- Allowance for Losses and Expenditures Incurred by Crown Corporations and Other Provincial Entities	6
Part B – Capital Investment	
Internal Service Adjustments	9

Preface/Introduction

Enabling Appropriations

Enabling Appropriations is comprised of a collection of service headings that exist to provide expenditure authority for programs that are delivered by a number of departments or other government units, where it is desirable to know the total amount allocated to the program, or where the allocation is not known at the time of printing of the estimates. These programs are not inter-related.

Funding voted under the enabling appropriations service headings is administered in two ways. Funding is allocated, as required, from enabling appropriations to departments or other government units responsible for program delivery. Approved expenditures are either charged directly to the appropriation in the delivery unit or, in some situations, directly to an enabling appropriation. Authority to make allocations from enabling appropriations to program appropriations is granted to the Minister of Finance under section 33 of The Financial Administration Act.

Other Appropriations

Other Appropriations is made up of a number of service headings that are not specific to any one department. Delivery departments or other government units are granted authority to either charge approved expenditures directly to the appropriation, or to recover expenditures from the appropriation. Therefore, all expenditures are reflected against the service heading. Again, these programs are not inter-related.

A number of these programs have separate reports or are included in the annual reports of departments that manage the service heading. This report includes only those programs that are not reported elsewhere. The following table identifies all of the programs included in Enabling Appropriations and Other Appropriations and in which annual report each program can be found.

Enabling Appropriations

Found In:

Enabling Vote	reports of departments responsible for delivery of the individual agreements
Internal Service Adjustments.....	this report

Other Appropriations

Found In:

Emergency Expenditures report of Manitoba Infrastructure

Allowance for Losses and Expenditures Incurred by
Crown Corporations and Other Provincial Entities this report

Sustainable Development Innovations Fund separate report

Capital Investment

Found In:

Internal Service Adjustments this report

PART A – OPERATING EXPENDITURE

Enabling Appropriations

Internal Service Adjustments

This appropriation provides funding for various internal service adjustments as well as other costs which may result from changes in program delivery or design. This appropriation also provides for any costs related to salary or employee benefit adjustments in government departments where the amount of the increase by department was not known at the time of tabling of the estimates. Normally, expenditure authority is transferred to departments on an as required basis. As a result, actual expenditures are recorded in delivery departments.

In 2017/18, \$23.2 in authority was transferred to various departments, leaving a balance of \$7.8 million in expenditure authority in the appropriation.

26-2 Internal Service Adjustments

Actual 2017/18 \$000s	Estimate 2017/18 \$000s	Variance Over (Under) \$000s	Expl. No.	Actual 2016/17 \$000s	Variance Over (Under) \$000s
-	7,759	(7,759)	1	-	-

1. The variance primarily reflects lower than anticipated requirements for internal service adjustments during the fiscal year in 2017/18.

Other Appropriations

Allowance for Losses and Expenditures Incurred by Crown Corporations and Other Provincial Entities

This appropriation provides funding for losses and expenditures incurred by various Crown corporations, agencies, boards and commissions, and other provincial entities which are not otherwise provided for through a department's estimates of expenditure.

Leaf Rapids Town Properties Ltd. – A provision of \$500 in recognition of the province's exposure on an outstanding loan issued by the Province to the Corporation for ongoing operations.

27-2 Allowance for Losses and Expenditures Incurred by Crown Corporations and Other Provincial Entities

Actual 2017/18 \$000s	Estimate 2017/18 \$000s	Variance Over (Under) \$000s	Expl. No.	Actual 2016/17 \$000s	Variance Over (Under) \$000s
500	500	-		500	-

Five Year Expenditure Summary

2013/14 \$000s	2014/15 \$000s	2015/16 \$000s	2016/17 \$000s	2017/18 \$000s
500	500	500	500	500

PART B – CAPITAL INVESTMENT

Internal Service Adjustments

Similar to Part A – Operating Expenditures, Part B – Capital Investment authority for Internal Service Adjustments may be transferred to departments' capital investment appropriations. This spending authority is used by departments to purchase assets or undertake specific capital projects, on an as required basis. As a result, actual expenditures are recorded in delivery departments.

In 2017/18, no authority was transferred to departments, leaving a balance of \$17.5 million in capital investment authority in this appropriation.

B.26 Capital Assets – Internal Service Adjustments

Actual 2017/18 \$000s	Estimate 2017/18 \$000s	Variance Over (Under) \$000s	Expl. No.	Actual 2016/17 \$000s	Variance Over (Under) \$000s
-	17,450	(17,450)	1	-	-

1. The variance primarily reflects project delays related to general assets and lower than anticipated requirements for expenditure authority to undertake Information and Communication Technology projects.
