\* 30-year normal conditions for the region using 1971-2000 climate normal data.

\* Negative deviation from normal indicates colder than normal air temperature and positive deviation indicates warmer than normal air temperature.

\* 30-year normal conditions for the region using 1971-2000 climate normal data.

\* Negative deviation from normal indicates colder than normal air temperature and positive deviation indicates warmer than normal air temperature.
