, toll free 1-800-665-6565 or visit www.manitoba.ca/shas.

Deanne Crothers
Minister of Healthy Living and Seniors
Welcome to all. It is my pleasure to present the 2015-2016 edition of the Manitoba Seniors’ Guide.

In the following pages, you’ll find a comprehensive list of government and non-government programs and services, designed specifically for older Manitobans. The senior years are exciting and challenging, and our council believes it is important to have access to as much information as possible, to help us better understand and enjoy life.

Whether you’re looking for information about active living, health care, financial matters or legal issues, most likely, this guide has the resources you’ll need.

If you’re not familiar with our council, we are an advisory body to Manitoba’s Minister of Healthy Living and Seniors. We share the voices of older Manitobans with government. We are also strong supporters of the Age-Friendly Manitoba Initiative, which is devoted to creating communities that are respectful, inclusive and supportive to people of all ages.

We welcome your feedback on the Seniors’ Guide and other seniors’ issues. You can reach us at 204-945-6565, toll free 1-800-665-6565, by email at seniors@gov.mb.ca, or online at www.manitoba.ca/shas/manitobacouncil/

MANITOBA COUNCIL ON AGING RECOGNITION AWARDS

Each year, it is our honour to present awards to older Manitobans who have made outstanding contributions to their communities. Awards are offered in three categories:

• senior volunteers, ages 65+, who make extraordinary contributions to their communities and individuals of any age
• intergenerational groups, of which one includes those ages 65+, who make extraordinary contributions to communities through collaborative activities
• journalists who make extraordinary contributions promoting positive images of aging

There are people you know deserving of an award. All Manitobans can nominate someone who is making a difference contributing to the positive images of aging.

For information, or to request a nomination package, call 204-945-6565 or toll free at 1-800-665-6565, email at seniors@gov.mb.ca, or download the nomination package online at www.manitoba.ca/shas/manitobacouncil/awards.html

CELEBRATORY DAYS

SENIORS’ AND ELDERS’ DAY

Manitoba celebrates National Seniors’ Day and Seniors’ and Elders’ Month in October. This gives us all a chance to recognize and celebrate the ongoing contributions of older Manitobans. Anyone can participate by hosting an event in their own community that promotes the positive images of aging and supports healthy aging.

For more information, contact:
Seniors and Healthy Aging Secretariat,
204-945-6565/1-800-665-6565.

CAREGIVER RECOGNITION DAY

On the first Tuesday in April, the Province proclaims the day as Caregiver Recognition Day in Manitoba. This is an opportunity to recognize the valuable contributions of caregivers.

For more information, contact:
Seniors and Healthy Aging Secretariat,
204-945-6565/1-800-665-6565.

WORLD ELDER ABUSE AWARENESS DAY (WEAAD)

On June 15th, Manitoba joins in the global observance of World Elder Abuse Awareness Day. This is a time to share information, discuss the issue of abuse of older adults and become involved. For more information on events and ways in which your community can recognize this day, contact the Seniors and Healthy Aging Secretariat, 204-945-6565/1-800-665-6565 or visit www.weaadmanitoba.ca.

ACTIVE LIVING COALITION FOR OLDER ADULTS IN MANITOBA (ALCOA-MB)

ALCOA-MB is a partnership of organizations and individuals who encourage older Manitobans to maintain and enhance their health and well-being through a lifestyle that embraces daily physical activities. ALCOA-MB encourages all Manitobans 55 years of age or older to become and stay socially engaged in their community. ALCOA-MB:

- promotes provincial events including Active Aging Week, Seniors’ and Elders’ Month and the annual Manitoba 55 Plus Games
- champions changing the way we age to promote a positive image about healthy aging and to prevent elder abuse
- promotes and supports age-friendly active living through peer-leader training programs such as Steppin’ Up and Out – which encourages older adults to get involved as a leader or a participant
- co-ordinates peer-led speakers bureau on a variety of healthy aging topics, including falls prevention, active living, medicine use and misuse, get in the fun and games, and healthy mouth: key to a healthy body
- provides equipment on loan:
  - healthy Lifestyles Bingo
  - sets of pickleball equipment
- co-ordinates demonstrations on a variety of age-friendly activities including Nordic pole walking and 55 Plus Games activities

ALCOA-MB also offers meaningful volunteer opportunities.

TRANSPORTATION OPTIONS NETWORK FOR SENIORS (TONS)

TONS informs and educates Manitobans on transportation options that enhance quality of life and promote age-friendly communities. TONS offers the following:

- the Changing Seats presentation highlights that self aware older drivers can assess their capacity to drive. It addresses the challenges faced by older adults when making the decision to transition away from driving, adaptations that can be made to continue driving and the options that are available to seniors when they are no longer able to drive.
- the Getting Around: Taxi Usage Guide for Older Adults is available on request.
- information on local volunteer driving programs is provided.
- transit information and orientation programs are provided (ex: Park and Ride).
• a website search tool is provided for senior transportation options in rural Manitoba.
• information on rural Handi-van program meetings and resources for seniors, families and others.

1.1 Senior Centres

MANITOBA ASSOCIATION OF SENIOR CENTRES (MASC)

MASC is the tie that binds together senior centres across Manitoba. MASC facilitates communication, networking and planning between and among senior centres, and raises their profiles. It helps develop senior centres. Collaborating with other senior serving organizations is a high priority. Please visit us at www.manitobaseniorcentres.com.

MASC helps in the planning of a safety program of 13 topics for older adults at the community level called Police Academy: Older Adults Division.

The Intergenerational Manitoba website is a central point of contact for information, tools and resources to assist with planning intergenerational programs and initiatives in Manitoba. It includes links to videos, publications and teaching tools. The site also showcases current initiatives in Manitoba and provides an opportunity to connect with others for ideas and information. Please visit us at www.intergenerationalmanitoba.ca.

SENIOR CENTRES BY REGION

Senior centres are community focal points where older people (55+ or retired) come together for services. Programs and activities enhance their dignity, support their independence and encourage their involvement in and with the community. Programs and services may include:

• physical activity opportunities (ex: fitness classes, dancing classes)
• health and wellness programs
• information and referrals

Many communities also have drop-in centres for seniors. They offer a variety of activities and programs. To locate a seniors drop-in centre in your community, contact your local Seniors Community Resource Council (see pages 9 to 16) or your local community centre.

This list of multipurpose senior centres in Manitoba is organized in two ways:

1. The multipurpose senior centres have been grouped together based on the regional health
authority (RHA) area that they are located in. For example, the Senior Centre in Steinbach is located in Southern Health-Santé Sud and is listed under Southern Health-Santé Sud. A map of the regional health authorities can be found on page 6.

2. The centres have also been listed alphabetically according to the town/city they are located in.

2.5 Library and Archive Services

ARCHIVES OF MANITOBA

The Archives of Manitoba holds archival records of the Manitoba government, municipalities and schools (since Manitoba became a province in 1870), private records of individuals, organizations and community groups dating from the Red River Settlement days to the present. It also houses the records of the UNESCO designated Hudson’s Bay Company Archives (HBCA). HBCA records date from the HBC’s inception in 1670, and document the history of the fur trade, exploration and settlement in Western Canada and the development of HBC’s retail empire. Selected Manitoba government records may be helpful in establishing proof of age for obtaining social and financial benefits or for researching family history.

PUBLIC LIBRARY SERVICES
Manitoba’s municipal and regional public library systems provide access to invaluable collections, programs and services. Public libraries offer a safe and welcoming social space where expert staff help in the discovery of information and resources to support an individual’s learning or leisure pursuit.

Public libraries loan books in every genre, subject and reading level to accommodate the interests of all Manitobans. Library materials are available in multiple formats such as large print, audio books, music and videos — on the shelf and online. Libraries have a variety of magazines and newspapers and licensed products to provide a variety of high quality content and personal tools (ex: language learning or genealogical databases).

Library users are not limited to the local library branches. They can borrow material from all Manitoba libraries through interlibrary loan services. Libraries also source materials in alternate format for persons with disabilities who are unable to read standard print.

Library services are delivered through more than 120 local, mobile and outreach facilities throughout the province. Users unable to access a public library facility are encouraged to inquire about home-based programs and services available through their public library systems.

RESPITE CARE

Respite care provides relief to caregivers of home care clients who require up to 24-hour care and supervision. Respite care reduces caregiver stress and helps to sustain clients in their homes. For more information on respite care options available in your community, contact your Home Care case coordinator or local regional health authority office (see pages 71 to 78).

SUPPORT GROUPS

Several organizations across Manitoba offer support groups for caregivers such as disease specific organizations (see pages 91 to 96), Seniors Community Resource Councils (see pages 9 to 16) or the Healthy Aging Resource Teams (see page 79).

Employment Benefits for Caregivers

COMPASSIONATE CARE BENEFITS

If you are eligible for Employment Insurance and want to care for a gravely ill or dying family member, you may be eligible for Compassionate Care Benefits. This program provides temporary financial compensation and job security for a certain period of time. For more information or an application package, contact a Service Canada Centre (see page 54).

End-of-Life Care

CANADIAN VIRTUAL HOSPICE

The Canadian Virtual Hospice provides support and personalized information about advanced and life-limiting illness, palliative and end-of-life care, loss and grief to patients, family members, health care providers, researchers, educators and volunteers.

This includes:

- online access to palliative care specialists, including physicians, nurses, social workers, spiritual care advisors and ethicists who provide confidential answers to questions
- articles and videos about managing symptoms, accessing financial benefits, and other topics to help navigate the health care system and communicate with local health care providers
- common questions are answered by the Virtual Hospice team
- caregiving videos with easy instructions for common caregiving tasks
- discussion forums where patients and families can connect with others
- latest research findings

PALLIATIVE CARE PROGRAMS
End-of-life care or palliative care is health care for people (of any age) and their families who are living with a life-limiting illness, usually at an advanced stage. The goal of palliative care programs is to manage physical symptoms and provide social, emotional and spiritual support for individuals and their families throughout the course of the illness, including bereavement support. Each regional health authority in Manitoba offers palliative care. For more information, contact the Palliative Care Program in your regional health authority:

Interlake-Eastern Regional Health Authority: 204-467-3361
Northern Health Region:
Thompson & area: 204-778-1427
Flin Flon, The Pas & area: 204-687-4870
Prairie Mountain Health: 204-747-1832
Southern Health-Santé Sud: 204-388-2038
Winnipeg Regional Health Authority: 204-237-2400

PALLIATIVE CARE DRUG ACCESS PROGRAM
This program, offered by Manitoba Health, Healthy Living and Seniors, is designed for people at the end stages of their illness, when the focus of care is on comfort. By covering the cost of eligible drugs for use in the home or in another residence, a major financial burden is removed for patients and their families.

