Ms Shirley Delaquis
Chairperson
Civil Service Commission Board

Dear Ms Delaquis:

I have the honour of presenting the Annual Report for the Manitoba Civil Service Commission for the period of April 1, 2015 to March 31, 2016.

The Manitoba government is proud of its continued accomplishments with respect to attracting and developing its workforce. In recent years, the Manitoba government has been recognized as one of Manitoba's Top Employers, one of Canada's Top Employers for Young People, and one of Canada's Best Diversity Employers, and was once again recognized in these areas for 2015/16. We remain committed to promoting and sustaining fair, meritorious, equitable, and diverse staffing policies and practices, and offering training, development and support programs to ensure the civil service has the personnel and expertise required to deliver high quality services to Manitoba's citizens.

This year the Civil Service Commission launched an Enterprise Talent Management program for Assistant Deputy Ministers and equivalent positions to provide a corporate framework for the assessment and development of executive leadership skills. The program also serves to bring this group together at a corporate level and to broaden their visibility across the Manitoba government. This collaborative approach to professional development will continue to develop the skills and guide more consistent recruitment at the Assistant Deputy Minister level, and may be used as a model for future development programs at senior levels.

The Civil Service Commission works to proactively support initiatives that will reinforce our high ethical standards and expectations. As part of our commitment to promoting and ensuring a respectful, diverse, and inclusive workplace, we introduced three new online learning courses through Organization and Staff Development: *Values and Ethics in the Manitoba Government*, *Respectful Workplace and Harassment Prevention*, and the newly revised *Manitoba Government Corporate Orientation*.

Additionally, our department released a toolkit of new resources that will support both managers and employees in gaining a clearer understanding as to what constitutes workplace harassment, employee rights, prevention practices, how to report incidents, as well as the potential resolution and disciplinary processes.

We are proud to have partnered with the Canadian Association for Community Living and the Canadian Autism Spectrum Disorder Alliance in supporting work experience opportunities for individuals with intellectual disabilities or individuals on the autism spectrum through the new *Ready, Willing and Able Initiative*. This partnership supports the Manitoba Government Diversity and Inclusion Strategy, and our departmental priority of recruiting high quality personnel from diverse and representative backgrounds.

With funding from Employment and Social Development Canada, and the Service Canada Opportunities

Fund for Persons with Disabilities Program, the Civil Service Commission is committed to removing obstacles to participation for such individuals and to help educators, job developers, and employers plan for having these individuals enter the labour force. To this end, we are currently involved in *Project SEARCH*, a school-to-work transition program for students, and *Red River College Transforming Futures*, which provides post-secondary students opportunities to explore career options based on personal skills and interests.

Our new Social Media Policy clearly explains the expectations of civil servants while balancing the right to freedom of speech and the right to confidentiality with the employees' obligations to avoid political partisanship and unethical conduct when using social media platforms. The policy was developed through a collaborative and consultative process with various provincial departments and employee volunteer networks.

The Civil Service Commission is well positioned to meet its mandated aims in providing ethical, efficient, and inclusive human resource management support to the Manitoba government, and for the benefit of all Manitobans. As a department, we are proud of our accomplishments over the past year, and will continue to advance our work with integrity, respect, and dedication, and diligently serve the public. We are prepared and excited for the challenges of the upcoming year.

Respectfully submitted,

Madame Shirley Delaquis
Présidente
Conseil de la Commission de la fonction publique

Madame la Présidente,

J'ai le privilège de vous soumettre le rapport annuel de la Commission de la fonction publique du Manitoba pour la période du 1^{er} avril 2015 au 31 mars 2016.

Le gouvernement du Manitoba est fier des progrès continuels réalisés relativement au maintien et au développement de ses effectifs. Au cours des dernières années, le gouvernement du Manitoba a été nommé l'un des meilleurs employeurs au Manitoba, l'un des meilleurs employeurs au Canada pour les jeunes ainsi qu'en matière de diversité et il a de nouveau été reconnu comme tel en 2015-2016. Nous demeurons déterminés à promouvoir et à maintenir des politiques et des pratiques de dotation de personnel justes et équitables, qui sont fondées sur le mérite et contribuent à la diversité, mais aussi à offrir des programmes de formation, de perfectionnement professionnel et de soutien afin de faire en sorte que la fonction publique dispose des ressources humaines et de l'expertise requise pour offrir des services de grande qualité à la population manitobaine.

Cette année, la Commission de la fonction publique a lancé un programme de gestion des talents au sein du gouvernement qui s'adresse aux sous-ministres adjoints et aux titulaires de postes équivalents afin de fournir un cadre gouvernement d'évaluation et de développement des compétences de leadership pour les postes de direction. Le programme permet aussi de rassembler les membres de ce groupe au niveau de l'organisation et d'accroître leur visibilité dans l'ensemble du gouvernement du Manitoba. Cette approche collaborative du perfectionnement professionnel contribuera au développement des compétences et à un recrutement plus uniforme au niveau des postes de sous-ministre adjoint et pourra servir de modèle pour les programmes de développement futur au niveau des cadres supérieurs.

La Commission de la fonction publique soutient de manière proactive les initiatives qui renforceront nos normes d'éthique élevées et nos attentes en la matière. Dans le cadre de notre engagement à promouvoir et à garantir un milieu de travail respectueux, diversifié et favorisant l'inclusion, nous avons élaboré trois nouveaux cours en ligne qui sont offerts par Perfectionnement et formation : *Values and Ethics in the Manitoba Government* (valeurs et éthique au gouvernement du Manitoba), *Respectful Workplace and Harassment Prevention* (respect en milieu de travail et prévention du harcèlement), et la nouvelle version révisée de *Manitoba Government Corporate Orientation* (orientation sur le fonctionnement du gouvernement du Manitoba).

De plus, notre ministère a publié une trousse avec de nouvelles ressources qui permettront d'aider aussi bien les chefs de bureau que les employés à mieux comprendre ce qui constitue du harcèlement sur le lieu de travail, à mieux connaître les droits des employés, les pratiques préventives, la manière de signaler des incidents ainsi que les processus potentiels de résolution et de discipline.

Nous sommes fiers d'avoir collaboré avec l'Association canadienne pour l'intégration communautaire et l'Alliance canadienne des troubles du spectre autistique dans le cadre de l'*initiative Prêts, disponibles et capables* et de soutenir la création de possibilités d'expériences de travail pour des personnes ayant une

déficience intellectuelle ou un trouble du spectre de l'autisme. Ce partenariat s'inscrit dans la Stratégie de diversité et d'inclusion du gouvernement du Manitoba et contribue à notre objectif prioritaire de recruter du personnel de qualité, diversifié et représentatif.

Grâce à un financement d'Emploi et Développement social Canada et du Fonds d'intégration pour les personnes handicapées de Service Canada, la Commission de la fonction publique du Manitoba est déterminée à éliminer les obstacles à la participation de ces personnes et d'aider les éducateurs, les prospecteurs d'emploi et les employeurs à planifier en vue de l'entrée de ces personnes sur le marché du travail. Pour cela, nous participons actuellement au *Project SEARCH*, un programme de transition école-travail pour les élèves, et au programme *Transforming Futures* du Collège Red River qui offre aux étudiants postsecondaires des possibilités d'explorer leurs options de carrière en fonction de leurs compétences et de leurs intérêts personnels.

