

September 30, 2020

Carberry Collegiate  
230 Main Street  
Carberry, MB  
R0K 0H0

Dear Parent/Guardian of Carberry Collegiate student(s),

Manitoba Public Health has advised Carberry Collegiate of a second confirmed case of COVID-19 that was in the school on Monday, September 21, 2020 in the afternoon. This case was not acquired at school.

Carberry Collegiate is working closely with public health officials and following their recommendations.

Be assured that public health investigations to identify individuals who may have been exposed begin within 24 hours of a confirmed laboratory test. Those identified as close contacts have been contacted by Public Health and provided instructions for self-isolation (quarantine). Testing may also be recommended.

Please note: Carberry Collegiate is not permitted to release the name or any identifying information about the confirmed case of COVID-19 to any member of the school, community or media.

If you have not been contacted by public health officials, your child(ren) have not been identified as being exposed to COVID-19 from this case. However, if your child develops a new onset or worsening of any one symptom listed in Column A or any two or more symptoms listed in Column B (see table below), even if they are mild, immediately isolate them from others. It is recommended your child get tested for COVID-19 as soon as symptoms appear. Call Health Links-Info Santé at 204-788-8200 or toll-free at 1-888-315-9257 for information on testing and isolation.

A	B
Fever/Chills	Runny nose
Cough	Muscle aches
Sore throat/hoarse voice	Fatigue
Shortness of breath/difficulty breathing	Pink eye (conjunctivitis)
Loss of taste or smell	Headache
Vomiting or diarrhea for more than 24 hours	Skin rash of unknown cause
	Nausea or loss of appetite
	Poor feeding (if an infant)

Please note: individuals with symptoms outlined in columns A and B, who choose not to be tested, must isolate for a minimum of 10 days following the start of symptoms. Isolation can be stopped at day 10 provided that the individual has been symptom free for 24 hours. Unless recommended by public health officials, only individuals experiencing COVID-19 symptoms should go for testing.

For more public health information about COVID-19, please visit <https://manitoba.ca/covid19/updates/resources.html>.

Sincerely,

A handwritten signature in blue ink, appearing to read 'M. Khodaveisi'.