For more information on applying for this program, contact your physician or the palliative care coordinator in your local regional health authority (see pages 71 to 72). Or go to www.gov.mb.ca/health/pcdap/index.html

4.4 Tax Credits

PRIMARY CAREGIVER TAX CREDIT
For more information, see page 59.

4.5 Funeral Arrangements

EMPLOYMENT AND INCOME ASSISTANCE – FUNERAL COVERAGE
Employment and Income Assistance (EIA) may provide financial support to cover the cost of a person’s funeral, even if the person was not a participant of EIA at the time of death. An assessment of the deceased person’s financial resources will be completed. Where it is determined that the estate is not able to meet the funeral expenses, EIA will pay for these costs based on service rates that have been agreed to with the Manitoba Funeral Services Association. For more information, contact your nearest EIA office (see page 57).

MANITOBA FUNERAL SERVICE ASSOCIATION (MFSA)
The MFSA is a non-profit association. It supports the advancement of funeral service to the public as well as individual members. Their website contains basic information on funeral planning.

Service Canada is the one-stop service for federal government programs, including Old Age Security (OAS) and the Canada Pension Plan (CPP). Canada’s public pension system provides seniors with a secure, modest base of retirement income. The two main programs are Old Age Security and the Canada Pension Plan. Benefits do not start automatically – you must apply for them. Cost-of-living adjustments are made in January of each year for CPP and quarterly for OAS. For more information, or to receive your application package, contact a Service Canada Centre.

Old Age Security Pension (OAS)
OAS provides a monthly support payment to all seniors 65 or older who have lived in Canada for at least 10 years (since the age of 18), regardless of whether they have worked or not.

- You should apply at least six months before you turn 65.
- If you lived in Canada, but now live in another country, you may still be eligible.
• Full or partial pensions are determined by the length of residency in Canada.
• OAS benefits are sent out monthly and are subject to income tax.

For more information or to receive your application package, contact or visit a Service Canada Centre (see page 54).

GUARANTEED INCOME SUPPLEMENT (GIS)

The GIS is an additional monthly benefit available to seniors who receive an Old Age Security Pension and have a low income.

• GIS is a non-taxable income.
• If you are married or living common-law, your combined income is used to determine eligibility.
• First time applicants must apply. If you file your income tax return every year on time, you will likely not have to reapply.

For more information or to receive your application package, contact or visit a Service Canada Centre (see page 54).

ALLOWANCE

The Allowance is a monthly benefit for low-income seniors (aged 60 to 64) whose spouse or common-law partner is eligible for, or currently receiving, the Old Age Security Pension and the Guaranteed Income Supplement.

• It is non-taxable income.
• You must reapply each year for this benefit by filling out an income statement or completing an income tax return.
• The Allowance will end when you are eligible to receive the Old Age Security Pension. If you leave Canada for more than six months, have a change in marital status or if your income increases over the cutoff, your allowance will end. For more information or to receive your application package, contact or visit a Service Canada Centre (see page 54).

ALLOWANCE FOR THE SURVIVOR

If you are between 60 and 64, have a low income, and your spouse or common-law partner has died, you may qualify for the Allowance for the Survivor. It is non-taxable income.

For more information or to receive your application package, contact or visit a Service Canada Centre (see page 54).

CANADA PENSION PLAN (CPP) RETIREMENT PENSION

Most working Canadians contribute to the CPP. If you have contributed to CPP and are at least 60 years of age, you are likely entitled to receive a monthly pension.

• The amount you receive is based on how much and for how long you contributed to the plan. It is also affected by what age you take your pension. For example, if you take your pension before the age of 65, your benefits will be reduced.
• You must apply for these benefits preferably at least six months before you want to receive them.
• The earnings are taxable.
• Additional benefits may be available when you die.

For more information or to receive your application package, contact or visit a Service Canada Centre (see page 54).
**CANADA PENSION PLAN (CPP) SURVIVOR BENEFIT**

The Survivor Benefit is a monthly pension paid to the spouse or common-law partner and dependent children of a deceased CPP contributor, if the eligibility criteria are met. The amount is determined by the amount that was contributed to the plan, the age of the surviving spouse/common-law partner, whether there are dependent children and if the surviving spouse/common-law partner is disabled.

For more information or to receive your application package, contact or visit a Service Canada Centre (see page 54).

---

**CANADA PENSION PLAN (CPP) DEATH BENEFIT**

The Death Benefit is a one-time lump sum payment made to a deceased CPP contributor’s estate, if earnings and eligibility requirements are met. If there is no estate, the benefit is given to the person who is responsible for the funeral expenses, the surviving spouse/common-law partner or the next of kin.

For more information or to receive your application package, contact or visit a Service Canada Centre (see page 54).

---

**CANADA PENSION PLAN (CPP) DISABILITY BENEFIT**

CPP Disability Benefit is a monthly benefit for individuals, under the age of 65 who have recently contributed to the CPP while they worked, and then became unable to work at any job on a regular basis because of a disability.

- The earnings are taxable.
- The benefits are converted to retirement pensions at age 65.

For more information or to receive your application package, contact or visit a Service Canada Centre (see page 54).

---

**CANADA PENSION PLAN (CPP) PENSION SHARING**

If you are married or in a common-law relationship, you may be able to save on income tax by sharing your CPP pensions equally. You and your spouse/common-law partner must be 60+ and entitled to receive CPP. This also applies if only one of you contributed to the CPP.

For more information or to receive your application package, contact or visit a Service Canada Centre (see page 54).

---

**CANADA PENSION PLAN (CPP) CREDIT SPLITTING**

If you are separated or divorced, CPP contributions made by you or your spouse/common-law partner can be divided equally. This division applies to contributions you both made during your marriage or common-law relationship. You may be entitled to retirement, disability, or other benefits higher than those for which you would qualify on your own.

For more information or to receive your application package, contact or visit a Service Canada Centre location (see page 54). You may also apply for benefits online.

---

**INTERNATIONAL BENEFITS**

The International Benefits program may provide retirement, disability or survivor benefits to eligible individuals who have lived or worked in another country, or the surviving spouse, common-law partner or children of eligible individuals who have lived or worked in another country with which Canada has a social security agreement.

- Canada has signed social security agreements with a number of other countries.
- Requirements vary by agreement. Check the details of the country that relates to you.

For more information or to receive your application package, contact or visit a Service Canada Centre (see page 54), or call 1-800-454-8731.
EMPLOYMENT INSURANCE (EI)

EI provides temporary funds to unemployed Canadians who have lost a job through no fault of their own. It is available while they look for work or upgrade their skills. Canadians who are sick, pregnant, or caring for a newborn or adopted child, caring for a critically ill or injured child, or those who must care for a family member who is seriously ill with a significant risk of death, may also be eligible.

For more information, contact or visit a Service Canada Centre location (see page 54). You may also apply for benefits online.

6.2 Provincial Income Security Programs

55 PLUS PROGRAM

The 55 PLUS Program, a Manitoba Income Supplement, provides quarterly benefits to lower-income Manitobans who are 55+ and whose incomes are within certain levels. Eligibility is based on income reported in your tax return from the previous year.

To apply:

• If you DO NOT RECEIVE benefits from federal Old Age Security, you must apply for the 55 PLUS Program supplement each benefit year. You can apply any time during the benefit year. Your benefits will start in the quarter in which your completed application is received. If you are married and your spouse is either under 55 or over 65, you may still be eligible for 55 PLUS benefits. An application will be required.

• If you RECEIVE benefits from Old Age Security; you are not required to apply. Your eligibility is automatically determined by the amount of benefits you are already receiving from this pension (Old Age Security Pension, Guaranteed Income Supplement, Allowance, and/or Allowance for the Survivor).

For more information, contact:

EMPLOYMENT AND INCOME ASSISTANCE (EIA)

EIA provides funds to help Manitobans who have no other way to support themselves or their families. For people who are able to work, EIA will help them go back to work by providing employment support.

In most circumstances, people aged 65 or over no longer require EIA support because they are now eligible for Canada’s Old Age Security and/or Guaranteed Income Supplement.

• Some people over the age of 65 who have not lived in Canada long enough to qualify for OAS/GIS benefits may qualify for EIA support if they have no other financial resources to support themselves.

• EIA also provides single grants for medical equipment and supplies and may also provide help to cover the cost of a person’s funeral, even if the person is not receiving EIA (see page 41).

SOCIAL SERVICES APPEAL BOARD
The Social Services Appeal Board is an independent appeal board for decisions about provincial income assistance and other programs offered by Manitoba Family Services (including 55 Plus – A Manitoba Income Supplement Program).

You may file an appeal if you receive, or are applying for, certain provincial assistance programs and if you have had your benefits denied, suspended or reduced.

The Appeal Process
• send a letter of appeal to the board or complete an appeal form, which is available on the SSAB website.
• your appeal must be filed within 30 days of being notified of the decision to deny, reduce or suspend your benefits.
• once filed, a hearing will be scheduled within 30 days and both parties will be given the opportunity to explain their cases directly to the board.
• board decisions are made in private after the hearing.
• a letter will be sent to you (usually within 15 days of the hearing) telling you the board’s decision.

6.4  Tax Credits

The following tax credits can be applied for each year by filling out your income tax form:

**GST/HST CREDIT**
The GST/HST credit is a tax free quarterly payment that helps individuals and families with low or modest incomes offset all or part of the GST or HST that they pay.

