LOCATION MAP

MAP UNIT SYMBOLOGY

Simple Map Units

- **Series Symbol**: WWD
- **Degree of Erosion**: WD
- **Degree of Salinity**: SD
- **Topography (very gently sloping)**: VGS
- **Topography (gently sloping)**: GSG
- **Topography (moderately sloping)**: MS
- **Topography (sharply sloping)**: SS
- **Topography (steeply sloping)**: ST

Compound Map Units

- **Percentile of Map Unit**: P80
- **No or Minimal Plane Features**: NMF
- **Topography (very gently sloping)**: VGS
- **Topography (gently sloping)**: GSG
- **Topography (moderately sloping)**: MS
- **Topography (steeply sloping)**: ST

In a compound unit where two series share the same determinant, the phases apply to both series accordingly.

Phases

- **Degree of Erosion**: Number
  - 0: unweathered or minimal
  - 1: slightly eroded
  - 2: moderately eroded
  - 3: severely eroded

- **Degree of Salinity**: Number
  - 0: none
  - 1: slight
  - 2: moderate
  - 3: severe

- **Topography**: Number
  - 0: flat
  - 1: gentle
  - 2: moderate
  - 3: steep

- **Soil Depth**: Number
  - 0: shallow
  - 1: medium
  - 2: deep
