

# Stretching Feed Supplies for Your Beef Herd

Manitoba Agriculture is hosting a workshop for farmers who are going into winter with lower feed supplies. Join us as we discuss:

- **Cow nutrition** – ration balancing, planning for a successful winter-feeding program and how to minimize feeding costs for your beef cattle at a time when feedstuffs are at a premium. Livestock Specialist, Manitoba Agriculture.
- **Alternative feeds when hay is not available** – different feeds and feed options. Livestock Specialist, Manitoba Agriculture.
- **Doing the math on different ways to feed beef cattle** – Farm Management Specialist, Manitoba Agriculture.

Date	Location	Time
Thursday Nov. 6	Poplarfield Community Centre Poplarfield, MB	7 - 9 p.m.

## For more information

Call Manitoba Agriculture at 204-768-0534.

Coffee and snacks will be available.
