#### **Explanations:**

- 1. The variance for the Civil Service Superannuation Plan reflects a one-time adjustment in 2009/10 as a result of the transition to current service contributions.
- 2. The decrease in Other Salary Related Benefits in 2010/11 mainly reflects a positive adjustment based on an updated actuarial valuation in the Long Term Disability liability.

Employee Pensions and Other Costs Expenditures by Sub-Appropriation for the fiscal year ended March 31, 2011

**Explanations: (continued)** 

3. The increase in Recoverable from Other Appropriations from 2009/10 is primarily the result of higher payroll benefit costs than the prior year.