*For more information, contact:*
**Canada Revenue Agency**
Toll Free: 1-800-959-1953
Web: www.cra-arc.gc.ca/bnfts/gsthst/fq_pymnts-eng.html

**DISABILITY TAX CREDIT**
The Disability Tax Credit is a non refundable tax credit available to individuals who have an impairment in physical or mental functions that is severe and prolonged. A health care provider must complete the Disability Tax Credit Certificate (Form T2201) which must then be approved by the Canada Revenue Agency before you can claim the tax credit on your income tax and benefit return.

- If you qualify for the Federal Disability Tax Credit, you may be eligible to receive the Manitoba Disability Tax Credit.

For more information, contact the Canada Revenue Agency (see page 59); or go to: www.cra-arc.gc.ca/tx/ndvdlts/sgmnts/dsblts/menu-eng.html

**EDUCATION PROPERTY TAX CREDIT (EPTC)**
The basic credit for 2015 is $700. If your income is below a defined level and you are a senior, you may qualify for an additional amount. The seniors’ EPTC maximum increased to $1,100 in 2015.

For more information, contact the Manitoba Tax Assistance Office (see page 58).

**MANITOBA FAMILY TAX BENEFIT**
The Manitoba Family Tax Benefit reduces the amount of Manitoba tax payable. In addition to the basic credit, taxpayers 65 and over may be eligible to claim an additional amount for themselves and a dependant spouse age 65 and over on form MB428–A.

For more information, contact the Manitoba Tax Assistance Office (see page 58).

**PERSONAL TAX CREDIT**
The Personal Tax Credit is a refundable credit for an individual who lived in Manitoba on the last day of the tax year. She/he may claim the basic credit for self and may be eligible to claim additional amounts for a dependant spouse, age 65 and older, a spouse age 65 and over, and disability amounts on form MB479. For more information, contact the Manitoba Tax Assistance Office (see page 58).

**PRIMARY CAREGIVER TAX CREDIT**
Caregivers may be eligible for Manitoba’s Primary Caregiver Tax Credit of $1,400 per care recipient to a maximum of three. For more information, contact the Manitoba Tax Assistance Office (see page 58) or Manitoba Health 204-788-6646.
**PUBLIC TRANSIT TAX CREDIT**

Individuals can claim the total amount paid for public transit passes, or for the cost of passes for multiple systems on line 364 of the Federal Income Tax Return. This includes the cost of monthly passes or of longer duration such as for travel on public transit. For more information, contact Canada Revenue Agency (see page 59).

**Homeowners should contact:**

Manitoba Tax Assistance Office (see page 58)

---

**SENIORS SCHOOL TAX REBATE**

The school division special levy paid by eligible senior homeowners on qualifying residential properties is being eliminated, starting in 2014. If the basic Education Property Tax Credit (up to $700) fully offset school taxes, the Rebate will begin to apply once school taxes exceed the property tax credit. Effective in 2015, seniors who are liable for paying the school taxes on their principal residence will be eligible for a rebate. Legal representatives can now apply on behalf of the senior. For more information, contact the Manitoba Tax Assistance Office (see page 58).

---

**FEDERAL PENSION TAX CREDIT**

Individuals may be able to claim up to $2,000 of a non refundable tax credit if you reported eligible pension, superannuation, or annuity payments on line 115, line 116, and/or line 129 of the Federal Income Tax Return. For more information, contact Canada Revenue Agency (see page 59).

---

**MANITOBA PENSION INCOME AMOUNT**

Manitoba taxpayers are eligible to claim a specified amount on form MB428 if they receive pension or annuity income. For more information, contact the Manitoba Tax Assistance Office (see page 58).

---

**FARMLAND SCHOOL TAX REBATE**

The Farmland School Tax Rebate (FSTR) provides Manitoba farmland owners with school tax relief. Rebates are for school taxes paid on farmland only, not for school taxes paid on farm residences or buildings. Rebates are capped at $5,000 and vary in percentage per year but were equal to 80% in 2014.

- Applications for the 2015 rebate will be available in the fall of 2015.

LIQUOR AND GAMING AUTHORITY OF MANITOBA (LGA)

On April 1, 2014, the Manitoba Gaming Control Commission and the Manitoba Liquor Control Commission’s Regulatory Services Division combined to become a single regulatory agency – the Liquor and Gaming Authority of Manitoba (LGA). The LGA licenses liquor sales, service and manufacturing, and licenses gaming employees, products and operations in Manitoba.

The LGA is neither pro- nor anti-liquor or gaming. LGA strives to be neutral about the products and services it regulates and it provides a high standard of service through a balanced and independent approach. LGA provides programming that encourages responsible liquor consumption and responsible gambling, conducts research and obtains public input on liquor and gaming.

If you have a question or concern about a gaming activity or a venue/event with a liquor license in Manitoba, contact:

THE CANADIAN ANTI-FRAUD CENTRE

The CAFC is jointly managed by the RCMP, Competition Bureau, and the Ontario Provincial Police. The CAFC is Canada’s central repository for data, intelligence and resource material as it relates to fraud. The CAFC commits to providing timely, accurate and useful information to assist citizens, businesses, law enforcement and governments in Canada and around the world. The CAFC’s primary goals are prevention through education and awareness, disruption of criminal activities, dissemination of intelligence, support to law enforcement and strengthening partnerships between the private and public sectors with the aim of maintaining Canada’s strong economic integrity. The CAFC is comprised of three units: the Call Centre and Intake Unit, the Operational Support Unit, and the Senior Support Unit. The Senior Support Unit (SSU) – provides support and MMF (mass marketing fraud) education to senior victims of MMF by senior volunteers at the CAFC. All victims of fraud should also file a local police report.
For more information, or to report a fraud, contact
(Monday–Friday 8:30 a.m. to 4:30 p.m.):

THE CANADIAN ANTI-FRAUD CENTRE: SENIOR SUPPORT UNIT

The Senior Support Unit (SSU) – offers Support, Prevention and Education of MMF and ID Theft by Senior Volunteers.

Seniors are targeted by mass marketing fraud for many reasons: loneliness, lack of family support, perceived to have savings, age vulnerability and for health-related reasons. Seniors are particularly susceptible to fraud schemes because their generation tends to be more trusting and less likely to end conversations. Fraudulent telemarketers build relationships with seniors and gain their trust before victimizing them. Ruined family lives, great financial losses and suicides have resulted from this brutal crime against older adults.

The CAFC has volunteer seniors who help with the battle against mass marketing and identity fraud. The volunteers call back senior victims of fraud to relate personal experiences, provide support and establish rapport with elderly victims. The “seniors helping seniors” program has grown to a group of approximately 40 active volunteers that call back Canadian senior victims of fraud, from coast to coast. They come from diverse backgrounds and bring many different skills to the CAFC and its attempt to reduce the level of mass marketing fraud and identity theft. This is clearly a successful and effective long-term strategy in reducing the number of seniors victimized by fraud.

The CAFC’s senior support volunteers helps fraud victims by:
- relating personal experiences, wisdom and expertise
- providing emotional and moral support
- being sensitive to the needs of seniors
- contacting victims by phone as often as needed
- educating and re-educating seniors
- obtaining any new suspect company information
- referring victims to other appropriate agencies
- ensuring that seniors have a place to turn to when they need assistance
- helping victimized seniors regain personal dignity

6.9 Affordable Energy Program

MANITOBA HYDRO POWER SMART AFFORDABLE ENERGY PROGRAM

The Affordable Energy Program makes it easy to save energy, improve the comfort of your home, and save money. Qualifying homeowners or home renters with a lower income may be eligible to receive:
- free in-home review
- free basic energy efficiency, such as LED bulbs, low-flow showerheads, and faucet aerators
- free insulation, including the cost of materials and installation
- free drain water heat recovery system for electric water tanks
- a new high efficiency natural gas furnace for only $9.50/month for 5 years (a total of only $570) or a $3000 rebate towards the purchase of a qualifying high efficiency natural gas boiler

By upgrading your insulation you will save on your energy bill for years to come. Replacing your furnace can reduce your heating bill and will give you peace of mind knowing your furnace won’t break down during winter.

EMERGENCY RESPONSE INFORMATION KITS (E.R.I.K.)
E.R.I.K. was developed in response to community concerns about the availability of enough information in emergency situations. E.R.I.K includes the following:

• a health information form, which a health care professional, a pharmacist or your family may assist you with
• a place to insert your Health Care Directive or Living Will, if you have one
• a sticker to place on your front entrance to notify first responders that you have an E.R.I.K.
• a plastic folder with a magnet to hold the information on the front of your fridge. The kit is for seniors, chronically ill people, those who live alone, who have caregivers, who have speech difficulties or communication issues. Once completed, kits must be placed on your refrigerator. You may also want to take a copy of E.R.I.K. with you when you travel. It is important to keep your E.R.I.K up-to-date. To receive an E.R.I.K. or for more information, contact your local Seniors Community Resource Council (see pages 9 to 16).

FAMILY DOCTOR FINDER
The Family Doctor Finder helps to connect Manitobans to a family doctor or nurse practitioner. If you live in Manitoba and need a regular primary care provider, you can register with the program online or by calling the program directly. When you register, you will be asked for basic information, including where you live and your preferences for the type of provider (ex: gender, location, language). Your health region will then work with you to find a provider or clinic that is accepting new patients in a location that works for you. This service is available in both English and French.

REGIONAL HEALTH AUTHORITIES (RHA)

RHAs are health boards responsible for the delivery of health care services to Manitobans. They provide an organized, sustainable health system that balances health promotion, disease prevention and institutional and community-based services. They have community offices and health centres across the province where you can access public health, home care, community mental health and in some cases receive primary care services. For more information, contact the RHA or health centre in your community. A map of the RHAs can be found on page 6:

**MOBILE CLINICS**

Mobile Clinics are buses specifically designed to be primary care clinics. Staffed by nurse practitioners and registered nurses, they provide on the spot primary care for people living in some of Manitoba’s smaller, underserviced communities. The clinics on wheels provide the full range of primary care services, such as physical exams, diagnostic tests, immunizations, referrals, and well baby care.

Nurse practitioners can order medications and diagnostic tests, refer patients to specialists when needed and perform minor procedures. Registered nurses can assess your health status, manage many health care issues, and work with you to manage your health or medical conditions.

People living in or near a community served by one of Manitoba’s Mobile Clinics can use the clinic as their ‘home clinic’ - the place where they receive most of their health care, or just access it for some of their every day health care needs.

