

Minister's Message

As Minister of Agriculture, it is my pleasure to share with you the 2019 Manitoba Fair and Events Guide. This guide highlights the wide variety of fairs and events hosted by Agricultural Societies throughout Manitoba.

Agriculture shapes and defines our communities and our province, providing significant economic activity and jobs for Manitobans in rural and urban communities. Yet more and more, our society is less connected with farmers, the food they produce and the positive impact this industry has on their lives.

Agricultural Societies have been promoting, celebrating and increasing understanding of agriculture through fairs, events and other activities for over 140 years. During this time, farmers of all ages have provided opportunities for consumers to better understand how their food is produced and the care and pride taken by farmers in this important role.

Agricultural Society fairs and events have changed over the years, yet continue to be an important cultural event and gathering place for the local community, families and the visitors they welcome each year. I want to thank the many volunteers who make these events so special by giving generously of their time.

The agriculture and food industry in Manitoba has a bright future. I encourage you to spend time visiting Agricultural Society fairs and events. It's a great way to see Manitoba and learn more about this great industry.

Enjoy the fair!

Manitoba Agriculture

DISCOVER HOW YOUR HEART BEATS IN Manitoba FAIR AND EVENTS GUIDE 2019

Summer time is fair time in Manitoba!

Agricultural Societies work year-round preparing to host visitors from their communities and from afar at their annual summer fairs. Connecting rural agriculture and urban visitors is something agricultural societies don't take lightly when it comes to planning for their events. From rodeos and cattle shows to handiwork competitions and family entertainment, fairs across Manitoba are bringing great events to your backyard for everyone to enjoy!

Agricultural fairs have a long history in Manitoba and across Canada. They provide a great opportunity to experience what our Manitoba communities have to offer and learn more about our great province and its roots! Agricultural societies have a fundamental role in preserving past traditions, educating fairgoers about food production as well as helping shape the future of our communities as they change and diversify. They offer fun and educational events that are exciting for all generations and all backgrounds!

I encourage you to visit and support your local fair or visit one on your travels! There are so many to discover!

See you at the fair!
