

Information Notice

NOTICE RST 15-02
The Retail Sales Tax
Issued December 2015

INFORMATION FOR PAPER RETURN FILERS

In 2016, most of the major financial institutions plan to move to a paperless system and stop accepting paper bill payments at their branches, including retail sales tax and HE levy returns.

Businesses are encouraged to make the switch to TAXcess, the Manitoba government's online tax service that allows you to file, pay and view your Manitoba business tax accounts online wherever and whenever you want. It's simple, secure and available 24 hours a day, seven days a week.

To learn more about how your business can benefit from TAXcess or to sign up, please visit www.manitoba.ca/TAXcess or contact the Taxation Division at the listings below.
