Dear Mr. Parkinson,

RE: Ewart Unit No. 15 Project Approval

The Petroleum Branch is pleased to grant approval of Ewart Unit No. 15 within the Lodgepole Formation covering N/2 of Section 33 in twp 8 / rge 28 WPM.

The effective date for Ewart Unit No. 15 is January 1, 2019.

The execution pages of the Unit Agreement are signed and attached.

Corex is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Corex wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen, Engineering Officer, at (204) 945-6570.

Yours truly,

Amy Jordan
A/Director
