Glenn Ross
Tundra Oil & Gas Partnership
1700- One Lombard Place
Winnipeg, MB R3B 0X3

Dear Glenn,

RE: Cromer Unit No. 2 & Cromer Unit No. 3 Project Approval

The Petroleum Branch is pleased to grant approval to the following two new units:

1. Cromer Unit No. 2 (Lodgepole formation) covering LSD 1-6 & LSD 9-16 of Section 14, Section 23, NW/4 of Section 13, NE/4 of Section 11 all in Twp 9, Rge 28 of Daly Sinclair field WPM.
2. Cromer Unit No. 3 (Bakken-Torquay formation) covering LSD 1-6 & LSD 9-16 of Section 14, Section 23, NW/4 of Section 13, NE/4 of Section 11 all in Twp 9, Rge 28 of Daly Sinclair field WPM.

The effective date for both Cromer Units No. 2 & 3 will be July 01, 2016. The execution pages of the Unit Agreement are signed and attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen, Tech. Engineering Officer, at (204) 945-6570.

Yours truly,

Keith Lowdon
Director