Notre nouvelle politique sur les médias sociaux explique clairement ce que nous attendons des fonctionnaires et tâche d'établir un équilibre entre la liberté d'expression et le droit à la confidentialité d'une part, et les obligations des employés d'autre part, comme éviter toute activité politique partisane et toute conduite contraire à l'éthique lorsqu'ils utilisent les plateformes des médias sociaux. La politique a été élaborée dans le cadre d'un processus de collaboration et de consultation avec divers ministères provinciaux et des réseaux d'employés bénévoles.

La Commission de la fonction publique est bien placée pour répondre aux objectifs de son mandat consistant à fournir des services de gestion des ressources humaines éthiques, efficaces et inclusifs au gouvernement du Manitoba, au profit de toute la population manitobaine. En tant que ministre, nous sommes fiers des réalisations de l'exercice passé et nous poursuivrons nos efforts avec intégrité, respect et dévouement, tout en continuant à servir le public avec diligence. Nous sommes impatients de relever les défis de l'année à venir et prêts à le faire.

Le tout respectueusement soumis.

La commissaire de la Fonction publique,

CIVIL SERVICE COMMISSION ORGANIZATION CHART AS AT MARCH 31, 2016

**COMMISSION DE LA FONCTION PUBLIQUE
ORGANIGRAMME
AU 31 MARS 2016**

INTRODUCTION AND OVERVIEW

Report Structure

The annual report is organized in accordance with the Civil Service Commission's appropriation structure, which reflects the department's authorized vote approved by the Legislative Assembly. The annual report includes information at the main and sub-appropriation levels related to the commission's objectives, actual results achieved, financial performance and variances, and provides a five year historical table reflecting departmental expenditures and staffing.

Governing Legislation

The Civil Service Act

The Civil Service Commission is the independent and impartial agency responsible for leading effective human resource management in government and representing the public interest in the administration of *The Civil Service Act* and regulations. Treasury Board Secretariat is responsible for the administration of sections of the Act and regulations relating to classification, pay plans, rates of pay and collective bargaining.

According to subsection 5(1) of *The Civil Service Act* (the Act), the commission shall:

- apply and carry out the provisions of the Act and the regulations under its responsibility
- select and appoint civil servants, and be responsible for their promotion and transfer
- advise the minister having responsibility for the administration of the Act on problems concerning human resource management administration
- of its own motion or upon request of the Lieutenant Governor in Council, investigate and report on
 - the operation of the Act
 - the violation of any provision of the Act or the regulations
 - any alleged impersonation, fraudulent practices, or irregularities in connection with any examination held by, or under the authority of, the commission
- on the request of a minister or the chief officer of an agency of government to which the Act applies, investigate and report to the minister or chief officer upon any human resource management matter relating to the department or to the agency of the government
- appoint such employees as may be necessary to carry out the Act
- perform such other duties and functions as may be assigned to the commission by the Act or any other act of the Legislature or by the Lieutenant Governor in Council

Subsection 5(3) of the Act provides that the commission may from time to time delegate its power or authority to sign any document, paper, minutes or instrument to such persons as it deems advisable.

The Public Interest Disclosure (Whistleblower Protection) Act

The Civil Service Commission continues the legislative development, implementation and administrative roles for *The Public Interest Disclosure (Whistleblower Protection) Act* across the commission. The commission provides expertise and guidance to departments and public bodies regarding their statutory responsibilities under the Act. A designated officers' network is in place to provide a cross-government forum for information-sharing, networking and exchanging ideas/experiences regarding their responsibilities under *The Public Interest Disclosure (Whistleblower Protection) Act*.

Environmental Scan

The average age of the population in Canada and Manitoba continues to grow. In Manitoba, the median age of the population as of July 1, 2013 was 37.7, down from 38.1 as of 2006. Statistics Canada reports that as of July 1, 2013, the median age for Canada was 40.2 years.

In spite of the recent economic downturn, employers continue to have difficulty recruiting to positions in accounting, engineering and other physical sciences positions.

Employers are turning to previously under-utilized segments of our population and immigration to find new workers for their jobs.

Composition of the Civil Service

The following table shows the total number of active civil service employees by employee type¹ over the last four years.

Employee Type	2013	2014	2015	2016
Regular, Term, Technical and Departmental	14,611	14,432	14,238	14,318
Casual	494	359	439	537
Contract	28	24	24	21
Total	15,133	14,815	14,701	14,876

These figures include all active regular, term, technical, departmental, casual, and contract employees appointed under *The Civil Service Act* who work on a full-time or part-time basis.

These statistics do not include employees of any public entity (e.g. teachers, employees in regional health authorities) or crown corporations not appointed under *The Civil Service Act*.

Employee count statistics are based solely on the total number of active employees on the payroll of the Manitoba government taken as at March 31 of each year. It should be noted that the total number of employees fluctuates on a daily basis due to factors such as normal staffing activity and seasonal employment requirements.

A breakdown of the total number of active employees by department is included in Appendix B on page 48.

¹ See definitions in Appendix A on page 47.

Age Demographics

As at March 31, 2016, the average age of all civil servants was 45.2 years, and that of senior managers was 52.4 years. Recent projections show that 23.1% of civil servants² will be eligible to retire within five years, increasing to 39.8% within 10 years. At the senior manager² level, 44.4% of employees will be eligible to retire within five years, and 66.8% within 10 years.

The following chart provides a breakdown of all active employees² by age group as at March 31, 2016, followed by a similar breakdown of senior managers.

All employees

² Based on active regular, term, technical and departmental civil servants (excludes contracts and casual).

Senior managers

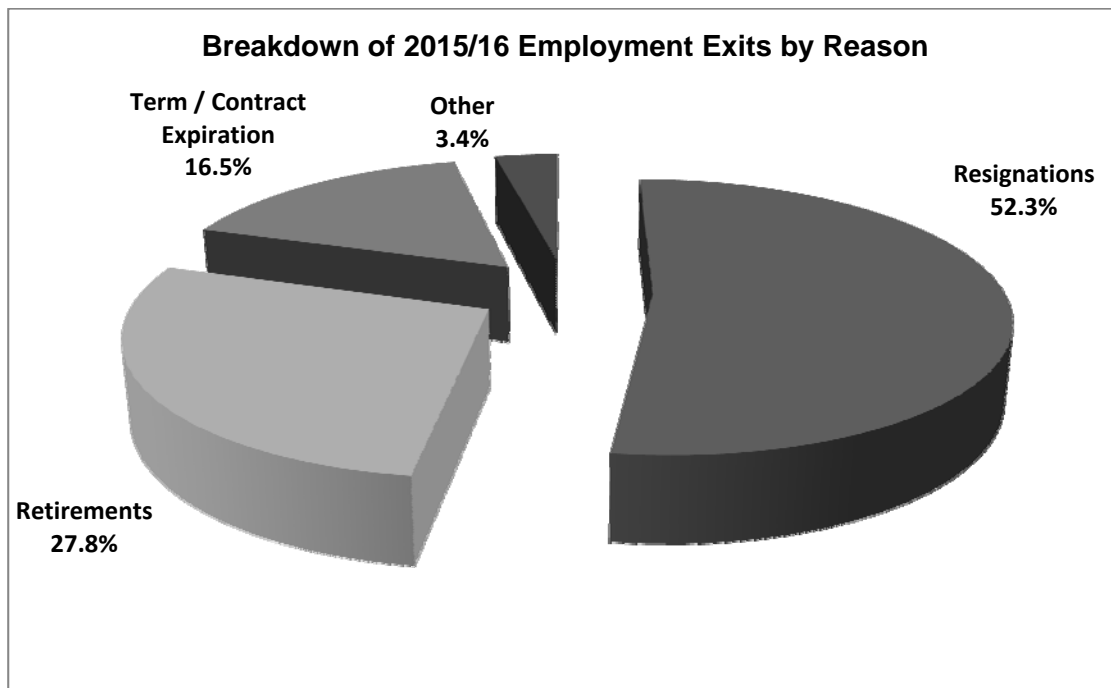

Employee Turnover

The overall turnover rate³ gradually increased from 6.4% in 2009/10, to 8.1% in 2011/12, decreased slightly to 7.6% in 2014/15 and returned to 8.1% in 2015/16.

