Track them down from home today...

Simply go online, create a customer profile, select the desired licence or permit and checkout – it's that easy.

A digital copy of the licence or permit will be available through your customer profile/account. All you have to do is print a copy of the licence you can carry while hunting or fishing. You will need to print your park vehicle permit and display it in your vehicle.

All applicable requirements still apply. Game tags can also be ordered online, free of charge. Game tag numbers must be registered with your hunting licence.

You can also purchase licences and permits online at Manitoba Conservation and Climate offices and participating retailers that are listed on the website.

A toll-free number is also available 7 days a week, excluding holidays at 1-877-880-1203. Hours of operation are listed on the website. To avoid potential lineups, it is recommended that you purchase a park vehicle permit before you head out.
