Search File, 'Ross, George'

+The Montreal Department Abstracts of Servants Accounts (B.134/g series) are missing for some years and when available do not usually indicate what post Ross was at. Up to 1830 he seems to have been connected with Timiskaming as well as Lachine (B.134/g/6; Search File). For the year 1830-31 his winter residence was 'Cocosho' and for 1836-1837 'Nabayssipi' [Nabesipi] (B.134/g/8 & 11) During the year 1837-1838 "Mr Ross was absent from his post 7 mo. to procure medical advice for Mrs Ross." (B.134/g/12)

Note: Ross appears on a tally of "Men's hunts at Nabaysipie [Nabesipi] Winter 1833/34" [October-April]; appears to have been in charge of the post during this time (B.137/a/1 fos. 13d-14, microfilm 1M96)