Statistics also indicate that the average age at which civil servants are retiring as of 2015/16 is 60.7 years, which is consistent with the past five years.

Over the course of 2015/16, a total of 2,020⁴ employees left the civil service.

Diversity and Inclusion

The Manitoba Government Diversity and Inclusion Strategy was announced in March 2015, updating the previous Provincial Civil Service Diversity Strategy. The vision of the new strategy is to achieve an exemplary civil service that is inclusive and reflective of the population it serves.

The strategy has three primary objectives:

1. To recruit from a diverse, qualified group of potential applicants to build a representative workforce, at all levels of the organization.
2. To identify and remove employment barriers to enable the full participation of all employees.
3. To cultivate a culture that motivates individuals to contribute to their full potential and build a career with a high-performing Manitoba government.

Employment equity is an important aspect of diversity efforts.

³ Turnover rate is based on regular employees only.

⁴ Statistics on employee exits includes all employees (regular, term, technical, departmental, casual and contract).

The Employment Equity Policy identifies four groups for which specific representation benchmarks have been established:

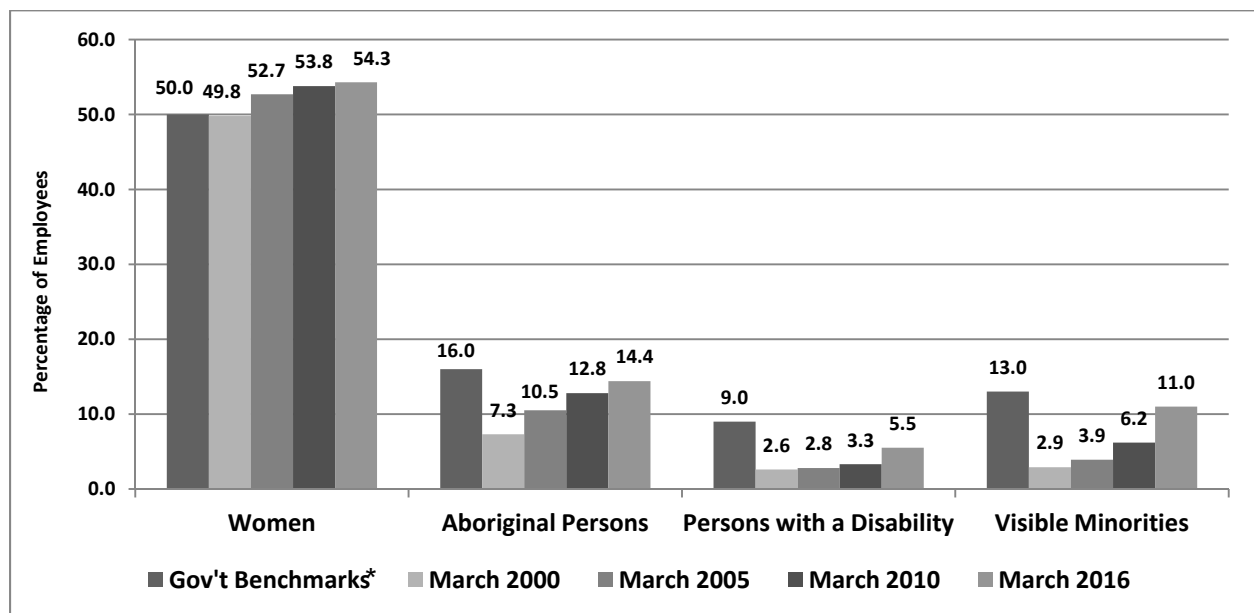

- Women
- Aboriginal persons – persons of North American Aboriginal ancestry, including First Nations (status and non-status Indians), Inuit and Métis
- Persons with a disability – persons whose functional limitations owing to their impairment have been accommodated or may require accommodation in their job or workplace, and/or persons who have a long-term or recurring impairment and believe an employer or potential employer is likely to consider them to be disadvantaged in employment by reasons of that impairment, or persons who have a long-term or recurring impairment and consider themselves to be disadvantaged in employment by reasons of that impairment
- Visible minorities – persons, other than Aboriginal people, who because of their race or colour, are a visible minority; examples of visible minority include Black (e.g. African, Haitian, Jamaican and Somali), South Asian (e.g. East Indian, Pakistani, Punjabi and Sri Lankan), South East Asian (e.g. Cambodian, Indonesian, Laotian and Vietnamese), Arab / West Asian (e.g. Armenian, Egyptian, Iranian, Lebanese and Moroccan), Chinese, Filipino, Latin American, Japanese and Korean

Benchmarks were revised in 2015/16 as part of the new Manitoba Government Diversity and Inclusion Strategy (MGDIS). As part of the strategy, the benchmarks came into effect April 1, 2015 to better reflect current Manitoba demographics.

For information on 2015/16 activities related to diversity and inclusion, see the Internship, Equity and Employee Development Programs table on page 32.

The following charts provide information on employment equity benchmarks, historical data and representation status as at March 31, 2016.

INTRODUCTION ET APERÇU

Structure du rapport

Le rapport annuel suit la structure des crédits de la Commission de la fonction publique qui reflète les crédits autorisés de ce ministère, approuvés par l'Assemblée législative. Il comprend des renseignements sur les objectifs de la Commission, sur les résultats obtenus et sur la performance et les écarts financiers pour les crédits principaux et les sous-crédits ainsi qu'un tableau récapitulatif des dépenses et de la dotation en personnel de la Commission pour les cinq dernières années.

Lois et règlements en vigueur

Loi sur la fonction publique

La Commission de la fonction publique est un organisme indépendant et impartial chargé de la gestion efficace des ressources humaines au sein du gouvernement et qui représente l'intérêt public dans l'administration de la *Loi sur la fonction publique* et de ses règlements d'application. Le Secrétariat du Conseil du Trésor est chargé de l'administration des articles de la Loi et de ses règlements d'application en ce qui concerne la classification, les systèmes de rémunération, les taux de rémunération et les négociations collectives.