*Mobile Clinics are visiting communities in:*

**PRAIRIE MOUNTAIN HEALTH**
The Prairie Mountain Health Mobile Clinic services the communities of San Clara, Binscarth, Birdtail Sioux First Nation, Tootinaowaziibeeng First Nation, Keeseekoowin Ojibway First Nation, and McAuley (RM of Archie). The route will soon be expanded to visit more communities. To find out more about this Mobile Clinic community visit schedule visit the website at: www.prairiemountainhealth.ca or to book an appointment call the toll free line at 1-877-378-3077.

**SOUTHERN HEALTH-SANTÉ SUD**
The Southern Health-Santé Sud Mobile Clinic provides service to the communities of Dominion City, Woodbridge, Plumas, Langruth and St. Ambroise. To find out more about this Mobile Clinic, the community visit schedule or to book an appointment, visit the website at: www.southernhealth.ca or call toll free 1-855-644-3515.

**QUICKCARE CLINICS**

QuickCare Clinics provide drop-in and phone access to health care services when regular primary care services may not be available. Clinics are staffed by registered nurses and nurse practitioners, who diagnose and treat minor health issues that do not require emergency care. They are not a replacement for regular visits with your health care provider. However, they are designed to help you access the health care you need, when your regular provider isn’t available. Information about your visit to a QuickCare clinic can be shared (if you like) with your regular health care provider to keep your medical records accurate and up-to-date. If you don’t have a regular health care provider when you visit one of these clinics, staff can also help you look for one.

**HOME CARE PROGRAM**

Each regional health authority operates a Home Care Program which provides home health care services and support to individuals so they can remain independent and at home for as long as safely possible. Services provided may include:

- personal care
- home support
• nursing, respite/caregiver relief
• occupational and physical therapy assessments
• light housekeeping
• referrals to other agencies
• referrals to adult day programs
• service coordination and assessments for long-term care and specialty services. Services can be requested by the individual, the family or by a doctor. Once Home Care receives a request for service, a Home Care case coordinator will meet with the individual and any other caregivers at home to discuss care needs. Based on the information gathered, the coordinator will develop a care plan to help the individual manage at home.

If other services are needed (ex: long-term care or alternative housing options), they can be accessed any time by requesting this information from your Home Care case coordinator.

If the individual becomes ill and is admitted to hospital, the hospital will inform the Home Care Program and a new plan will be made for when the person returns home. If the individual cannot return home, the case coordinator can help access appropriate housing and care options (ex: supportive housing, personal care homes).

For a copy of the Home Care Guidebook, go to: www.gov.mb.ca/health/homecare/guide

SELF AND FAMILY MANAGED HOME CARE PROGRAM (SFMCP)

Manitobans may be eligible to manage/co-ordinate the non-professional home care services required by themselves or a family member through the SFMCP.

Eligibility of a Home Care client for the SFMCP and eligibility of family member for payment is determined by the regional health authority (RHA) and is based on an established assessment process.

For more information on the program and the eligibility requirements, go to www.gov.mb.ca/health/homecare/nonprof.html; or contact your RHA Home Care office (see pages 74 to 78).

MANITOBA HEALTH APPEAL BOARD (MHAB)

If you have concerns about your home care service or you disagree with a decision made by an assessment panel about your application for placement in a personal care home, you should first talk to your case co-ordinator or his/her supervisor to try and resolve your concerns. If you are still not satisfied, you may file a Notice of Appeal with the Manitoba Health Appeal Board but only for the following issues:

- your eligibility to receive home care services
- the level and/or type of home care services to be provided
- an assessment panel’s decision regarding your placement in a personal care home

For more information on MHAB and the hearing process, filing an appeal and/or to receive a copy of the Notice of Appeal and Representative Authorization forms (available in English and French), see page 115 for MHAB insert in Section 9.
GERIATRIC PROGRAM ASSESSMENT TEAM (GPAT)
The GPAT program assesses frail people over the age of 65 years, living in Winnipeg. Anyone can refer to this service. Clients are seen by a geriatric clinician in their homes or a hospital for an assessment of the following problems:

- mobility impaired function/activities of daily living
- confusion/dementia
- incontinence (toileting)
- depression
- inadequate social supports
- medication issues (poly pharmacy)

For more information, contact:

HEALTHY AGING RESOURCE TEAM
Healthy Aging Resource Teams are each made up of two community health care professionals in Winnipeg. They work in the community to promote health, increase awareness about injury and illness prevention, provide primary care and manage chronic diseases for adults ages 55+. The Healthy Aging Resource Teams are committed to:

- promote health
- manage chronic disease
- prevent injury and illness
- provide health programs
- promote independent living
- work with communities

GERIATRIC DAY HOSPITALS
The geriatric day hospitals provide frail seniors over the age of 65 years with outpatient assessment and rehabilitation. The assessment may include two or more of the following disciplines: nursing, physiotherapy, occupational therapy, geriatrician, geriatric psychiatrist, social worker, pharmacist, dietitian, speech language pathology and spiritual care. Those attending day hospitals require assessment and rehabilitation, health promotion and support to remain in the community. Individuals usually attend once or twice weekly for half or full days. Transportation services are available within Winnipeg. Services extend to the surrounding area of Winnipeg. Referral must be received from the individual’s primary care provider, home care co-ordinator or the hospital after an inpatient or emergency room stay.

For more information, contact your regional health authority in your area (see pages 71 to 72).
MATURE WOMEN’S CENTRE
The Mature Women’s Centre located at the Victoria General Hospital provides a range of services using a nurse managed, interdisciplinary team approach with an emphasis on health promotion and disease prevention. Services include management of menopause, osteoporosis, hysterectomy alternatives and urogenital health.

For more information, contact:
Mature Women’s Centre

PUBLIC HEALTH NURSING SERVICES
Public health nursing services are available throughout Manitoba to all individuals, families and groups in a variety of settings such as homes, community clinics and community centres. They focus on health promotion and the prevention of disease and injuries. Services include:

- assessment of health needs
- health teaching and counselling
- immunizations
- referrals
- advocacy

For more information, contact your local regional health authority or community health office (see pages 71 to 72).

7.2 Manitoba Health Insurance Plan and Benefits

All insured residents of Manitoba are covered by the health insurance plan administered by Manitoba Health, Healthy Living and Seniors. Each Manitoban is given a Manitoba Health Card with a nine-digit lifetime identification number.

Manitoba Health, Healthy Living and Seniors will cover the following medical and practitioners’ services under the provincial health plan:

- physician services that are medically required for you or your dependants (Manitoba Health, Healthy Living and Seniors pays physicians directly)
- surgery / anaesthesia
- x-ray and laboratory services in approved facilities when ordered by a physician or nurse practitioner
- eye exams and certain tests provided by optometrists (see further details under Eye Exams for Seniors on page 81)
- chiropractic services to a maximum of 12 visits per Manitoba resident per calendar year
- dental surgeons for certain dental procedures when hospitalization is required

Manitoba Health, Healthy Living and Seniors will also cover the following hospital services:

- accommodation and meals at the standard level
- necessary nursing services
- laboratory, x-ray and diagnostic procedures
- medications administered in a hospital
- use of the operating room, care room and anesthetic facilities
- routine surgical supplies
- occupational, speech and physiotherapy
- dietetic counselling

If you do not agree with a decision you may appeal to the Manitoba Health Appeal Board (see page 78) by completing a notice of appeal within 30 days of receiving the Manitoba Health, Healthy Living and

MANITOBA HEALTH CARD
Manitoba Health, Healthy Living and Seniors issues a card (or Registration Certificate) to Manitoba residents who are eligible and meet the residency requirements as set out under The Health Services Insurance Act.

The Health Card includes a nine-digit lifetime identification number for each family member and entitles the family members named on the certificate to health benefits insured under the provincial health plan.

The card is white with purple and red print, and includes the previous six-digit family registration number (or single person’s registration number), names, address, sex/gender, birthdate, effective date of coverage, and nine-digit Personal Health Identification Number (PHIN).

To obtain a replacement card or to report any changes (ex: address, marital status, birth, adoption or death) please contact Registration/Client Services (see page 81 for contact information).

EYE EXAMS FOR SENIORS
Manitoba Health, Healthy Living and Seniors provides coverage under the provincial health plan for one routine complete eye exam provided in a 2–year benefit period for patients under the age of 19 years and 65 years of age and over. All residents, regardless of age, are entitled to coverage of an eye exam when warranted by medical conditions as determined by the eye care provider.

Unless the patient falls into one of the above categories, eye exams are not insured through Manitoba Health, Healthy Living and Seniors. The provincial health plan also includes coverage for certain tests provided by optometrists including the Full Threshold Visual Fields Test, the Tonometry Test and the Dilated Fundus Examination. For more information on coverage for Optometry services, please contact Manitoba Health, Healthy Living and Seniors (see page 81).

SENIOR EYEGlass PROGRAM
The Manitoba Health, Healthy Living and Senior Eyeglass Program provides limited financial assistance to Manitoba residents 65+ toward the purchase of eyeglasses (one pair of eyeglasses every three year period – or more often if there is a change in vision).

- benefits are based on a fixed fee schedule for dispensing, frames and lenses. Rebates are never calculated according to the cost of the glasses.
- the total allowable amount, based on this fee schedule, is subject to a $50 deductible. Once the deductible has been applied, Manitoba Health, Healthy Living and Seniors will reimburse 80 per cent of the remainder of the allowable total.
- the $50 deductible applies once a year (April 1 to March 31) per family. If additional glasses are required within the 12 month period, you do not have to pay the deductible again.
- claim forms are available from optometrists and opticians.

7.3 Adult Day Program

ADULT DAY PROGRAMS (ADP)

Day programs provide recreational, social and health services to adults who may be socially isolated, physically frail or living with a chronic condition. They also provide respite for caregivers.

- Most regional health authorities have ADPs running throughout their areas. Applications for the Adult Day Program are completed and managed by a Home Care case coordinator.
- Transportation to and from the program, mid-day meals, refreshments, recreational/social activities are geared to program clients’ needs and abilities.

For more information, contact your regional health authority (see pages 71 to 72) or contact your home care case coordinator.

