Farm Cash Receipts 2023

March 7, 2024

Farm cash receipts are the top line revenue in agriculture for the calendar year. For the full review of financial results including farm expenses and total net farm income, visit manitoba.ca/agriculture/markets-and-statistics/financial-statistics in late May when the data is released.

For the fourth year in a row, a new record high for farm cash receipts was set in Manitoba with the classic sectors, wheat and cattle, earning this record in 2023.

Manitoba realized 2023 farm cash receipts of \$10.19 billion, up \$373 million or 3.8 per cent over 2022. Canola, wheat, hogs, cattle, soybeans, potatoes, poultry and eggs, dairy, corn for grain and oats make up the top 10 sectors for cash receipts for 2023. Crops contributed 64.4 per cent of total receipts for 2023, livestock generated 32.2 per cent, while direct payments totaled 3.4 per cent of receipts.

The top five sectors by farm cash receipts were canola, wheat, hogs, cattle and calves, and soybeans. Canola produced \$2.28 billion in receipts, 22.3 per cent of Manitoba's total. Wheat brought in a record \$1.91 billion, representing 18.8 per cent of total receipts. Hogs contributed \$1.47 billion, providing 14.4 per cent of Manitoba's total receipts. Cattle and calves generated a record \$945 million in receipts, accounting for 9.3 per cent of total receipts while soybeans realized \$835 million, or 8.2 per cent of total farm cash receipts. These top five sectors brought in 73 per cent of Manitoba's farm cash receipts.

Rounding out the crops, potatoes were fourth with a record \$405 million, a significant increase from last year's \$357 million record while corn generated \$333 million, likewise surpassing its 2022 record of \$288 million.

Manitoba's livestock sectors produced record high receipts of \$3.28 billion in 2023, up 7.4 per cent from \$3.05 billion last year. The hog sector generates 45 per cent of all livestock receipts at \$1.47 billion in 2023, which was 2.8 per cent lower than in 2022. Cattle and calf receipts rose by 32.3 per cent to a record, \$945 million in 2023.

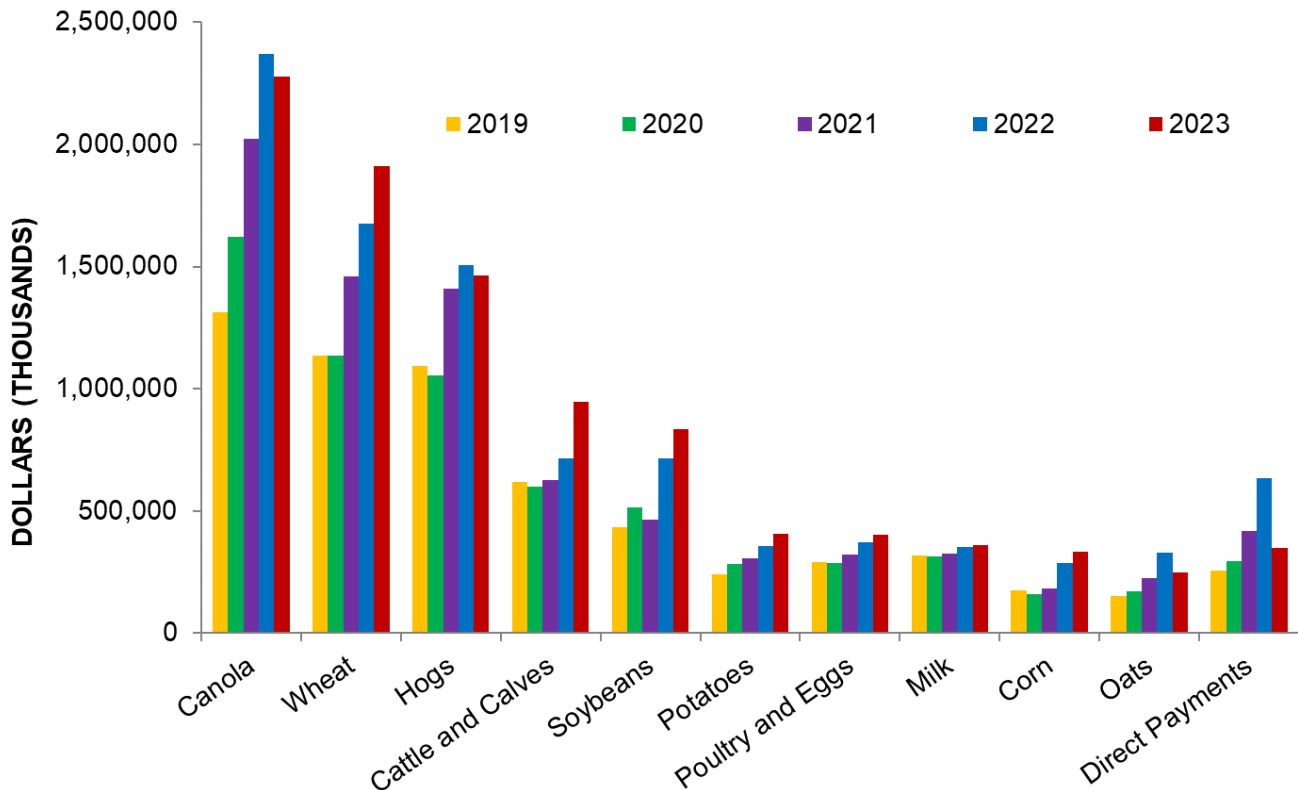

Receipts from supply-managed commodities were \$735 million in 2023, up 4.6 per cent compared to 2022. Supply managed commodities made up 22 per cent of total livestock cash receipts. Milk sales contributed \$359 million, up 1.5 per cent, while poultry contributed \$230 million, up 6.8 per cent and eggs contributed \$171 million, up 10.5 per cent. Sheep and lamb receipts at \$13.9 million were 20.7 per cent lower in 2023, compared to 2022.

Honey remained near last year's \$50 million record with a showing of \$49 million for 2023. Manitoba is Canada's second biggest honey producer, after Alberta, with 18 per cent of all Canadian honey receipts.

For 2023, program payments totalled \$347 million, down 45.3 per cent from 2022. Crop Insurance payments were \$187 million, private hail insurance was \$53 million, AgriInvest was \$36 million and AgriStability payments came in at \$31 million. Direct payments comprised 3.4 per cent of total farm cash receipts for 2023.

Canadian farm cash receipts set a record in 2023 at \$98.6 billion, up 3.6 per cent from the 2022 record. All provinces except Ontario set new farm cash receipts records in 2023 and Ontario's performance was a very close second to last year. Manitoba's share of Canadian farm cash receipts held at 10.3 per cent.