Conformément au paragraphe 5(1) de la *Loi sur la fonction publique* (la « Loi »), la Commission :

- applique la Loi et les règlements dont elle est chargée;
- choisit et nomme les fonctionnaires, et voit à leur promotion et à leur mutation;
- conseille le ministre responsable de l'application de la Loi sur les questions relatives à la gestion des ressources humaines;
- de sa propre initiative ou sur demande du lieutenant-gouverneur en conseil, fait enquête et rapport :
 - sur le fonctionnement de la Loi,
 - sur la violation d'une disposition de la Loi ou des règlements,
 - sur toute allégation d'usurpation d'identité, de manœuvres frauduleuses ou d'irrégularités à l'occasion d'un examen tenu par la Commission ou sous son autorité;
- à la demande d'un ministre ou du directeur d'un organisme gouvernemental assujetti à la Loi, examine toute question relative à la gestion des ressources humaines du ministère ou de l'organisme et fait rapport au ministre ou, le cas échéant, au directeur de l'organisme;
- sous réserve des dispositions de la Loi, nomme les employés nécessaires à l'application de celle-ci;
- exerce les autres fonctions que la Loi, une autre loi de la Législature ou le lieutenant-gouverneur en conseil lui assigne.

Conformément au paragraphe 5(3), l'autorité que possède la Commission de signer certains documents, procès-verbaux ou instruments, peut être déléguée à d'autres personnes, si la Commission le juge à propos.

Loi sur les divulgations faites dans l'intérêt public (protection des divulgateurs d'actes répréhensibles)

La Commission de la fonction publique poursuit son travail d'élaboration et de mise en œuvre de la *Loi sur les divulgations faites dans l'intérêt public (protection des divulgateurs d'actes répréhensibles)* et remplit les fonctions administratives qui y sont associées pour l'ensemble de la commission. La Commission agit comme expert auprès des ministères et des organismes publics et leur fournit des conseils concernant les obligations que leur impose la Loi. De plus, un réseau de fonctionnaires désignés a été établi pour que ceux-ci disposent d'un forum pangouvernemental pour la mise en commun d'information, le réseautage et l'échange d'idées et d'expériences concernant leurs responsabilités en vertu de cette loi.

Analyse environnementale

L'âge moyen de la population au Canada et au Manitoba continue de croître. Au 1^{er} juillet 2013, l'âge moyen au Manitoba était de 37,7 ans, soit en baisse par rapport à 2006 où il était de 38,1 ans. D'après Statistique Canada, à compter du 1^{er} juillet 2013, l'âge médian au Canada était de 40,2 ans.

En dépit du récent ralentissement économique, les employeurs ont toujours du mal à recruter du personnel dans les domaines de la comptabilité, de l'ingénierie et des sciences physiques.

Ils se tournent donc vers des segments de notre population jusque-là sous-utilisés ainsi que vers l'immigration pour trouver de nouveaux travailleurs et pourvoir aux postes vacants.

Composition de la fonction publique

Le tableau suivant indique le nombre total de fonctionnaires par type de poste⁷ au cours des quatre dernières années.

Type de poste	2013	2014	2015	2016
Postes réguliers, temporaires, spéciaux et ministériels	14 611	14 432	14 238	14 318
Postes occasionnels	494	359	439	537
Postes contractuels	28	24	24	21
Total	15 133	14 815	14 701	14 876

Ces chiffres incluent tous les employés actifs réguliers, temporaires, titulaires de postes spéciaux et ministériels, occasionnels et contractuels nommés en vertu de la Loi sur la fonction publique, travaillant à temps plein ou partiel.

Ces statistiques n'englobent pas les employés des entités publiques (p. ex., enseignants, employés des offices régionaux de la santé) ni des sociétés d'État qui ne sont pas nommées en vertu de la Loi sur la fonction publique.

Les statistiques sur le nombre d'employés sont basées uniquement sur le nombre total d'employés actifs figurant sur la liste de paie du gouvernement du Manitoba au 31 mars de chaque année. Il faut noter que le nombre total d'employés varie quotidiennement en raison de facteurs comme les activités normales de dotation et les exigences en matière d'emplois saisonniers.

La répartition ministérielle du nombre total d'employés actifs figure dans l'annexe B, page 48.

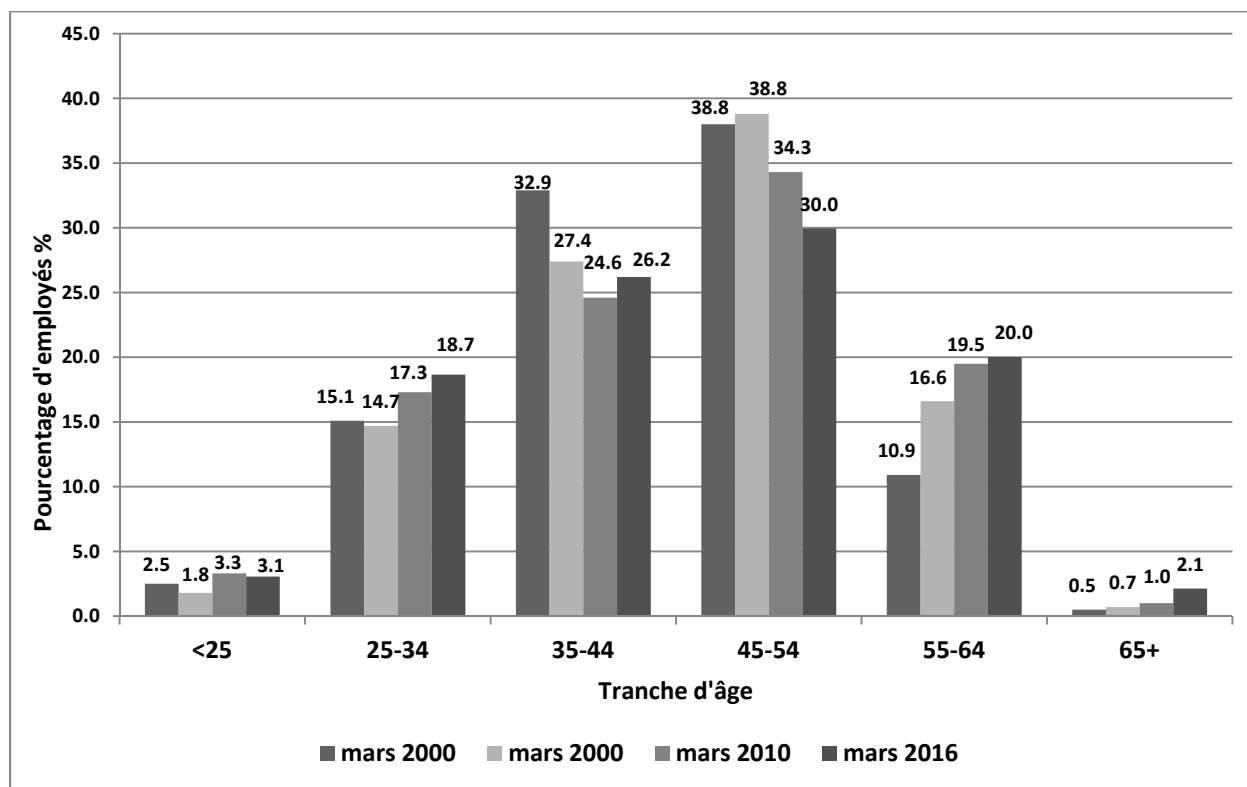

⁷ Voir les définitions à l'Annexe A, à la page 47.

Répartition par âge

Au 31 mars 2016, l'âge moyen dans la fonction publique était de 45,2 ans, et celui des cadres supérieurs était de 52,4 ans. De récentes projections indiquent que le pourcentage de fonctionnaires⁸ admissibles à la retraite sera de 23,1 % d'ici cinq ans et de 39,8 % d'ici dix ans. Pour les cadres supérieurs², 44,4 % le seront d'ici cinq ans, et 66,8 %, d'ici dix ans.

