Dear Brad,

**RE: Ewart Unit No. 1 Project Approval**

---

The Petroleum Branch is pleased to grant approval of Ewart Unit No. 1 covering the south half section of 9-8-28WPM in the Daly Sinclair field. The effective date for Ewart Unit No. 1 will be November 01, 2012.

The execution pages of the Unit Agreement are signed and attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen at (204) 945-6570.

Yours truly,

Keith Lowdon

Director