7.4 Pharmacare Program

Pharmacare is a drug benefit program for all Manitobans whose income is seriously affected by high prescription drug costs. Pharmacare coverage is based on total family income and the amount you pay for eligible prescription drugs.

Each year you are required to pay a portion of the cost of your eligible prescription drugs. This portion is referred to as the Pharmacare deductible. Your deductible is based on your total family income.

There are two ways to apply to the Manitoba Pharmacare Program. The Pharmacare benefit year is April 1 to March 31. You may apply anytime for either option during the benefit year.

OPTION A: ONE-TIME ENROLLMENT
- Fill out, sign and send the following forms to the Pharmacare office: Pharmacare application and consent authorization form.
- The Canada Revenue Agency will send the required income tax information electronically to Manitoba Health, Healthy Living and Seniors.
- If you choose this option, you do not need to re-apply every year. Pharmacare will automatically re-calculate your annual deductible and send that information to you by mail. The annual deductible is calculated on April 1 of each benefit year. Shortly after the beginning of each benefit year, Manitobans who selected this option will receive a letter from Manitoba Health, Healthy Living and Seniors confirming their enrollment in the program and their deductible level for the benefit year.
- To withdraw from the one-time enrollment, send your request in writing to the Pharmacare office.

OPTION B: ANNUAL APPLICATION
(deadline for filing your Pharmacare application is March 31 of each year)
- Fill out, sign and send the following forms to the Pharmacare office: Pharmacare application and consent authorization form.
- You must also include a copy of the Revenue Canada Notice of Assessment from the taxation year, two years before the beginning of the benefit year with your application.
- Please note: if you chose to split pension income with your partner, you are required to submit copies of your Canada Revenue Agency Option C Summary Reports instead of the Notice of Assessments. You can request an Option C Summary Report from the Canada Revenue Agency by contacting them toll free at 1-800-959-8281.
- If you choose this option, you must re-apply each year. Pharmacare program applications are available at all Manitoba pharmacies, on the Manitoba Health, Healthy Living and Seniors website or by contacting the office. To listen to a pre-recorded message that contains basic information on the pharmacare program, contact 204-788-2506 (English) or 204-788-2520 (French).
PHARMACARE DEDUCTIBLE INSTALLMENT PAYMENT PROGRAM

Sometimes a single prescription can be as much or sometimes more than a family’s annual pharmacare deductible amount. The deductible installment payment allows eligible Manitobans to pay their annual pharmacare deductible in interest free monthly installments through their monthly Manitoba Hydro energy bill. To be considered for the payment program, applicants must:

- Be enrolled in the Manitoba pharmacare program
- Have eligible Manitoba pharmacare drug costs over a 30 day period that are equal to or above 20 per cent of their average monthly adjusted family income
- Have reached or gone above their benefit limit for specified prescription drug coverage through another drug insurance or benefit plan in which they are enrolled* as of the application date for enrollment in the payment program
- Pre-authorize Manitoba Hydro to make automated monthly withdrawals from their bank or credit union account to pay for their Manitoba Pharmacare annual deductible by way of monthly installments. After you have filled out your portion of the application form, your pharmacy will estimate your monthly drug costs and send the completed form to Manitoba Health, Healthy Living and Seniors for processing.

* Participation in the payment program could complicate and/or delay the reimbursement of those other benefits. You may be eligible to apply, once all other benefits have been exhausted.

For more information or to receive an application form (forms are also available at all pharmacies), contact:

HOME CANCER DRUG (HDC) PROGRAM

The HCD Program allows Manitobans who are diagnosed with cancer to access eligible outpatient oral cancer and specific supportive drugs (listed in the HCD Program formulary) at no cost to a patient who is covered by the program. The HCD Program covers only eligible medications that are used to treat cancer and/or support the treatment of cancer. If you have questions about whether a medication that has been prescribed for you is eligible for coverage through the HCD Program, ask your CancerCare Manitoba (CCMB) care provider or pharmacist.

To be eligible, patients must be both:

- identified by CCMB as receiving or being scheduled to receive eligible outpatient oral cancer and specific supportive drugs
- registered with Manitoba Health, Healthy Living and Seniors’ pharmacare program, including:
  - being eligible for Manitoba Health coverage
  - your prescriptions for eligible outpatient oral cancer and specific supportive drugs are not being covered by other provincial or federal programs

To enroll in the HCD Program, fill in a HCD Program Application Form through CCMB and register with the Manitoba Pharmacare Program. If you are not already registered with pharmacare, CCMB will help you to complete a pharmacare application and consent authorization form (available from Manitoba Health, Healthy Living and Seniors or CCMB).
Once you are registered with the HCD Program, your prescriptions for eligible outpatient oral cancer and specific supportive drugs can be filled at the Manitoba pharmacy of your choice at no cost.

For general information, contact:
CancerCare Manitoba Pharmacy
Phone: 204-787-4591

To find out if you are currently enrolled in the HCD Program and/or the Manitoba Pharmacare Program, contact Provincial Drug Programs at 204-786-7141 or toll free at 1-800-297-8099.

COMMUNITY THERAPY SERVICES (CTS)
CTS is a private non-profit agency that provides the services of occupational therapists, physiotherapists and other allied health professionals to help individuals live safely and independently in their own homes. Many of the agency’s services are funded directly by Manitoba Health, Healthy Living and Seniors through the regional health authorities and are provided at no cost to eligible clients.

Health Care Directives in Manitoba

What is the purpose of a Health Care Directive?
As a Manitoba citizen you have the right to accept or refuse medical treatment at any time. The Health Care Directives Act allows you to express your wishes about the amount and type of health care and treatment you want to receive should you become unable to speak or otherwise communicate this yourself. It also allows you to give another person the power to make medical decisions for you should you ever be unable to make them yourself.

Why should I fill out a form?
Due to accident or illness, you may become unable to say or show what treatment you would like, and under what conditions. If you have signed a directive, those close to you and the health care professionals treating you are relieved of the burden of guessing what your wishes might be.

How do I make a Health Care Directive?
The Manitoba government has prepared a form for your convenience (see reverse). The form serves as a guide for providing the appropriate information. However, any paper that is signed, dated and provides the same information may be used. A directive may be made by anyone capable of making a health care decision and understanding the consequences of that decision.

Who do I talk to about these decisions?
It is strongly recommended you talk to your doctor before completing the directive. This will ensure your instructions are clear and easily understood by those who provide treatment. Your choices should then be clearly typed or printed.

What is a proxy?
A proxy is someone you choose and name in your directive to act for you in the event you are not able to make such judgments and speak on your own behalf. Because it is not possible to anticipate every set of circumstances, your proxy has the power to make health care decisions for you based on what you have told your proxy about your wishes and the information in your directive.

Who do I choose as my proxy?
The choices you make in a directive are very personal. The person(s) you choose to represent you should be close friends or relatives who are willing to accept this responsibility. You should discuss your wishes openly and in detail with them. It is wise to name more than one proxy in case one is not available when needed.

If you designate two proxies, you must decide how you want them to work, either independently or together as a team. If you decide the two proxies should act jointly, they will act together on your behalf. If you decide they should work consecutively, the second proxy will be contacted if the first is not available or is unwilling to make the required decision at the required time.

It is important to make sure that your proxy (or proxies) understand(s) what is expected and is willing to speak and act for you.

Can I change my mind about my directive?
A Health Care Directive should be a record of your current wishes. If at any time you wish to change the content or the proxies you have listed, all copies of your old directive should be destroyed and a new directive written.

What is the effect of a Health Care Directive?
The wishes you express in your directive are binding on your friends, relatives and health care professionals (unless they are not consistent with accepted health care practices) and will be honoured by the courts. However, health care professionals treating you are not obliged to search for or ask about a signed directive. It is important to be sure that family, friends, your doctor and your proxy know you have a directive and know where it can be found.

Emergency Preparedness

**DEVELOP AN EMERGENCY PLAN**
Each individual has unique needs and abilities. Evaluate your needs and develop an emergency plan to ensure you are better prepared for emergencies.

**PERSONAL SUPPORT NETWORK**
You might need assistance during an emergency. Speak with family, friends, neighbours and others and ask them to be your support network.
- Discuss/provide a copy of your emergency plan to each member of your network.
- Teach them how to assist with your specific needs (ex: use lifesaving equipment, administer medicine, etc.).
- Ensure your network knows where you keep emergency supplies.
- Ensure someone in your network has an extra key to your home.
- Decide how you will contact each other during an emergency.
- Practice your plan with those who have agreed to be part of your support network.

**STAY AT HOME OR EVACUATE**
Depending on the emergency, you may need to stay at home without access to outside services, or evacuate from your community for a period of time. It is important to be prepared for both. Follow directions provided by local officials.

Make sure you have the necessary supplies to sustain you and your family for a minimum of 72 hours. Compile some of your essentials in a kit that you can grab if you need to leave quickly. Arrange in advance to stay with family or friends outside your area in case your community is evacuated during an emergency.

Identify a plan for communicating with family if separated during an emergency.

**FAMILY COMMUNICATIONS PLAN**
Select an out-of-town contact that each family member can call or email to check in. Ensure your contact is aware and agrees to your plan. Provide contact information to your family members.

**MEETING PLACES**
Pre-select two emergency meeting places – one near your home and one outside your neighbourhood, in case your community is evacuated. Ask if it is possible to stay for a period of time in the event of an emergency.

**EMERGENCY KIT**
Some of the supplies you should have on hand in case of emergency are:

- **Basic Items**: bottled water, non-perishable food, manual can opener, candles with holders, matches, flashlight, battery-powered or crank radio, batteries, first aid kit, whistle, extra keys, cash, personal hygiene items, suitable clothing, and your emergency plan.

- **Health Supplies**: medications, medical supplies and devices, health records/prescriptions.

- **Important Documents**: copies of family records, health information, identification, wills, insurance, financial/banking information, etc.

**CONSIDER YOUR PETS**
Compile supplies for your pets in case of emergency: kennel, food, water, health and vaccination records, ID tags, collar, and leash. Check to see if your pets can stay with you at the home of family or friends. If not, make other arrangements with a kennel or veterinarian.