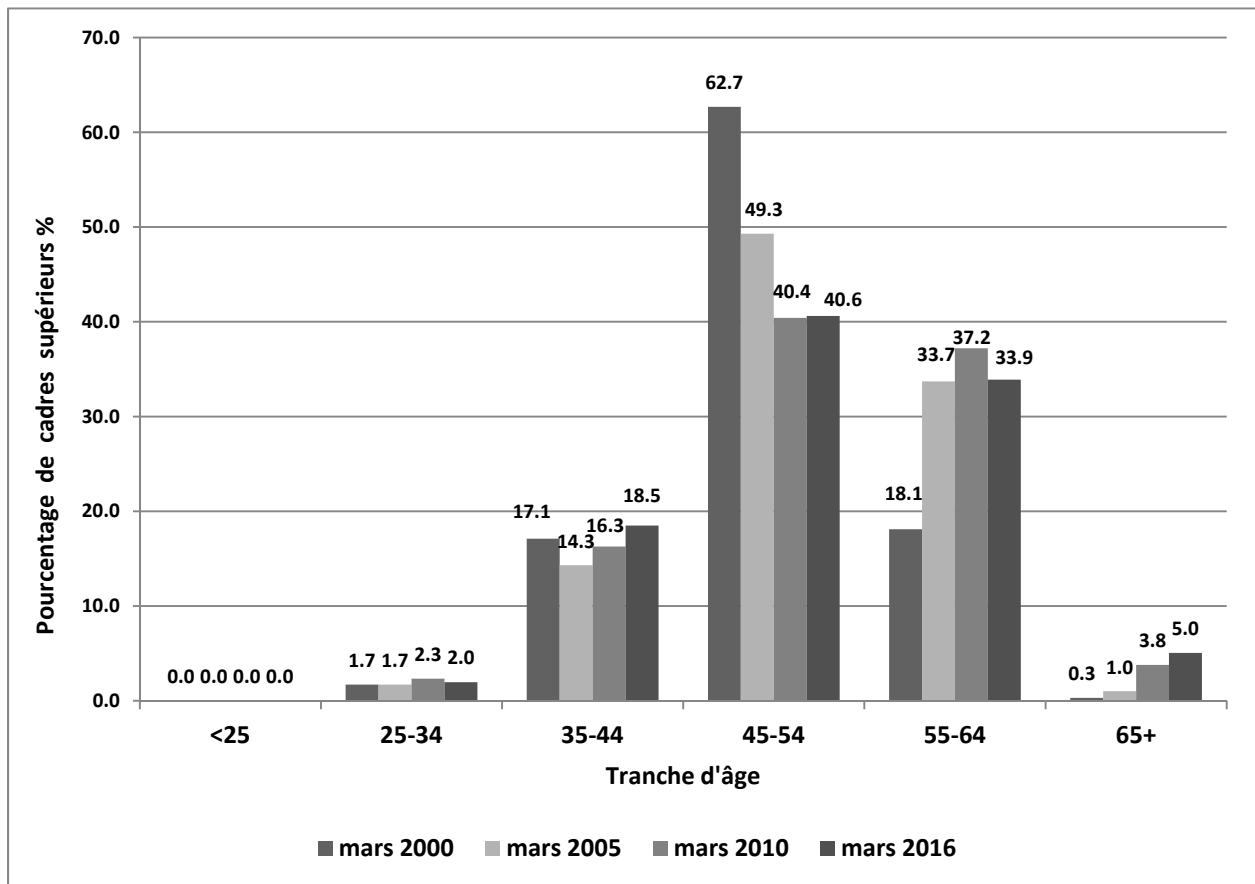

Les diagrammes suivants décrivent respectivement la répartition de tous les employés actifs² et celle des cadres supérieurs, par tranche d'âge, au 31 mars 2016.

Tous les employés

⁸ D'après le nombre d'employés actifs réguliers, temporaires, titulaires de postes spéciaux et ministériels (excluant les employés occasionnels et contractuels).

Cadres supérieurs

Roulement du personnel

Le taux global de roulement⁹ a augmenté progressivement de 6,4 % en 2009-2010 à 8,1 % en 2011-2012, pour baisser légèrement à 7,6 % en 2014-2015 et revenir à 8,1 % en 2015-2016.

De plus, les statistiques indiquent que les employés de la fonction publique qui prennent leur retraite à compter de l'exercice 2015-2016 ont en moyenne 60,7 ans, ce qui correspond à la tendance observée au cours des cinq dernières années.

Au cours de l'exercice 2015-2016, 2 020 employés¹⁰ ont quitté la fonction publique.

Diversité et inclusion

La Stratégie de diversité et d'inclusion du gouvernement du Manitoba a été annoncée en mars 2015. Elle remplace la précédente Stratégie relative à la diversité dans la fonction publique provinciale. La vision énoncée dans la nouvelle stratégie est celle d'une fonction publique exemplaire et inclusive qui est représentative de la population qu'elle sert.

La stratégie a trois principaux objectifs :

4. Recruter une main-d'œuvre représentative à tous les niveaux du gouvernement à partir d'un groupe diversifié de candidats potentiels qualifiés.
5. Déterminer et supprimer les obstacles à l'emploi afin de permettre une pleine participation de tous les employés.
6. Entretenir une culture qui encourage les individus à contribuer à leur plein potentiel et à construire une carrière dans une fonction publique manitobaine performante.

L'équité en matière d'emploi est un important aspect des efforts déployés pour la diversité.

⁹ Le taux de roulement est calculé en fonction des employés réguliers seulement.

¹⁰ Les statistiques sur les départs d'employés comprennent tous les employés (réguliers, temporaires, titulaires de postes spéciaux, ministériels, occasionnels et contractuels).

La politique d'équité en matière d'emploi vise quatre groupes désignés pour lesquels des taux de représentation repères ont été fixés :

