REPORTING ON RESULTS
All ECSP grant recipients must submit a final evaluation report.
- **NEW:** A participant survey has been developed that will help the Multiculturalism Secretariat better understand how the ECSP is meeting its goals. The survey can be found on the ECSP webpage under “Evaluation Tools”. The participant survey is to be widely distributed by the organization at an event being funded by an Operational Grant and/or Special Project Grant. The survey should be distributed in a way that ensures anonymous and confidential responses (e.g., organizers leave the room so participants can discretely pick up and fill in the survey). The survey should be collected and submitted along with the ECSP Evaluation Form by the organization. Participants also have the option of mailing or emailing the survey to the Multiculturalism Secretariat.
- Following your assessment, if approved, a funding agreement outlining reporting requirements will be forwarded. The funding agreement must be signed by the President and Treasurer before any funds will be issued.
- **Operational Grant** – a final evaluation report must include a summary of all cultural programming activities and a detailed account of the organization’s revenues and expenses relating to the programming activities and a detailed account of how the grant funds were used.
- **Special Project Grant** – a final evaluation report must include a summary of the project results and a detailed account of the organization’s revenues and expenses relating to the project and a detailed account of how the grant funds were used.
Future applications to the ECSP will only be considered once the Multiculturalism Secretariat has received the final report for the previous grant allocation.

Complete financial records must be retained by the organization for six years and made available to the Multiculturalism Secretariat on request.