A Checklist to Help You Prevent Falls

While anyone can have a fall, if you are 65 years of age or older you are at greater risk of falling. A fall can result in serious injuries that affect your mobility, independence and lifestyle.

• One in three Canadians age 65 years and over fall at least once per year
• Falling is **not** a normal part of aging
• Most falls can be prevented

The following checklist can help you identify the things that put you at risk of falling.

Answer the questions below to help you stay on your feet and prevent falls. Check if Yes

Have you had a fall in the last year? □

If you have previously fallen, your chance of falling again is higher. This makes it especially important that you take action to prevent falls. Completing this checklist is a good start.

Do you have trouble with your balance, are you unsteady on your feet or do you have difficulty getting up from sitting? □

Do balance and strength exercises 15 minutes each day, such as Tai Chi, or a specific balance exercise program. Visit www.preventfalls.ca for a series of home balance exercises or to find a balance exercise program in your community.

Do you spend less than 30 minutes each day being physically active? □

Many falls are the result of weak muscles and/or poor balance. Stay strong and healthy by walking, swimming, cycling, exercising in a group or doing other activities that you enjoy.

Do you take three or more medications a day? □

Do you take medications for sleeping, blood pressure, mental health, or pain, or any medications that make you drowsy or light headed? □

Some side effects and combinations of medications can increase your risk of a fall. Have your medications, over-the-counter drugs and herbal supplements reviewed by your doctor, pharmacist or nurse once per year and whenever new medications are started.

Do you take less than 1000 IU of vitamin D each day? □

Do you eat less than three nutritious meals every day? □

For good health, take a 1000 IU vitamin D supplement each day and eat nutritious foods from all four food groups. Limit your alcohol intake.

continued on reverse
Do your shoes have high heels, slippery soles or fit poorly? □
Do you wear slippers or socks or stockings without shoes? □
Proper footwear is a key to preventing falls. Wear shoes that fit well and provide good support. Wear shoes, not socks or slippers in your home.

Have you had a stroke? Do you have arthritis, diabetes, Parkinson’s Disease, or problems with your heart, blood pressure or bladder? □
Many health conditions can increase your risk of falling. If your health changes, see your doctor as soon as possible.

Has it been more than two years since your eyes were tested or one year since your glasses were checked? □
Have your eyes checked every two years by your eye doctor and have your eyewear checked for fit each year. Your vision may have changed without you noticing.

Do you do activities that put you at risk of falling such as climbing a ladder? □
Are there hazards in your home that could cause you to fall such as scatter rugs, clutter on the floor or stairs, or poor lighting? □
Always give your full attention to what you are doing and ask for help with activities that could put you at risk of a fall. Visit www.preventfalls.ca for more information on home safety. A safe home can help you maintain an independent lifestyle.

If you answered “yes” to one or more of these questions you have identified your personal risk factors for falling.
Share this checklist with your family, close friends, or healthcare providers so they can help support your efforts to prevent falls.
To learn more, visit www.PreventFalls.ca

Most falls are preventable!
Take action TODAY to prevent falls and maintain your mobility and independence.

Information in this checklist is based on “Stay On Your Feet Western Australia” and has been adapted by the Winnipeg Regional Health Authority.
FACT SHEET Safety for Seniors

WHAT YOU SHOULD KNOW

What is Abuse of Older Adults?
Abuse of older adults is any action or inaction by a person in a position of trust that harms the health or well-being of an older person. It can happen at home, in the community and in health care facilities. Abuse exists in many different forms. It can be physical, psychological, or sexual. Sometimes it is neglect and financial exploitation.

Research shows that the person who abuses a senior is often a family member and dependent on the older person for financial support, a place to live or emotional support.

Help is Available
Nobody deserves to be abused or neglected. If you or someone you know is being abused, you’re not alone.

Many abused older adults are reluctant to identify themselves. They often feel embarrassed and ashamed, and decide not to take action against the people who mistreat them because they are afraid of being rejected by loved ones and forced to leave their homes. If you are being abused, help is available. There are ways to make you safer and work towards building a more respectful relationship.

Keep in mind, both older women and men can experience abuse. Older people can be abused and neglected regardless of their cultural background. Abuse is a complex matter and there are many factors involved.

What can I do?
Where can I go for help?
If you or anyone you know is experiencing abuse, contact the Seniors Abuse Support Line.

Seniors Abuse Support Line
The 24-hour, toll free Seniors Abuse Support Line is a confidential service for older adults who are experiencing abuse. It provides information, support and counselling. Abuse line staff can also help connect people to resources and support services available in the community.

Call toll free: 1-888-896-7183
If you are worried about your immediate safety or the immediate safety of another person, call 911 or your local police service.

The Protection for Persons in Care Office
If you are concerned that someone living in a personal care home, hospital or any other health care facility is experiencing abuse, contact the Protection for Persons in Care Office:

Things you can do to keep safe

• Understand your rights as an older person. You have the right to live free from all types of abuse and to make your own decisions.

• Stay sociable by participating in community activities that you enjoy. Ask trusted friends to visit often.

• Develop a buddy system with a friend outside the home. Plan for at least weekly contact and communicate openly with this person. Choose a person who respects and supports your decisions.

• Keep track of your finances by sending and opening your own mail. Review your bank statements regularly.

• Arrange to have your pension cheques or other income deposited directly into your bank account. You can also have your bills paid directly from your bank account.

• Discuss future plans with your attorney, physician, elder, clergy or trusted family members.

• Get legal advice about arrangements you can make now in case something happens and you are no longer able to make decisions. This may include a power of attorney and a health care directive.

• If someone is making you feel uncomfortable, anxious or afraid, document the things they are doing to make you feel this way. Write down the dates, times and what was done or said.

• Keep a list of emergency services close by. Keep an extra list in your purse or wallet.

• Keep accurate records, accounts and lists of property and assets. Only allow this list to be examined by someone you trust.

• Review your will and do not make changes to it without discussing it with a trusted family member or friend.

• Only give up control of your property or assets when you decide you want to make this change.

• Ask for help or information when you need it. Professionals are available to help.

**Housing Options**

**CONDOMINIUMS (CONDOS)**

Condominiums are a form of shared ownership in which each owner holds title to his/her individual unit, and has a share of the common elements (ex: roof, parking garage, lobby), as well as any common assets (ex: personal property). Each owner pays taxes on his/her property and can sell their unit at any time. Owners may rent out their unit, but may have to pay a leasing levy to the condominium corporation. The Residential Tenancies Branch administers tenant related issues under *The Condominium Act*. Visit [www.gov.mb.ca/condo/index.html](http://www.gov.mb.ca/condo/index.html) for information about condominium ownership. For more information on this type of housing, see the Seniors Housing Directory on page 104.

**CO-OPERATIVE HOUSING (CO-OPS)**

Co-operative housing is owned by members who live in the building. Co-op members buy equity shares in the project and collectively become owners of the building. The monthly housing charges are set by the members to cover the costs of running the co-op. Co-operatives may have subsidies available. Those wanting to become members in an existing project must buy a share in the co-op.

*For more information regarding making an application contact a housing co-operative directly. If you are interested in new co-operative development, contact:*

**INDEPENDENT LIVING WITH TENANT SERVICES (ASSISTED LIVING)**

This type of housing (also called retirement residences) is a private arrangement between the landlord and the individual which combines independent apartment living with services that can be purchased from the landlord. Services may include meals, laundry and housekeeping. On-site assistance and supervision may or may not be provided, depending on the site. The individual pays the rent and services. No referral or assessment is required. Individuals have access to professional and non-professional regional health authority services. For more information on this type of housing, see the Seniors Housing Directory on page 104.

**LIFE LEASE RENTAL HOUSING**

A life lease is a form of rental housing usually for tenants who are 55+. A life lease is a written tenancy agreement. A life lease can be for the life of the tenant or for a specific term (ex: 50 years). Under a life lease, a tenant pays an entrance fee for a rental unit. The tenant also pays rent each month to cover maintenance and other expenses. Individuals considering this type of housing should review the financial health of the project and talk to a lawyer to fully understand the terms of the life lease agreement. The Manitoba Residential Tenancies Branch administers *The Life Leases Act*. For more information, contact the Residential Tenancies Branch near you. (see page 105).
PRIVATE NON–PROFIT HOUSING

This is affordable housing that is provided or managed by incorporated housing associations. Restrictions on tenant eligibility, rent levels and available subsidies differ, depending on the project. For more information on this type of housing, see the Seniors Housing Directory on page 104.

RESIDENTIAL CARE

Residential care is a community housing option that provides congregate living accommodations with care and supervision at levels defined by Manitoba Family Services.

- Residential care facilities are licensed through Manitoba Family Services. Facilities may be profit or non-profit and operated by professional or non-professional staff. Access to these facilities is through the regional health authority.
- The Manitoba government does not subsidize residential care. However, you may qualify for financial assistance under the Rent Assist Program (see page 58/100).

HOUSING AND COMMUNITY DEVELOPMENT (HCD)

Manitoba Housing provides social and affordable rental housing units for seniors who are living on low to moderate incomes in urban, rural and remote areas of the Province.

You may be eligible for assistance under one of the following programs:

- Social Housing and Affordable Housing Rental Programs provide subsidized rental housing to seniors’ households. These properties are owned and operated by Manitoba Housing or managed through an agreement with property management agencies and organizations in the private market.
- Rent Supplement – Manitoba Housing provides rental assistance by entering into agreements with landlords in the private market.

Some seniors’ housing buildings offer tenants additional services. Please ask the Housing and Community Development Manitoba Housing office in your community if these services are available:

- medical alarm switches provide 24-hour service for emergency alert purposes only
- congregate meal programs can be located on-site
- support services can include seniors’ programs
- tenant services staff provide support
- onsite building superintendents provide support

**SUPPORTIVE HOUSING**

Supportive housing is a community-based alternative to a personal care home for seniors who need 24-hour support and supervision in a secure environment. Tenants pay rent for services (meals, laundry, light housekeeping) while the regional health authority funds the personal care at no cost to the tenant. For more information on this type of housing, see a Seniors Housing Directory on page 104.

**PERSONAL CARE HOMES**

For more information on personal care homes and placement, see the Long Term Care Section.

