Dauphin Regional Comprehensive Secondary School
330 Mountain Road
Dauphin, MB
R7N 2V6

Dear Parent/Guardian of Dauphin Regional Comprehensive Secondary School student(s),

Manitoba public health officials advised Dauphin Regional Comprehensive Secondary School on November 22, 2020 of a confirmed case of COVID-19 in the Dauphin Regional Comprehensive Secondary School on November 16, 17 & 18, 2020 when they may have been infectious.

Dauphin Regional Comprehensive Secondary School is working closely with public health officials and following their recommendations.

Be assured that public health investigations to identify individuals who may have been exposed begin within 24 hours of a confirmed laboratory test. Anyone identified as a close contact will be contacted by phone or letter and provided instructions for self-isolation (quarantine). Testing may also be recommended.

Based on the public health investigation, this exposure was assessed to be low risk. The infection was not believed to be acquired at Dauphin Regional Comprehensive Secondary School. Close contacts connected to the case have been identified and advised to self-isolate. Anyone who is a close contact has received a close contact letter or phone call from public health.

Please note: Dauphin Regional Comprehensive Secondary School is not permitted to release the name or any identifying information about the confirmed case of COVID-19 to any member of the school, community or media.

If you have not received a close contact letter or phone call from public health officials, your child(ren) have not been identified as being exposed to COVID-19 from this case. If your child develops a new onset or worsening of any one symptom listed in Column A or any two or more symptoms listed in Column B (see table below), even if they are mild, immediately isolate them from others. It is recommended your child get tested for COVID-19 as soon as symptoms appear. You may go directly to the nearest COVID-19 testing location during their open hours. For the testing site nearest you, please visit <https://www.gov.mb.ca/covid19/updates/testing.html>, or call Health Links—Info Santé at 204-788-8200 or toll-free at 1-888-315-9257.

A	B
Fever/Chills	Runny nose
Cough	Muscle aches
Sore throat/hoarse voice	Fatigue
Shortness of breath / difficulty breathing	Pink eye (conjunctivitis)
Loss of taste or smell	Headache
Vomiting or diarrhea for more than 24 hours	Skin rash of unknown cause
	Nausea or loss of appetite
	Poor feeding (if an infant)

Please note: individuals with symptoms outlined in columns A and B, who choose not to be tested, must isolate for a minimum of 10 days following the start of symptoms. Isolation can be stopped at day 11 if the individual has been symptom free for 24 hours.

For more public health information about COVID-19, please visit <https://manitoba.ca/covid19/updates/resources.html>.

Sincerely,

Dr. Marcia Anderson
Medical Officer of Health