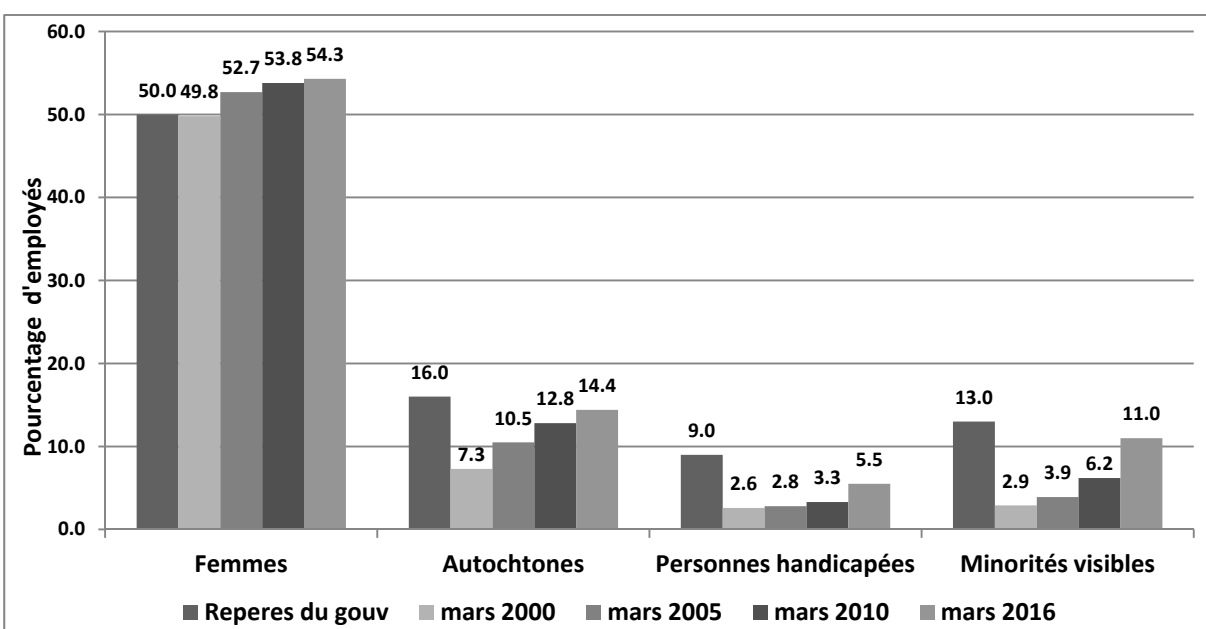

- Femmes
- Les Autochtones – personnes d'ascendance autochtone nord-américaine, y compris les membres des Premières Nations (Indiens inscrits et non inscrits), les Inuits et les Métis;
- Les personnes handicapées – les personnes qui, en raison de limitations fonctionnelles liées à leur déficience, ont fait ou pourront faire l'objet de mesures d'adaptation pour leur emploi ou dans leur lieu de travail; les personnes ayant un handicap de longue durée ou persistant et qui pensent que leur employeur ou qu'un employeur éventuel les considérera comme désavantagées pour exercer un emploi en raison de cette déficience et les personnes qui ont une déficience durable ou récurrente et qui se considèrent comme désavantagées pour exercer un emploi en raison de cette déficience;
- Les minorités visibles – les personnes non autochtones qui, en raison de leur race ou de leur couleur, sont considérées comme faisant partie d'une minorité visible. Les minorités visibles sont par exemple les personnes de race noire (p. ex., les Africains, les Haïtiens, les Jamaïcains et les Somaliens), les Asiatiques du Sud (p. ex., les Indiens, les Pakistanais, les Panjabis et les Sri-Lankais), les Asiatiques du Sud-Est (p. ex., les Cambodgiens, les Indonésiens, les Laotiens et les Vietnamiens), les Arabes et les Asiatiques de l'Ouest (p. ex., les Arméniens, les Égyptiens, les Iraniens, les Libanais et les Marocains), les Chinois, les Philippins, les Sud-Américains, les Japonais et les Coréens.

Les taux de représentation repères ont été révisés en 2015-2016 dans le cadre de la nouvelle Stratégie de diversité et d'inclusion du gouvernement du Manitoba. En vertu de cette stratégie, les taux de représentation repères sont entrés en vigueur le 1^{er} avril 2015 afin de mieux refléter la composition démographique actuelle de la population manitobaine.

The Public Interest Disclosure (Whistleblower Protection) Act

The Public Interest Disclosure (Whistleblower Protection) Act came into effect in April 2007. This law gives employees a clear process for disclosing concerns about significant and serious matters (wrongdoing) in the Manitoba civil service, and strengthens protection from reprisal. The Act builds on protections already in place under other statutes, as well as collective bargaining rights, policies, practices and processes in the Manitoba civil service.

Wrongdoing under the Act may be: contravention of federal or provincial legislation; an act or omission that endangers public safety, public health or the environment; gross mismanagement; or, knowingly directing or counselling a person to commit a wrongdoing. The Act is not intended to deal with routine operational or administrative matters.

A disclosure made by an employee in good faith, in accordance with the Act, and with a reasonable belief that wrongdoing has been or is about to be committed is considered to be a disclosure under the Act, whether or not the subject matter constitutes wrongdoing. All disclosures receive careful and thorough review to determine if action is required under the Act, and must be reported in a department’s annual report in accordance with Section 18 of the Act.

In April 2014, the commission received the report on the review of *The Public Interest Disclosure (Whistleblower Protection) Act* (the Report). The Report noted Manitoba was the first province in Canada to introduce this type of legislation on a stand-alone basis and any assessment of its effectiveness should be considered in the context of the evolution of whistleblower protection laws in Canada and elsewhere since the Act was proclaimed. The Report contained ten recommendations aimed at improving the functioning of the Act.

On June 11, 2015 the Minister responsible for the Civil Service introduced Bill 40 - *The Public Interest Disclosure (Whistleblower Protection) Amendment Act*. The Bill proposed changes to strengthen and clarify provisions of the Act as recommended in the Report. The legislative session ended on June 30, 2015 and the Bill did not proceed beyond First Reading.

The following is a summary of disclosures received by the commission for fiscal year 2015/16:

Less: Recoverable from other appropriations	(813)		(1,680)	867	3
Total Sub-Appropriation	321	42.50	714	(393)	

Explanations:

1. The under-expenditure is attributable to salary cost fluctuations which are due to a number of variables such as: intake start/completion dates; cost recovery arrangements with other departments; early resignation or transfer of program participants to departmental positions; and program completion.
2. Decreased expenditures are due to normal fluctuations in the various programs, as well as the uncertainty of accommodation expenditures, if any, that may be required for employees hired.
3. The under-recovery is due to the fluctuations in salary costs and cost recovery arrangements with other departments.

EMPLOYEE AND FAMILY ASSISTANCE PROGRAM

Overview

The Employee and Family Assistance Program (EFAP) provides counselling and intervention services to Manitoba government employees and their immediate family members who are seeking help with personal or interpersonal problems in their home or work lives. The EFAP also provides this service to 22 other public service organizations under fee for service contracts.

Objectives

Objectives of the EFAP:

- foster and maintain the well-being of employees and their families by providing voluntary and confidential assistance to those who are experiencing problems that impact on their home or work life
- minimize the costs associated with employee absenteeism, illness and poor morale resulting from problems in their home or work life

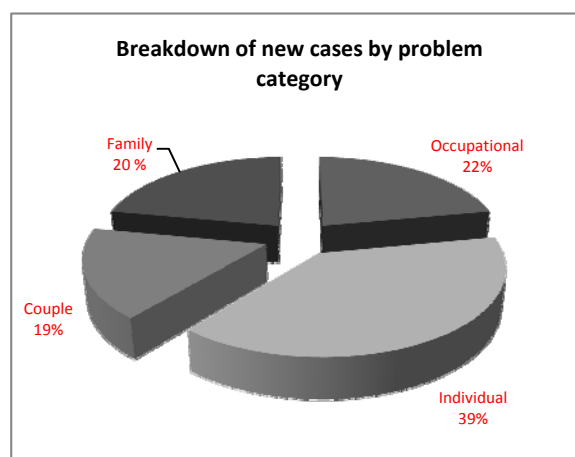

Activities/Results

The services provided by the EFAP are categorized into four broad types:

- Counselling employees and/or their families on a variety of issues including: stress, depression, grief, addictions, marital, family and work problems. Employees are encouraged to access the available counselling services.

In 2015/16, a total of 2,133 cases were dealt with by counsellors, an increase of 98 cases from the year prior.