**8.2 Long Term Care**

**LONG TERM AND CONTINUING CARE ASSOCIATION OF MANITOBA**

The Long Term and Continuing Care Association of Manitoba is a provincial, membership-based, non-profit organization that works to advance the delivery of quality long term and continuing care, services and resources, with advocacy, education and networking. Membership represents long term and continuing care beds/suites representing non-profit (49 per cent), and private (51 per cent) retirement, independent living, as well as supportive housing and personal care home residences across Manitoba. The website offers a *Where do I Start* navigation section that will guide you through the options when you or a loved one needs services, assistance or care.

**SUPPORTS TO SENIORS IN GROUP LIVING (SSGL)**

The SSGL model is a housing option with enhanced supports, within some designated seniors housing, to help seniors live independently in the community. These supports may range from help arranging appointments or transportation to social activities or expanded meal programs. Check with the property manager before choosing a group living facility. For more information on this type of housing, see the Seniors Housing Directory on page 104.
PERSONAL CARE HOMES AND PLACEMENT

A personal care home may be the most appropriate care setting when you can no longer manage within your home or an alternative community setting.

Eligibility:

- Canadian citizens (previous five consecutive years) and permanent residents of Manitoba are eligible for insured personal care home services.
- If you are a new Canadian citizen or a new resident to Manitoba, you should discuss your eligibility with a home care case coordinator as restrictions may apply (see pages 74 to 78 for a list of Home Care Offices).

Assessment:

Applications are reviewed by an assessment panel to decide on the most appropriate environment where care needs can be met.

- If your application is denied, you may reapply and be reassessed at a later date. You may also request a review/appeal of the refusal by contacting the Manitoba Health Appeal Board (see page 78) or speaking with your home care case coordinator.
- There may be a waiting period before you are admitted to the personal care home of your choice. During this time, home care services may be provided to you as necessary.
- If you require admission immediately, or are in hospital awaiting placement, you may be asked to accept placement in a different care facility until you can be admitted to the personal care home of your choice.

For more information about personal care homes or placement, contact your home care case coordinator or:

In Winnipeg:

Winnipeg Regional Health Authority Long Term Care Access Centre
Phone: 204-833-1760

In Rural MB: Contact your local Regional Health Authority Office (see pages 71 to 72).

PERSONAL CARE HOME RESIDENTIAL CHARGES

The cost of personal care home services is shared by Manitoba Health, Healthy Living and Seniors, and the client who needs the services. Manitoba Health, Healthy Living and Seniors, pays the majority of the cost through the regional health authorities and the client pays a residential charge.

- The residential charge paid by a client is based on income. The rate structure ensures that all clients have a reasonable amount of spending money for personal expenses after paying the charge.
- The initial charge assessed for each client is the maximum daily rate. You may apply for a reduction to the maximum rate and have the charge based on income by completing a tax information release form, or by completing an application for reduced residential charges and providing a copy of your previous year’s Canada Revenue Agency Notice of Assessment. Facility staff will give you the correct forms.
- If you are unable to pay the charge because of special circumstances, you may request a review within 30 days of the effective date of the charge by completing a request for review form.
- Manitoba Health, Healthy Living and Seniors will review your request and notify the facility of its decision. If you do not agree with this decision you may appeal to the Manitoba Health Appeal Board (see page 78) by completing a notice of appeal within 30 days of being notified of the result of the review decision.
- The Manitoba Health Appeal Board will hold a hearing and advise you of its decision. Facility staff will advise you of the review/appeal process and provide you with the required forms. For more information, contact your personal care home representative.
8.3 Locating Housing

These resources may help you locate housing information. You may also wish to contact your local Seniors Community Resource Council (see pages 9 to 16) for additional information.

8.5 Home Improvement Assistance

MANITOBA EMERGENCY REPAIR PROGRAM FOR HOMEOWNERS (MERPH)

Homeowners with low income may be eligible for financial assistance for emergency repairs to their home. Homeowners may be eligible if the home that is being resided in is:

- in need of emergency repair
- your primary residence
- located in Manitoba outside of First Nations communities
- total gross household income is at or below the income limit set by Housing and Community Development for your community

Up to $5,000 for eligible emergency repairs may be available to qualified homeowners. If your home is located in a northern or remote community, up to $9,000 may be available.

For more information, contact:

MERPH replaces the former Emergency Repair Program and is provided with financial support from the federal government.
RESIDENTIAL ADAPTATIONS FOR DISABILITIES (RAD)

Homeowners with low income, and landlords with tenants who have low incomes, may apply for financial assistance to make adaptations to homes and housing units. These adaptations will help increase mobility, safety and independence for a person who finds it difficult to do everyday tasks in their home. Up to $16,000 for eligible adaptations may be available to qualified homeowners or landlords. If the property is located in a northern or remote community, up to $19,000 may be available to qualified homeowners or landlords. If the adaptations exceed $3,500, a medical certificate is required.

HOMEOWNER RENOVATION ASSISTANCE PROGRAM (HRAP)

Homeowners with low income may be eligible for financial help to repair or restore their homes to a minimum level of health and safety. Homeowners may be eligible if the home you are making an application for is:

- in need of major repair
- your primary residence
- located in Manitoba outside of First Nations communities
- at least five years old
- assessed at a value no higher than the current program limit
- your total gross household income is at or below the income limit set by Housing and Community Development. Up to $20,000 for eligible repairs may be available to qualified homeowners. If your home is located in a northern or remote community, up to $23,000 may be available to qualified homeowners.

MANITOBA HEALTH APPEAL BOARD

The Manitoba Health Appeal Board (the Board) is an independent body established by The Health Services Insurance Act. The Board has been established to ensure that residents of Manitoba have access to an independent arms-length appeal process. If a person is not satisfied with certain decisions involving a financial or operational matter in the health care system, he or she may appeal some of those decisions to the Board.

An appeal can be opened by completing a Notice of Appeal form within 30 days of receiving the decision letter or within such further time as the Board permits.

If you have concerns about your home care service, you disagree with a decision made by an assessment panel about your application for placement in a personal care home, you disagree with the residential charge established for a personal care home, or you disagree with a Manitoba Health decision related to an insured benefit, you may file a Notice of Appeal with the Manitoba Health Appeal Board.

For more information on the Board and the hearing process, filing an appeal and/or to receive a copy of the Notice of Appeal and Representative Authorization forms (available in English and French), contact:

MANITOBA HUMAN RIGHTS COMMISSION

The Manitoba Human Rights Commission is an independent agency of the Manitoba government that administers The Manitoba Human Rights Code. The principles of equality of opportunity, and freedom from unreasonable discrimination in the areas of employment, housing and services extend to all ages under the code.

The Commission conciliates, mediates and investigates complaints alleging discrimination, or failure to accommodate special needs, based on the following grounds: ancestry, ethnic or national origin, religion or creed, age, sex (including pregnancy); gender-determined characteristics, sexual orientation, marital/family status, source of income, political belief, physical or mental disability.

• Unresolved complaints may be referred to an independent human rights adjudicator, who is
appointed by the Manitoba Government attorney general, for a hearing.

- Public education programs and workshops on human rights topics are available.

TRANSITION OR SUCCESSION PLANNING FOR THE FARM OR AGRIBUSINESS
Manitoba Agriculture, Food and Rural Development (MAFRD) offers transition planning guides to help position the farm or agribusiness for a successful intergenerational transition.

- Transition Planning Guide takes you step by step through the process of creating a transition plan for your agribusiness. Successful transition planning involves looking ahead and planning for the future. Leaving behind a healthy business is important to keep it viable and profitable for the long term.
- A Legal Guide to Farm Estate Planning prepares families for the successful sale or transfer of the farm business, either within or outside the family. The guide explains the considerations of transferring property during your lifetime, transferring property at death and the basics of trusts, insurance and family law.
- Family Farm Flowchart shows the many considerations involved in transition planning, and how all of these decisions ultimately support family goals.

For more information, contact your local MAFRD Office.

9.2 Identification

PROOF OF AGE

To get seniors’ reductions and benefits, you are often expected to prove your age. This is especially important when you are applying for government pensions and benefits. There is no need to provide proof of birth if your Social Insurance Number is provided on the application. However, Canada Pension Plan has the right to request proof of birth at any time. Other documents are often accepted.

Usually, two or more of the following are also acceptable documents:

- family bibles, prayer books or diaries provided the complete original book or document is submitted
• marriage records
• education documents (ex: school registers, diplomas, teacher’s certificates)
• insurance record or government annuity contract
• hospital or medical records, vaccination records
• pension or superannuation records
• employment records
• newspaper clippings
• public records such as assessment rolls, voter and jury lists
• membership records in lodges, clubs, associations
• military records
• court records
• census records and national registration records
• naturalization documents, citizenship certificate, immigration records, or passport

**BAPTISM CERTIFICATES**
The church where you were baptized can supply you with a baptism certificate. If you do not know the specific church, write the central office of your religious denomination in that city. They may have duplicate records.

**PASSPORT CANADA**
A passport is often required for travel outside of Canada. For more information, contact Passport Canada (Monday to Friday, 8 a.m. to 4:30 p.m.). Some Service Canada locations may accept passport applications, see page 54 for these locations.

*For more information, contact:*
**Passport Canada**

**Winnipeg, MB**
Toll Free: 1-800-567-6868
TTY: 1-866-255-7655
Web: www.passportcanada.gc.ca

**SOCIAL INSURANCE NUMBER**
Social insurance numbers or cards can be obtained from Service Canada. Social Insurance Numbers are required if you work and many government applications ask for a social insurance number. Applications are done in-person at Service Canada Centres across Manitoba (see page 54) or by mail for those who live in remote regions. Paper applications can be downloaded from the Service Canada website in these situations. Effective April 1, 2014, plastic cards will no longer be produced.

**VITAL STATISTICS – BIRTH, MARRIAGE AND DEATH CERTIFICATES**
Manitoba Vital Statistics Agency issues certificates only for births, deaths and marriages that occurred in Manitoba. All application forms are at: www.vitalstats.gov.mb.ca. These forms can be downloaded, printed, completed and sent with the prescribed fee to:

**Vital Statistics**
254 Portage Avenue
**Winnipeg, MB R3C 0B6**
Phone: 204-945-3701
Toll Free: 1-866-949-9296
Email: vitalstats@gov.mb.ca
Web: http://vitalstats.gov.mb.ca

Questions about births, deaths or marriages that occurred outside of Manitoba should be directed to that province, state or country.

