Dear Brad,

**RE: Kola Unit No. 3 Project Approval**

---

The Petroleum Branch is pleased to grant approval of Kola Unit No.3 covering LSDs 7, 8, 9, 10, 14, 15 and 16 of section 28-10-29 WPM in the Daly Sinclair Field. The effective date for Kola Unit No. 3 will be May 1, 2014.

The execution pages of the Unit Agreement are signed and attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen, Technical Engineering Officer, at (204) 945-6570.

Yours truly,

Keith Lowdon  
Director
