Mike Bergstrom  
Tundra Oil & Gas Partnership  
1000- 715 5th Ave SW  
Calgary, Alberta T2P 2X6

Dear Mr. Bergstrom:

**RE: Ewart Unit No. 1 - Unit and Waterflood EOR Application**

---

The Branch has completed a preliminary review of your application to create Ewart Unit No. 1 and implement within a waterflood EOR operation. Notice of the application has been published on our website and newspapers.

The application as submitted is not complete. The following items are outstanding:

- List of names and addresses of owners sorted/classified into working interest owners, surface owners and mineral owners in the project area and within 0.5 km of the project area (in Excel format).
- Copy of distributed notice letters to the owners.
- Maps showing the pore volume and permeability capacity of the reservoir.

The Branch also requires additional information on the following subjects:

- Tundra based their primary and secondary waterflood performance predictions on recent engineering studies conducted by Tundra and an external consultant. Please provide the Branch a copy of it.

Please submit the required information in both paper and electronic (pdfs are fine except otherwise specified) formats to the undersigned. If you have any questions in respect of this matter please contact the undersigned directly at (204) 945-6570.

Yours truly,

Leo Leonen  
Technical Engineering Officer
