High School apprentices are eligible to receive 1 high school credit for every 110 hours worked. Students may accumulate up to a maximum of 8 credits (880 hours), however all hours worked, including those above the 880 hours, will be credited towards apprenticeship. All hours must be logged on this form in order to properly assess the apprentice. Complete and return the Report of Hours form to your school representative. If you require further information regarding the High School Apprenticeship Program or any other apprenticeship program, contact Apprenticeship Manitoba at 945-3337 or toll free at 1-866-777-7893.