The chart demonstrates the breakdown of new cases by category.

- Specialized clinical services:

	2015/16	
	Number of new cases	Number of employees involved
Clinical Services		
Conflict resolution and workplace intervention services (consultations, mediation, coaching, and workplace assessments)	6	15
Trauma management (consultations, critical incident debriefing, individual counselling)	18	290
Sexual harassment (consultations, counselling, post-investigation debriefings)	0	0

- Outreach to employees to make them aware of the services available through the EFAP and encourage them to seek EFAP services if needed. In 2015/16:
 - additional emphasis continued to be placed on employee outreach with 19 EFAP information sessions held, attended by 393 employees
 - responded to requests for presentations on various topics with 30 specialized sessions (e.g. sexual harassment, bullying, change transition) and 1,336 employees attended
- Requests from managers for advice which in 2015/16 resulted in 193 consultations.

The vast majority of counsellors' time is spent on counselling employees or their immediate family members. Approximately 88% of services are provided within the Manitoba civil service with the remaining 12% provided under fee for service contracts to public service organizations.

In 2015/16, a total of 4,348 individual employees or their immediate family members received the services of the EFAP.

Explanations:

1. Increased operating expenditures and recoveries in 2015/16 are both primarily related to Policy, Programs and Learning's increased demands for management consulting and eLearning contracts (fully recoverable from other appropriations).
2. Decreased expenditures are attributable to a number of variables including intake start and completion dates; early resignation or transfer of program participants; number of placements; and number of interns hired.

* Sundry revenue is made up of revenue from the Employee and Family Assistance Program services to external clients; as well as miscellaneous revenue.

Explanations:

1. Decreased revenue from the Canada School of Public Service (CSPS) is related to CSPS' movement towards offering a substantial amount of programming on-line, which has reduced the services obtained from Policy, Programs and Learning.

The increase in the leadership capacity within the commission, by measuring participation in a number of major development initiatives.	Leadership is a strategically important variable if resources are fixed and service demand is increasing. Therefore it is a key component in the renewal of the civil service. Level of participation in the major development initiatives is demand-driven and indicative of the level of interest and need for increasing leadership capacity within the commission. Employee engagement which is the subject of an employee survey conducted every two years.	Ongoing civil service renewal is required if we are to attract and maintain the talent government needs to meet the public service expectations of Manitobans. One of the ways to keep employees is to engage them in their work and work environment.	Baseline measurement from the 2007 Employee Survey on employee engagement: 60.0%.	There was no employee engagement survey done in 2014. From the 2015 employee survey engagement score: 58.8%	There was a marginal decrease between 2007 and 2015.	The 2015 Employee Engagement Survey included 21 common questions used for the Employee Engagement Inter-jurisdictional Initiative and 12 additional questions.
Our progress towards achieving the equity and diversity goals of government, by measuring the percentage of employees indicating their department values diversity in the employee survey.	The commission is accountable for the implementation of the government's equity policy and diversity strategy.	From the 2004 employee survey: 65.0% of employees agreed that their department values diversity.	From the 2015 employee survey, 66.2% of employees agreed that their department values diversity. Also in the 2015 survey, 70.4% of employees agreed that they were treated respectfully at work.	Although there was a gradual decrease since 2004, the 2015 score was the highest to date.	The 2015 Employee Engagement Survey included 21 common questions used for the Employee Engagement Inter-jurisdictional Initiative and 12 additional questions.

<p>Provision of consulting and training services that meets the needs of individuals and organizations within the commission, by measuring the number of employees in the commission attending training workshops or in-department development events in the fiscal year delivered by Organization and Staff Development (OSD).</p>	<p>Training services support good human resource practice, encourage a renewed and representative civil service, and promote the best use of employee talent. This is a demand-driven service. Level of attendance at training workshops or in-department development events delivered by OSD is indicative of the level of interest, training and skill development needs of civil service employees.</p>	<p>Data as of March 31, 2006:</p> <p>6,470 participants, including employees within the commission and external participants attended training workshops or in-department development events delivered by OSD.</p> <p>The introduction of online training in 2010 was a strategic decision to enable critical corporate training to reach a broader audience with greater cost effectiveness than could be achieved through workshops alone. There were a total of 169 online course completions in 2010/11.</p>	<p>Data as of March 31, 2016:</p> <p>4,021 employees within the commission attended training workshops or in-department development events delivered by OSD.</p> <p>17,138 online course completions in 2015/16.</p> <p>Since the introduction of online learning there have been a total of 21,379 course completions to date.</p>	<p>Note that 2005/06 baseline numbers include a large corporate training initiative that involved offering over 50 workshops (over 800 employees) on valuing diversity and communicating with Aboriginal persons. The 2005/06 enrolment counts also include external participants. There has been a decline in attendance at training workshops since 2009/10; however, that decline has been significantly offset by the increase in registrations for on-line learning.</p>	<p>The dramatic increase in online course completions can be attributed to the implementation of an eLearning strategy that provides funds for course development, as well as the designation by the commission that certain courses be mandatory for all employees.</p>

Appendix C - Renewal and Diversity Recruitment, Development and Retention Programs

Internship and placement positions funded from sub-appropriation 17-1(d) Internship, Equity and Employee Development:

Management Internship Program (MIP)

This program is designed to proactively recruit individuals who have recently graduated with a public sector focus from an accredited educational institution and give them the knowledge and experience required to successfully compete for professional or management level career opportunities within the civil service. The program provides an extensive orientation to government, classroom training and rotational work assignments through an 18-month internship.

Since the program began in 1996, 107 individuals have participated in the program with 84 obtaining positions within the civil service. Nine participants have started their internships in 2015/16.

Manitoba Diversity Internship Program (MDIP)

This program is designed to proactively recruit individuals who self-declare as a person with a disability, Aboriginal person, or a visible minority. The recruitment focuses on position/occupation specific placements and is designed to assist departments with renewal challenges while helping address difficult to recruit positions and diversity goals.

Following the successful completion of the one-year internship program, interns are eligible for a regular appointment in the role, function and full working salary level for which they interned.

Since the program began in May 2013, 11 individuals have participated in the program with seven transitioning into regular positions within the civil service. In 2015/16, four individuals have been selected to participate in the program.

Career Gateway Program (CGP)

The program was established in May 2013 to recruit and introduce Aboriginal persons, visible minorities or persons with a disability to the systems and processes of government. The program provides eligible candidates with opportunities to develop skills and experience so that they may successfully compete for a career within the civil service or appointed upon satisfactory performance. The program has three streams – Placement, Referral and Special Initiatives.

Under the Placement stream, the commission provides FTEs and/or funding to departments which enables term employment during placements of three (most common) to 24 months. Through the Referral stream, the program refers pre-screened candidates to departments with ongoing competitions or vacant positions for which the individuals either compete, or are directly appointed if there are no other qualified applicants.

To further enhance this program, the Special Initiatives stream was developed to allow employment equity members with multiple barriers gain short term employment with the Manitoba government. Initiatives include the Manitoba Works! program for single mothers who are recent recipients of employment and income assistance, the Tuition Waiver / Youth Internship Program for youth who have been a ward of the foster care system and attend post-secondary education, and the Joint Transition Initiative for past participants of MB4Youth's Career Options for Students with Disabilities.

