

What are your prospects?

Welcome to the 2006 edition of **Manitoba Prospects**. Along with featuring hot careers now and in the future, this issue puts the spotlight on some of our province's most promising rock bands. Check it out. You're sure to find plenty to get you 'takin' care of business' with the career opportunities in Manitoba, Canada and around the world.

Use this issue of *Prospects* to tune into career ideas, tips on finding jobs, post-secondary training courses, finding the money to finance your education, and scores of websites that will make it easy to find the information you need. The Prospects Youth Advisory group – people like you – had a great time putting their ideas together and we hope you enjoy discovering them.

Manitoba Prospects will show you that Manitoba rocks with some of the most exciting career opportunities on the planet. •

Manitoba Prospects – By Youth, For Youth

YAMAN (Youth Advisory Manitoba Action Network) and the **MB4YOUTH Advisory** committee helped put together some of the ideas for this issue of Manitoba Prospects. Service Canada and Manitoba Education, Citizenship and Youth founded these groups to serve as a resource on the issues and concerns of Manitoba youth.

YAMAN and MB4YOUTH include young people from all over Manitoba. Your enthusiasm and energy provided some great ideas for this issue of Prospects and some great ideas for your future. Thanks for your hard work. You rock! •

2006

CLICK Into Your Future

Inside, the **Manitoba Prospects Career Planning Guide** features summaries of more than 200 jobs. For more detail on many of these occupations check out the **Manitoba Job Futures** website. You can find information on wages and salaries, skills, working conditions, and education and training routes. The profiles feature current and future Manitoba labour market employment prospects and highlight a variety of career paths. It's a great site to research a particular career or sector.

You'll find a wide variety of occupational groups on the website – management, business, finance and administration positions; natural and applied science and health professions; occupations in social science, education, government service, religion, art, culture, recreation and sport; sales and service jobs; trade and transport positions; and occupations in skilled trades, technology, processing, manufacturing and utilities. •