**OTHER OPTIONS FOR PHOTO IDENTIFICATION**
Please note: the Old Age Security Blue Card is no longer available. Photo identification is required for many purposes. For travel out of Canada a passport is the preferred form of identification. However, for other purposes any government issued photo identification may be accepted.

Some examples include:
• valid driver’s licence and the Manitoba Identification Card (contact Manitoba Public Insurance at www.mpi.mb.ca or your local Autopac agent).
• Winnipeg Transit Cards (contact Winnipeg Transit for more information, see page 135).

EMERGENCY RESPONSE INFORMATION KIT (E.R.I.K)

E.R.I.K. is an emergency response information kit developed in response to community concerns about the availability of enough information in emergency situations. For more information, see page 70.

10.1 Personal Emergency Response Systems

A personal emergency response system is an electronic device designed to let an individual call for help in an emergency. If the person needs help, he/she pushes a button or pendant and a trained professional will contact him/her immediately to see what help is needed. If there is no answer, help is sent at once.

- These are intended for individuals who live independently and because of their mobility, are considered at risk. They are also for people who feel unsafe in their homes for a variety of reasons.
- There is usually a monthly monitoring fee, depending on the service, and there may be a one-time set up fee. You can buy the service through some hospitals, community agencies or the companies themselves. Before buying, investigate all the options available for this service and who will respond to your call.

VICTORIA LIFELINE

Victoria Lifeline helps seniors remain safe and independent in the comfort of their own home. At the touch of a button, clients can access help at any time and speak to the Response Centre through a two-way communicator Lifeline installs in the home. Lifeline will then call a neighbour, family member or EMS depending on the situation. Lifeline also offers fall detection technology with the AutoAlert button. If a fall is detected, the button will automatically place a call for help. Victoria Lifeline is a service of the Victoria General Hospital Foundation with all proceeds going to enhance patient care.

MANITOBA JUSTICE VICTIM SERVICES

Manitoba Justice’s Victim Services Branch helps people access their rights, understand their responsibilities and connects them to other services or agencies. Services are free and are available in person, by phone, fax or Internet. As cases move through the criminal justice system, Victim Services provides:

• court and criminal justice system information
• counselling referrals
• information about what to expect if subpoenaed to court
• court preparation, as required
• court support, when possible
• safety and protection planning
• information on possible financial help that may be available to victims of crime
• information about Victim Impact Statements and guidance on how to prepare them
• information on the offender’s sentence once she/he is convicted, and how to contact the correctional facility if the offender receives a jail sentence
• information on how to find out about the offender’s release from a provincial jail
• information on how to register with the Parole Board of Canada, if the offender is sentenced to a federal institution

Services are available to:

• victims of the most serious crimes under The Victim’s Bill of Rights
• victims of domestic violence
• child victims and witnesses

In Winnipeg, services are divided into specialty units. The type of crime will determine which unit will provide services to the victim. In rural Manitoba, crime victim services workers provide a range of services to victims in each category of crime.

COMPENSATION FOR VICTIMS OF CRIME PROGRAM

The Compensation for Victims of Crime Program provided by Manitoba Justice Victim Services Branch, offers compensation to victims who suffer personal injury, hardships or expenses as a result of certain crimes. (see Victims’ Rights Regulation of The Victims’ Bill of Rights Act for a list). The program is also available to specific relatives and dependants of victims of homicide. To apply for compensation, the offender does not need to have been caught, but a formal report must be made to the police. For a copy of the act, go to www.gov.mb.ca/justice/victims/services/compensation.html.

You may receive compensation for:

• medical expenses (prescription drug costs, ambulance bills)
• damaged clothing or items seized by police as evidence
• dental treatment, replacement or repair of dentures
• replacement or repair of prescription eyeglasses
• grief therapy or other counselling services
• lost wages for victims who have been disabled or for dependants of a victim who were fatally injured
• support payments for dependents
• rehabilitation or retraining
• compensation for permanent disability
• funeral expenses

PREVENTFALLS.CA WEBSITE
This website focuses on preventing falls in older adults, who are most at risk of serious injury from a fall. Preventfalls.ca provides information to older adults, caregivers, parents, families and professionals on topics such as balance and exercise, medications, nutrition, vision and home safety. Preventfalls.ca has an interactive checklist to help older adults and their families identify personal falls risk factors and provide information to help reduce these risks. It also includes a list of exercise programs in Winnipeg that are available for helping prevent falls. A new addition to the site will be an interactive, comprehensive home safety checklist.

ADULT ABUSE REGISTRY
The Adult Abuse Registry (AAR) is a database which records the identity of individuals who have been found to have abused or neglected vulnerable adults (as defined under The Vulnerable Persons Living with a Mental Disability Act) or patients (as defined under The Protection for Persons in Care Act). Employers use the AAR as a screening tool for potential employees and volunteers.

If you witness an at-risk individual being abused or neglected, you should immediately report the abuse to the police. If you believe a participant of the Community Living disABILITY Services program is being abused or neglected, you must report the abuse or neglect to the nearest Manitoba Family Services office. If you believe a patient (which includes persons receiving care in hospitals and personal care homes) is being abused or neglected, you must report your concerns to the Protection for Persons in Care Office of Manitoba Health (toll free 1-866-440-6366). See page 126.

FAIR PRACTICES OFFICE (FPO)

Established in 2012, the FPO provides confidential and neutral assistance to Manitobans applying for, or receiving services, under select Manitoba Family Services and Manitoba Jobs and the Economy programs who feel they have not received fair treatment. In addition to providing information, referrals and recommendations to resolve these issues, the FPO may make recommendations for systemic changes designed to improve service delivery and enhance fairness within the programs covered by the FPO.

Currently, the Fair Practices Office is handling complaints from people applying for, or receiving services under, the Employment and Income Assistance Program (EIA). In the fall of 2015 the Fair Practices Office will expand its services to include the following programs, in addition to EIA:

- The MarketAbilities Program
- Community Living DisABILITY Services
- Children’s DisABILITIES Services
- Early Learning and Childcare (Subsidies)

MANITOBA EMERGENCY MEASURES ORGANIZATION

Extreme weather, forest fires, chemical spills and other unpredictable events can happen at any time and are a reminder of the importance of being prepared. The Manitoba Emergency Measures Organization works closely with your municipality and other Manitoba government departments, the federal government and external agencies. They maintain a comprehensive all-hazards approach to emergency management in Manitoba. Your municipality has an emergency plan at the municipal office and should be your first point of contact for emergency preparedness and in case of emergency or disaster.

This local focus is important, but even more valuable is the need for individuals to recognize their role in emergency preparedness and to be ready for the unexpected. The response to an emergency or disaster of any scale begins with you, the prepared individual. It is recommended that you know the risks to your community, have a plan that will help you and your family in the event of an emergency and maintain a basic emergency kit that enables you to be self-sufficient for up to 72 hours.

TRANSPORTATION OPTIONS
NETWORK FOR SENIORS (TONS)
TONS informs and educates Manitobans on transportation options that enhance quality of life and promote age-friendly communities. For more information on their programs, see page 4.

HANDI-TRANSIT
Handi-Transit is the part of Winnipeg’s public transit system that provides door-to-door transportation for people who are unable to use regular transit because they are legally blind or have a physical disability that significantly impairs their mobility.

- Handi-Transit is a pre-booked, shared ride service
- Registrants must meet eligibility requirements and be approved to ride
- Eligibility is determined by the transit department; a functional assessment may be required to determine eligibility

For more information or to receive an application, contact:

MANITOBA PUBLIC INSURANCE (MPI) MEDICAL CONDITIONS AND DRIVING

Getting behind the wheel of a vehicle gives us a sense of independence and allows us to be connected to our family, friends and community. Unfortunately, our ability to drive safely can be negatively affected by a variety of factors beyond a person’s control. Driving safely requires excellent physical and mental skills. If you develop a medical condition or experience a change in an existing condition, you need to have an open conversation with your doctor. Depending on the issue, a medical or vision report may be requested. Drivers, including seniors, may be required to go for a comprehensive assessment of their driving ability. MPI’s Driver Fitness Department reviews recommendations and information on medical fitness to drive and makes decisions according to the Medical Standards for Driving published by the Canadian Council of Motor Transport Administrators.

SENIORS TRANSPORTATION PROGRAMS

Many Seniors Community Resource Councils provide transportation programs in their communities for seniors who need transportation. This could include rides for shopping or medical appointments. A small fee may be charged. For more information, contact the Seniors Community Resource Council in your community (see pages 9 to 16).

CANADIAN CANCER SOCIETY DRIVER PROGRAM

The Canadian Cancer Society co-ordinates a driver program that matches volunteer drivers with ambulatory patients who are receiving treatment and need rides to get to appointments. A small daily user fee is charged. Driver programs are available in Winnipeg, Brandon and some rural areas. Three business days’ notice is needed for all bookings.

For more information, contact:

WINNIPEG TRANSIT

Winnipeg Transit regularly operates a fleet of 570 buses, 536 of which are low floor easy access buses. Easy access buses offer kneeling features, priority seating for seniors and those travelling with mobility devices and strollers. All new buses are equipped with wheelchair ramps to allow wheelchair and scooter access.

- eligible seniors (age 65 +) can get a reduced fare when using Winnipeg Transit. A Transit ID or proof of age is required.
- transit users who buy monthly passes should keep their passes and receipts to claim the Transit Tax Credit on their income taxes.

Recognizes the diversity among older Manitobans

Encourages healthy, active aging

Supports the contributions of older Manitobans

Promotes the participation of seniors in all aspects of our community

Engages stakeholders in building age-friendly communities

Creates accessible, safe environments for older adults

Treats people of all ages with respect

Age-Friendly Manitoba Initiative helps seniors lead active, socially engaged, independent lives that contribute to healthy aging. Manitoba, led by the Seniors and Healthy Aging Secretariat, provides many programs and services that benefit seniors and make us the most Age-Friendly province in Canada.