Since 2013, 187 individuals have participated in this program including 68 from the Placement stream, 53 from the Special Initiatives stream and 66 from the Referral stream. 42 of the 121 individuals who participated in the Placement and Special Initiatives streams had transitioned to positions in the departments. In 2015/16, 32 individuals have been hired through the referral stream and 36 individuals from the two other streams.

Volunteers in Public Service Program (VIPS)

This program provides visible minorities and immigrants with volunteer public service work experience aimed to sharpen their skills and experience in a Canadian workplace, further develop their language skills, and gain references for their future job search. Placements are either full time for six weeks or 15 hours per week over a three month period.

Since the program began in 2003, 91 individuals have participated in the program with 43 individuals obtaining positions within the civil service following their volunteer experience. Two individuals have participated in 2015/16.

Project SEARCH – High School Transition Program for Students with an Intellectual Disability

This initiative was implemented in 2011/12 to provide on-site work experience opportunities for youth with an intellectual disability to best prepare them to achieve the goal of competitive employment. It is a unique, one-year school-to-work transition program that takes place entirely at the workplace during the student's final year of high school studies. Total workplace immersion facilitates a seamless combination of classroom instruction, career exploration, and hands-on training through worksite rotations.

This initiative is delivered through partnership between the Manitoba government and Manitoba Hydro, participating school divisions, and a not-for-profit organization, SCE LifeWorks.

Since 2011/12, the Manitoba government has provided work experience to 43 out of the 47 students enrolled in the program, with 22 students obtaining casual, term or student temporary employment (STEP) positions after their placements. Eight students have been placed in the Manitoba government in 2015/16.

Red River College (RRC) Transforming Futures – College Program for Adults with Intellectual Disabilities

The RRC Transforming Futures Pilot Project was launched in 2014/15 with the first program intake occurring in April 2015.

The initiative is a partnership between Red River College and several employers in the public and private sectors. It provides an opportunity for post-secondary students with intellectual disabilities and desire to pursue Administrative Assistant or Culinary Arts programs with Red River College to learn in an inclusive, supportive environment and to examine career options based on personal skills and interests.

During the first intake, the Manitoba government has provided work experience to eight out of the 22 students enrolled in the program.

Employee Development Programs:

Diversity Employee Development Program (DEDP)

This program was launched in 2013/14, with the first program intake occurring in February 2014. This is a one-year development program for existing regular employees of the government who have demonstrated leadership potential and who self-declared as an Aboriginal person, a visible minority, or a person with a disability.

Since the program began in 2013/14, there have been 40 participants. 14 employees have completed the program and continued their employment with the civil service as at March 31, 2016. 26 employees are currently in the program. While promotion is not a primary objective of the program, two of the participants have successfully competed for promotional opportunities.

Programs Designed to Engage and Encourage Employees:

New Professionals Network (NPN)

This program brings new professionals together to connect, learn and grow as they progress with professional, personal and career development. It is open to all civil servants who self identify as a new professional. Events and activities include an annual conference, workshops, information sessions, networking events and regular communication through newsletter, website and publications.

This program started in 2005 and currently there are 1,141 members from across all government departments and all regions of the province.

Touchstone

The Touchstone Group offers affirmation, encouragement and mentorship to Aboriginal employees in the Manitoba government. Touchstone began in January 2006 and has 208 members from various government departments. The group is formed of more experienced employees as well as newcomers to the Manitoba government, and relies on the abilities of more experienced Aboriginal employees as mentors and role models to support the development of other employees as they progress through their careers in the civil service. Touchstone members meet on a regular basis in Winnipeg and Brandon to hold various learning and networking events.

Visible Minority Network (VM Net)

VM Net connects its members which are primarily visible minorities and immigrants for the purpose of learning, appreciation of its members' cultural diversity and responsible citizenship. There are 173 registered members from across government departments, and 308 on its distribution list. Learning events, summer and holiday potlucks, on-site language translations, citizenship court ceremony receptions, representation in Manitoba career fairs, and informal mentorship to professional immigrants are among VM Net's activities since it was formed in 2006 by participants of the Career Gateway Program for visible minorities.

Civil Servants with Abilities Network (CSWAN)

CSWAN was launched in December 2014 as a new employee resource group that supports employees with a disability. It is a network led by volunteers within the civil service, to support persons with a disability with professional and personal career development and has approximately 80 members. It is also a resource for those in the civil service who support the career development of their colleagues with a disability.

Leadership Development Programs delivered by Organization and Staff Development:

Executive Leadership Development Program (ELDP)

The Executive Leadership Development Program (ELDP), a corporate development program for Director/Executive Director level employees across departments, was designed to prepare participants for the executive role and to ensure capacity at the executive leadership level in the Manitoba government. The focus for the program was informal learning and included facilitated group discussions, case studies, peer mentoring, and an executive leader speaker series offered throughout the program year. Participants also engaged in personal self assessments, completed team project assignments and developed a strong peer network, continuing to meet informally to strengthen their peer network. Participants also learned 'on the job' through coaching and mentoring opportunities with senior executive leaders.

26 Directors/Executive Directors were selected to participate in the one-year pilot offering, which concluded in March 2014.

Certificate in Public Sector Management (CPSM) Program

This 18-month program provides mid-managers and professional staff with an opportunity to build management skills and develop political acumen while acquiring post-secondary credentials and transferable credits toward a university degree. Participants are selected by departments.

Essentials of Supervision Certificate (EOS) Program

This program provides supervisors and those aspiring to be supervisors with the necessary competencies, applied strategies and related policies to effectively supervise staff while acquiring transferable credits toward a university diploma or certificate. Participants attend five two-day modules of skill-based training (or condensed "Boot Camps") offered several times each year through Organization and Staff Development. Participants may apply for the program at any time and require their supervisor's approval to attend. There is no limit on the number of participants.

This program began in 2008/09 with 157 individuals completing the program to date. There are currently 151 participants enrolled in the program.

Participants also have the option to complete individual course modules without enrolling in the whole certificate program. To date, there have been 4,524 individual course completions in the components of the EOS Program.

Certificate in Public Sector Office Administration (CPSOA)

This three-year professional development program is for office administrative staff to enhance knowledge, attitudes and self management skills for personal and professional growth within the public sector while acquiring transferable credits towards a university diploma. The CPSOA emphasizes communication proficiency, internal and external service excellence, organizational skills, creative thinking and problem resolution, all with a focus on working within a government environment.

The CPSOA consists of an orientation for the participant and her/his manager followed by a five-day intensive core week. After completion of the core week, the participant has four days of identified electives to complete the program.

This program began in March 2011. Currently, there are 45 individuals participating in this program while 39 participants have completed the program to date.

Office Professionals Certificate Program (OPCP)

This program provides administrative and support staff with skills and competencies to increase their confidence and contribution to the workplace while acquiring post-secondary credits and transferable credits towards a university diploma. Participants attend ten days of training through workshops offered by Organization and Staff Development, and have five years to complete the workshops. Registrations are no longer being accepted for the OPCP as a new certificate program for office professionals has been introduced: Certificate in Public Sector Office Administration (CPSOA). Those currently enrolled in the OPCP still have five years from the date of their registration to complete the program, or may choose to transfer into the new program. The OPCP will continue to be a recognized certificate program.

Since this program began, 250 participants have completed the program. As this program formally concluded on March 31, 2015, those remaining in the program have been encouraged to complete program requirements and/or transfer to the CPSOA.
