

The purpose of the Sector Committees is to represent trades in common industries and to contribute to Manitoba's strong apprenticeship system by modernizing the apprenticeship programs. The Sector Committees will provide the Apprenticeship and Certification Board with a broader industry perspective while increasing its engagement with industry itself. The Sector Committees are responsible for:

- Reviewing applications for members to participate on Industry Working Groups and providing a recommendation to the Board;
- Reviewing the work of trade-specific Industry Working Groups related to updates to program standards and providing a recommendation to the Board;
- Liaising with members of the sector to understand issues and potential impacts of Board considerations and bring forward concerns to the Board; and
- Providing any additional support that is identified by the Board.
