<p>2. Technical Training</p> <ul style="list-style-type: none"> - Nancy Eller, Acting Director of Program Standards and Gabriel Chung, Program Development Coordinator - Discussion about level three 	<p>Nancy updated the PAC that on May 28, 2012 the Apprenticeship Certification Board carefully reviewed the PAC's proposal of a third level, 2 week, 70 hour exam preparation and review unit "Pre-Certification Review".</p> <p>Since 2008, the Apprenticeship and Certification Board has followed an over arching direction to eliminate levels which do not contain technical training. Therefore, the Board recommended that the PAC re-examine the proposed level chart and either: identify content for a third level or amend the existing two levels to include the 70 hours of the Pre-Certification review unit.</p> <p>The PAC was asked to identify content for a third level or amend the existing two levels to include the proposed review unit.</p> <p>The PAC discussed the options and agreed to amend the existing two levels to include the proposed two week, 70 hour exam preparation and review unit 'Pre-Certification Review'.</p> <p>Motion #3:</p> <p>That the Gas Turbine Repair and Overhaul Technician PAC recommends to the Program Standards Committee the acceptance of the revised Level Chart as the standard</p>
